

In the aerospace industry, for example, the European consortium Airbus is both willing and capable of replacing Boeing as the leading supplier of commercial aircraft to China. Similarly, I believe it would be exceedingly more difficult for our government to make progress on curbing the enormous problem of software piracy that robs Microsoft and the many other American software companies of hundreds of millions of dollars each year. Let me assure my colleagues that in the long run, denying NTR status will be much worse for our economic well-being than it will be for China's.

As we vote today to decide the future of our relationship with China, I urge members to support continued engagement with China by opposing the Resolution to disapprove Normal Trade Relations.

The SPEAKER pro tempore (Mr. SHIMKUS). All time for debate has expired.

Pursuant to the order of the House of Thursday, July 22, 1999, the joint resolution is considered as having been read for amendment and the previous question is ordered.

The question is on engrossment and third reading of the joint resolution.

The joint resolution was ordered to be engrossed and read a third time, and was read the third time.

The SPEAKER pro tempore. The question is on the passage of the joint resolution.

The question was taken; and the Speaker pro tempore announced that the yeas appeared to have it.

Mr. ROHRABACHER. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 170, nays 260, answered "present" 1, not voting 3, as follows:

ANSWERED "PRESENT"—1

Slaughter

NOT VOTING—3

McDermott Oberstar Peterson (PA)

□ 1510

Messrs. HOEFFEL, SIMPSON, PETRI, and SHADEGG changed their vote from "yea" to "nay."

Mr. ENGEL, Mr. WISE, and Ms. ROS-LEHTINEN changed their vote from "nay" to "aye."

So the joint resolution was not passed.

The result of the vote was announced as above recorded.

CONFERENCE REPORT ON H.R. 2465, MILITARY CONSTRUCTION APPROPRIATIONS ACT, 2000

Mr. HOBSON submitted the following conference report and statement on the bill (H.R. 2465) making appropriations for military construction, family housing, and base realignment and closure for the Department of Defense for the fiscal year ending September 30, 2000, and for other purposes:

CONFERENCE REPORT (H. REPT. 106-266)

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2465) "making appropriations for military construction, family housing, and base realignment and closure for the Department of Defense for the fiscal year ending September 30, 2000, and for other purposes", having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert:

That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for military construction, family housing, and base realignment and closure functions administered by the Department of Defense, for the fiscal year ending September 30, 2000, and for other purposes, namely:

MILITARY CONSTRUCTION, ARMY

For acquisition, construction, installation, and equipment of temporary or permanent public works, military installations, facilities, and

real property for the Army as currently authorized by law, including personnel in the Army Corps of Engineers and other personal services necessary for the purposes of this appropriation, and for construction and operation of facilities in support of the functions of the Commander in Chief, \$1,042,033,000, to remain available until September 30, 2004: Provided, That of this amount, not to exceed \$91,605,000 shall be available for study, planning, design, architect and engineer services, and host nation support, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor.

MILITARY CONSTRUCTION, NAVY

For acquisition, construction, installation, and equipment of temporary or permanent public works, naval installations, facilities, and real property for the Navy as currently authorized by law, including personnel in the Naval Facilities Engineering Command and other personal services necessary for the purposes of this appropriation, \$901,531,000, to remain available until September 30, 2004: Provided, That of this amount, not to exceed \$72,630,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor.

MILITARY CONSTRUCTION, AIR FORCE

For acquisition, construction, installation, and equipment of temporary or permanent public works, military installations, facilities, and real property for the Air Force as currently authorized by law, \$777,238,000, to remain available until September 30, 2004: Provided, That of this amount, not to exceed \$36,412,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor.

MILITARY CONSTRUCTION, DEFENSE-WIDE (INCLUDING TRANSFER OF FUNDS)

For acquisition, construction, installation, and equipment of temporary or permanent public works, installations, facilities, and real property for activities and agencies of the Department of Defense (other than the military departments), as currently authorized by law, \$593,615,000, to remain available until September 30, 2004: Provided, That such amounts of this appropriation as may be determined by the Secretary of Defense may be transferred to such appropriations of the Department of Defense available for military construction or family housing as he may designate, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: Provided further, That of the amount appropriated, not to exceed \$48,324,000 shall be available for study, planning, design, architect and engineer services, as authorized by law, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Army Na-

tional Guard, and contribution therefor, as authorized by chapter 1803 of title 10, United States Code, and Military Construction Authorization Acts, \$227,456,000, to remain available until September 30, 2004.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Air National Guard, and contributions therefor, as authorized by chapter 1803 of title 10, United States Code, and Military Construction Authorization Acts, \$263,724,000, to remain available until September 30, 2004.

MILITARY CONSTRUCTION, ARMY RESERVE

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Army Reserve as authorized by chapter 1803 of title 10, United States Code, and Military Construction Authorization Acts, \$111,340,000, to remain available until September 30, 2004.

MILITARY CONSTRUCTION, NAVAL RESERVE

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the reserve components of the Navy and Marine Corps as authorized by chapter 1803 of title 10, United States Code, and Military Construction Authorization Acts, \$28,457,000, to remain available until September 30, 2004.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

For construction, acquisition, expansion, rehabilitation, and conversion of facilities for the training and administration of the Air Force Reserve as authorized by chapter 1803 of title 10, United States Code, and Military Construction Authorization Acts, \$64,404,000, to remain available until September 30, 2004.

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

For the United States share of the cost of the North Atlantic Treaty Organization Security Investment Program for the acquisition and construction of military facilities and installations (including international military headquarters) and for related expenses for the collective defense of the North Atlantic Treaty Area as authorized in Military Construction Authorization Acts and section 2806 of title 10, United States Code, \$81,000,000, to remain available until expended.

FAMILY HOUSING, ARMY

For expenses of family housing for the Army for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, \$80,700,000, to remain available until September 30, 2004; for Operation and Maintenance, and for debt payment, \$1,086,312,000; in all \$1,167,012,000.

FAMILY HOUSING, NAVY AND MARINE CORPS

For expenses of family housing for the Navy and Marine Corps for construction, including acquisition, replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, \$341,071,000, to remain available until September 30, 2004; for Operation and Maintenance, and for debt payment, \$891,470,000; in all \$1,232,541,000.

FAMILY HOUSING, AIR FORCE

For expenses of family housing for the Air Force for construction, including acquisition,

replacement, addition, expansion, extension and alteration and for operation and maintenance, including debt payment, leasing, minor construction, principal and interest charges, and insurance premiums, as authorized by law, as follows: for Construction, \$349,456,000, to remain available until September 30, 2004; for Operation and Maintenance, and for debt payment, \$818,392,000; in all \$1,167,848,000.

FAMILY HOUSING, DEFENSE-WIDE

for expenses of family housing for the activities and agencies of the Department of Defense (other than the military departments) for construction, including acquisition, replacement, addition, expansion, extension and alteration, and for operation and maintenance, leasing, and minor construction, as authorized by law, as follows: for Construction, \$50,000, to remain available until September 30, 2004; for Operation and Maintenance, \$41,440,000; in all \$41,490,000.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

For the Department of Defense Family Housing Improvement Fund, \$2,000,000, to remain available until expended, as the sole source of funds for planning, administrative, and oversight costs relating to family housing initiatives undertaken pursuant to 10 U.S.C. 2883, pertaining to alternative means of acquiring and improving military family housing, and supporting facilities.

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART IV

For deposit into the Department of Defense Base Closure Account 1990 established by section 2906(a)(1) of the Department of Defense Authorization Act, 1991 (Public Law 101-510), \$672,311,000, to remain available until expended: Provided, That not more than \$346,403,000 of the funds appropriated herein shall be available solely for environmental restoration, unless the Secretary of Defense determines that additional obligations are necessary for such purposes and notifies the Committees on Appropriations of both Houses of Congress of his determination and the reasons therefor.

GENERAL PROVISIONS

SEC. 101. None of the funds appropriated in Military Construction Appropriations Acts shall be expended for payments under a cost-plus-a-fixed-fee contract for construction, where cost estimates exceed \$25,000, to be performed within the United States, except Alaska, without the specific approval in writing of the Secretary of Defense setting forth the reasons therefor.

SEC. 102. Funds appropriated to the Department of Defense for construction shall be available for hire of passenger motor vehicles.

SEC. 103. Funds appropriated to the Department of Defense for construction may be used for advances to the Federal Highway Administration, Department of Transportation, for the construction of access roads as authorized by section 210 of title 23, United States Code, when projects authorized therein are certified as important to the national defense by the Secretary of Defense.

SEC. 104. None of the funds appropriated in this Act may be used to begin construction of new bases inside the continental United States for which specific appropriations have not been made.

SEC. 105. No part of the funds provided in Military Construction Appropriations Acts shall be used for purchase of land or land easements in excess of 100 percent of the value as determined by the Army Corps of Engineers or the Naval Facilities Engineering Command, except: (1) where there is a determination of value by a Federal court; (2) purchases negotiated by the Attorney General or his designee; (3) where the estimated value is less than \$25,000; or (4) as

otherwise determined by the Secretary of Defense to be in the public interest.

SEC. 106. None of the funds appropriated in Military Construction Appropriations Acts shall be used to: (1) acquire land; (2) provide for site preparation; or (3) install utilities for any family housing, except housing for which funds have been made available in annual Military Construction Appropriations Acts.

SEC. 107. None of the funds appropriated in Military Construction Appropriations Acts for minor construction may be used to transfer or relocate any activity from one base or installation to another, without prior notification to the Committees on Appropriations.

SEC. 108. No part of the funds appropriated in Military Construction Appropriations Acts may be used for the procurement of steel for any construction project or activity for which American steel producers, fabricators, and manufacturers have been denied the opportunity to compete for such steel procurement.

SEC. 109. None of the funds available to the Department of Defense for military construction or family housing during the current fiscal year may be used to pay real property taxes in any foreign nation.

SEC. 110. None of the funds appropriated in Military Construction Appropriations Acts may be used to initiate a new installation overseas without prior notification to the Committees on Appropriations.

SEC. 111. None of the funds appropriated in Military Construction Appropriations Acts may be obligated for architect and engineer contracts estimated by the Government to exceed \$500,000 for projects to be accomplished in Japan, in any NATO member country, or in countries bordering the Arabian Gulf, unless such contracts are awarded to United States firms or United States firms in joint venture with host nation firms.

SEC. 112. None of the funds appropriated in Military Construction Appropriations Acts for military construction in the United States territories and possessions in the Pacific and on Kwajalein Atoll, or in countries bordering the Arabian Gulf, may be used to award any contract estimated by the Government to exceed \$1,000,000 to a foreign contractor: Provided, That this section shall not be applicable to contract awards for which the lowest responsive and responsible bid of a United States contractor exceeds the lowest responsible bid of a foreign contractor by greater than 20 percent: Provided further, That this section shall not apply to contract awards for military construction on Kwajalein Atoll for which the lowest responsive and responsible bid is submitted by a Marshallese contractor.

SEC. 113. The Secretary of Defense is to inform the appropriate committees of Congress, including the Committees on Appropriations, of the plans and scope of any proposed military exercise involving United States personnel 30 days prior to its occurring, if amounts expended for construction, either temporary or permanent, are anticipated to exceed \$100,000.

SEC. 114. Not more than 20 percent of the appropriations in Military Construction Appropriations Acts which are limited for obligation during the current fiscal year shall be obligated during the last 2 months of the fiscal year.

(TRANSFER OF FUNDS)

SEC. 115. Funds appropriated to the Department of Defense for construction in prior years shall be available for construction authorized for each such military department by the authorizations enacted into law during the current session of Congress.

SEC. 116. For military construction or family housing projects that are being completed with funds otherwise expired or lapsed for obligation, expired or lapsed funds may be used to pay the

cost of associated supervision, inspection, overhead, engineering and design on those projects and on subsequent claims, if any.

SEC. 117. Notwithstanding any other provision of law, any funds appropriated to a military department or defense agency for the construction of military projects may be obligated for a military construction project or contract, or for any portion of such a project or contract, at any time before the end of the fourth fiscal year after the fiscal year for which funds for such project were appropriated if the funds obligated for such project: (1) are obligated from funds available for military construction projects; and (2) do not exceed the amount appropriated for such project, plus any amount by which the cost of such project is increased pursuant to law.

(TRANSFER OF FUNDS)

SEC. 118. During the 5-year period after appropriations available to the Department of Defense for military construction and family housing operation and maintenance and construction have expired for obligation, upon a determination that such appropriations will not be necessary for the liquidation of obligations or for making authorized adjustments to such appropriations for obligations incurred during the period of availability of such appropriations, unobligated balances of such appropriations may be transferred into the appropriation "Foreign Currency Fluctuations, Construction, Defense" to be merged with and to be available for the same time period and for the same purposes as the appropriation to which transferred.

SEC. 119. The Secretary of Defense is to provide the Committees on Appropriations of the Senate and the House of Representatives with an annual report by February 15, containing details of the specific actions proposed to be taken by the Department of Defense during the current fiscal year to encourage other member nations of the North Atlantic Treaty Organization, Japan, Korea, and United States allies bordering the Arabian Gulf to assume a greater share of the common defense burden of such nations and the United States.

(TRANSFER OF FUNDS)

SEC. 120. During the current fiscal year, in addition to any other transfer authority available to the Department of Defense, proceeds deposited to the Department of Defense Base Closure Account established by section 207(a)(1) of the Defense Authorization Amendments and Base Closure and Realignment Act (Public Law 100-526) pursuant to section 207(a)(2)(C) of such Act, may be transferred to the account established by section 2906(a)(1) of the Department of Defense Authorization Act, 1991, to be merged with, and to be available for the same purposes and the same time period as that account.

SEC. 121. No funds appropriated pursuant to this Act may be expended by an entity unless the entity agrees that in expending the assistance the entity will comply with sections 2 through 4 of the Act of March 3, 1933 (41 U.S.C. 10a-10c, popularly known as the "Buy American Act").

SEC. 122. (a) In the case of any equipment or products that may be authorized to be purchased with financial assistance provided under this Act, it is the sense of the Congress that entities receiving such assistance should, in expending the assistance, purchase only American-made equipment and products.

(b) In providing financial assistance under this Act, the Secretary of the Treasury shall provide to each recipient of the assistance a notice describing the statement made in subsection (a) by the Congress.

(TRANSFER OF FUNDS)

SEC. 123. Subject to 30 days prior notification to the Committees on Appropriations, such additional amounts as may be determined by the Secretary of Defense may be transferred to the

Department of Defense Family Housing Improvement Fund from amounts appropriated for construction in "Family Housing" accounts, to be merged with and to be available for the same purposes and for the same period of time as amounts appropriated directly to the Fund: Provided, That appropriations made available to the Fund shall be available to cover the costs, as defined in section 502(5) of the Congressional Budget Act of 1974, of direct loans or loan guarantees issued by the Department of Defense pursuant to the provisions of subchapter IV of chapter 169, title 10, United States Code, pertaining to alternative means of acquiring and improving military family housing and supporting facilities.

SEC. 124. None of the funds appropriated or made available by this Act may be obligated for Partnership for Peace Programs in the New Independent States of the former Soviet Union.

SEC. 125. (a) Not later than 60 days before issuing any solicitation for a contract with the private sector for military family housing the Secretary of the military department concerned shall submit to the congressional defense committees the notice described in subsection (b).

(b)(1) A notice referred to in subsection (a) is a notice of any guarantee (including the making of mortgage or rental payments) proposed to be made by the Secretary to the private party under the contract involved in the event of—

(A) the closure or realignment of the installation for which housing is provided under the contract;

(B) a reduction in force of units stationed at such installation; or

(C) the extended deployment overseas of units stationed at such installation.

(2) Each notice under this subsection shall specify the nature of the guarantee involved and assess the extent and likelihood, if any, of the liability of the Federal Government with respect to the guarantee.

(c) In this section, the term "congressional defense committees" means the following:

(1) The Committee on Armed Services and the Military Construction Subcommittee, Committee on Appropriations of the Senate.

(2) The Committee on Armed Services and the Military Construction Subcommittee, Committee on Appropriations of the House of Representatives.

(TRANSFER OF FUNDS)

SEC. 126. During the current fiscal year, in addition to any other transfer authority available to the Department of Defense, amounts may be transferred from the account established by section 2906(a)(1) of the Department of Defense Authorization Act, 1991, to the fund established by section 1013(d) of the Demonstration Cities and Metropolitan Development Act of 1966 (42 U.S.C. 3374) to pay for expenses associated with the Homeowners Assistance Program. Any amounts transferred shall be merged with and be available for the same purposes and for the same time period as the fund to which transferred.

SEC. 127. Not later than April 30, 2000, the Secretary of Defense shall submit to the congressional defense committees a report examining the adequacy of special education facilities and services available to the dependent children of uniformed personnel stationed in the United States. The report shall identify the following:

(1) The schools on military installations in the United States that are operated by the Department of Defense, other entities of the Federal government, or local school districts.

(2) School districts in the United States that have experienced an increase in enrollment of 20 percent or more in the last five years resulting from base realignments or consolidations.

(3) The impact of increased special education requirements on student populations, student-

teacher ratios, and financial requirements in school districts supporting installations designated by the military departments as compassionate assignment posts.

(4) The adequacy of special education services and facilities for dependent children of uniformed personnel within the United States, particularly at compassionate assignment posts.

(5) Corrective measures that are needed to adequately support the special education needs of military families, including such improvements as the renovation of existing schools or the construction of new schools.

(6) An estimate of the cost of needed improvements, and a recommended source of funding within the Department of Defense.

SEC. 128. Notwithstanding this or any other provision of law, funds appropriated in Military Construction Appropriations Acts for operations and maintenance of family housing shall be the exclusive source of funds for repair and maintenance of all family housing units, including flag and general officer quarters; Provided, That not more than \$25,000 per unit may be spent annually for the maintenance and repair of any general or flag officer quarters without thirty days advance prior notification of the appropriate committees of Congress; Provided further, That beginning January 15, 2000 the Under Secretary of Defense (Comptroller) is to report annually to the Committees on Appropriations all operations and maintenance expenditures for each individual flag and general officer quarters for the prior fiscal year.

SEC. 129. The first proviso under the heading "MILITARY CONSTRUCTION TRANSFER FUND" in chapter 6 of title II of the 1999 Emergency Supplemental Appropriations Act (Public Law 106-31) is amended by inserting "and to the North Atlantic Treaty Organization Security Investment Program as provided in section 2806 of title 10, United States Code" after "to military construction accounts": Provided, That funds transferred to the North Atlantic Treaty Organization Security Investment Program from the Military Construction Transfer Fund pursuant to such authority shall be available for all purposes of the Security Investment Program and shall remain available until expended.

SEC. 130. The Army, Navy, Marine Corps, and Air Force are directed to submit to the appropriate committees of the Congress by July 1, 2000, a Family Housing Master Plan demonstrating how they plan to meet the year 2010 housing goals with traditional construction, operation and maintenance support, as well as privatization initiative proposals. Each plan shall include projected life cycle costs for family housing construction, basic allowance for housing, operation and maintenance, other associated costs, and a time line for housing completions each year.

SEC. 131. Notwithstanding any other provision of law, no funds appropriated or otherwise made available by this Act or any other Act may be obligated or expended for any purpose relating to the construction at Bluegrass Army Depot, Kentucky, of any facility employing a specific technology for the demilitarization of assembled chemical munitions until the date on which the Secretary of Defense certifies to the Committees on Appropriations that the Department of Defense will complete a demonstration of the six alternatives to baseline incineration for the destruction of chemical agents and munitions as identified by the Program Evaluation Team of the Assembled Chemical Weapons Assessment program.

This Act may be cited as the "Military Construction Appropriations Act, 2000".

And the Senate agree to the same.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 2465) making appropriations for the Department of Defense for the fiscal year ending September 30, 2000, and for other purposes, submit the following joint statement to the House of Representatives and the Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

The Senate deleted the entire House bill after the enacting clause and inserted the text of Senate bill (S. 1205). The conference agreement includes a revised bill.

ITEMS OF GENERAL INTEREST

Matters Addressed by Only One Committee.—The language and allocations set forth in House Report 106-221 and Senate Report 106-74 should be complied with unless specifically addressed to the contrary in the conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference, and Senate report language which is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases in which the House or the Senate has directed the submission of a report from the Department of Defense, such report is to be submitted to both House and Senate Committees on Appropriations.

Financial Management.—The conferees agree that the amount requested for construction contingencies, 5 percent for new construction and 10 percent for alterations or additions, is excessive. Therefore, the conferees have included general reductions which reduce the funding available for contingency within the Department. The conferees direct that no project for which funds were previously appropriated, or for which funds are appropriated in this bill, may be canceled as a result of the reductions included in the conference agreement.

The conference agreement includes reductions totaling \$25,900,000 which result from re-estimation of inflation undertaken by the Office of Management and Budget as part of the mid-session review of the budget request. The conferees direct the Department to distribute these reductions proportionally against each project and activity in each account, as follows:

Reductions Resulting From Economic Assumptions In OMB's Mid-Session Review of the Budget Request

Account	Amount
Military Construction, Army	\$3,700,000
Military Construction, Navy	3,000,000
Military Construction, Air Force	2,300,000
Military Construction, Defense-wide	2,300,000
Family Housing Operations, Army	3,500,000
Family Housing Construction, Navy	1,000,000
Family Housing Operations, Navy	3,600,000
Family Housing Construction, Air Force	1,000,000
Family Housing Operations, Air Force	3,500,000
Base Realignment and Closure, Part IV	2,000,000
	<hr/>
	\$25,900,000

European Construction.—The conference agreement does not provide funding for European military construction projects. The conferees direct the Department to use funds that were appropriated in the Fiscal Year 1999 Emergency Supplemental Appropriations Act (Public Law 106-31) to provide full funding for these projects.

Service Academy Military Construction Master Plan.—The conferees direct the Under Secretary of Defense (Comptroller) and the Under Secretary of Defense (Acquisition and Technology) to conduct a joint review of the Service Academies' military construction, family housing, and operations and maintenance requirements in this or any other Act. This review is to be completed in conjunction with the services and result in the development of a Service Academy Master Plan. Accordingly, the conferees direct the Secretary of Defense to submit the plan to the congressional defense committees no later than March 1, 2000. Any future requirements at an Academy must be included in the Master Plan. Furthermore, after the Service Academy Master Plan is submitted, any emergent requirements not included in the plan will require notification of the congressional defense committees.

MILITARY CONSTRUCTION, ARMY

The conference agreement appropriates \$1,042,033,000 for Military Construction, Army, instead of \$1,223,405,000 as proposed by the House, and \$1,067,422,000 as proposed by the Senate. Within this amount, the conference agreement earmarks \$91,605,000 for study, planning, design, architect and engineer services, and host nation support instead of \$87,215,000 as proposed by the House and \$86,414,000 as proposed by the Senate.

California—Presidio of Monterey: Video Teletraining Facility.—The conferees direct that this project is to be accomplished within additional funds provided for unspecified minor construction.

New York—U.S. Military Academy: Cadet Physical Development Center, Phase II.—The conference agreement provides \$14,000,000 for the construction of this project, instead of no funding as proposed by the House, and \$28,500,000 as proposed by the Senate. The conferees agree the total cost of this project estimated at \$85,000,000 is excessive, and are aware this cost estimate includes \$17,000,000 for seismic upgrade. According to United States Geological Survey, National Earthquake Information Center documents, the

Military Academy is located in a low-risk seismic area. Additionally, in a Report of Seismic Study on the project, a consultant made the following comment, "Seismic upgrading, subject to review with governing Corps of Engineers and U.S. Military Academy authorities, is not recommended, is not considered cost-effective, and is not practically feasible." As a result of these understandings, the conferees agree to cap the total cost of this project at \$63,000,000. The Under Secretary of Defense (Comptroller) is directed to report to the appropriate committees of Congress no later than January 15, 2000 on the revised cost estimate for this project, including project-level information presented in Form 1391 detail.

Pennsylvania—Carlisle: Military History Institute.—The conferees are aware of the Army's plan to rebuild the Military History Institute in Carlisle, Pennsylvania. Of the \$70,305,000 provided for planning and design within the "Military Construction, Army" account, the conferees direct that \$500,000 be made available for the design of this facility.

MILITARY CONSTRUCTION, NAVY

The conference agreement appropriates \$901,531,000 for Military Construction, Navy, instead of \$968,862,000 as proposed by the House, and \$884,883,000 as proposed by the Senate. Within this amount, the conference agreement earmarks \$72,630,000 for study, planning, design, architect and engineer services instead of \$65,010,000 as proposed by the House and \$66,581,000 as proposed by the Senate.

Virginia—Quantico Marine Corps Base: Infrastructure Development.—Mission growth at Quantico over the past decade has put an enormous amount of stress on the basic infrastructure there. In fact, past efforts to program the construction of new facilities at the installation have failed due to the lack of basic infrastructure. The conferees are aware of plans to provide utilities and road structures at Quantico to correct current facility deficiencies. The project will also open approximately 500–800 acres for future development. The conferees agree this project is needed for continued growth and development of the base. Therefore, the Navy is directed to accelerate the design of this project and include the required funding in its fiscal year 2001 budget request.

MILITARY CONSTRUCTION, AIR FORCE

The conference agreement appropriates \$777,238,000 for Military Construction, Air Force, instead of \$752,367,000 as proposed by the House, and \$783,710,000 as proposed by the Senate. Within this amount, the conference agreement earmarks \$36,412,000 for study, planning, design, architect and engineer services instead of \$32,104,000 as proposed by the House and \$32,764,000 as proposed by the Senate.

Kansas—McConnell Air Force Base: Base Civil Engineer Complex.—The conferees direct the Air Force to accelerate the design of this project, and to include the required funding in its fiscal year 2001 budget request.

MILITARY CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$593,615,000 for Military Construction, Defense-wide, instead of \$755,718,000 as proposed by the House, and \$770,690,000 as proposed by the Senate. Within this amount, the conference agreement earmarks \$48,324,000 for study, planning, design, architect and engineer services instead of \$33,324,000 as proposed by the House and \$38,664,000 as proposed by the Senate.

Chemical Demilitarization Program.—The conference agreement provides \$267,100,000

for the chemical demilitarization program to fully fund all requested projects for fiscal year 2000. However, the conferees are concerned over the extremely slow obligation and expenditure rates for the program due to pending decisions on alternative technologies, delays in obtaining the required environmental and construction permits, and possible delays in equipment delivery. Therefore, based on unobligated prior year funds, the conferees include a general reduction of \$93,000,000 against the entire program. This reduction includes \$15,000,000 from the program's planning and design account.

Forward Operating Locations.—The fiscal year 2000 budget request included \$42,800,000 for the construction of three Forward Operating Locations (FOLs) using funds from the "Drug Interdiction and Counter-Drug Activities, Defense" appropriation. Due to the presentation of the budget request, the conferees intend this matter be dealt with in the Defense Appropriations Bill. The conferees direct that future needs for the construction of FOLs be requested under the "Military Construction, Defense-wide" account. Furthermore, in future budget submissions, the conferees expect project-level information for FOL construction projects to be presented in Form 1391 detail. The conferees further expect the Department to accomplish any required planning and design for these projects by realigning Defense-wide planning and design.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The conference agreement appropriates \$227,456,000 for Military Construction, Army National Guard, instead of \$135,129,000 as proposed by the House, and \$226,734,000 as proposed by the Senate.

Florida—St. Petersburg/Tampa Area: Readiness Center.—Of the additional funding provided for planning and design, the conferees direct that not less than \$3,500,000 be made available for the design of this project.

Maryland—Aberdeen Proving Ground (Weide Army Airfield): UH-60 Tie Down Pads.—The conferees direct that this project is to be accomplished within additional funds provided for unspecified minor construction.

Minnesota—Mankato: Training and Community Center.—The current facility used by the 2nd Battalion 135th Infantry Mechanized was originally built in 1914. The facility has deteriorated extensively and is substandard with respect to Minnesota State Building Codes, the Life Safety Code, Occupational Safety and Health Administration (OSHA) regulations, and requirements identified by the Americans with Disabilities Act (ADA). Therefore, the conferees direct the Army National Guard to accelerate the design of this project, and to include the required funding in its fiscal year 2001 budget request.

Oregon—Baker City: Readiness Center.—The conferees direct the Army National Guard to accelerate the design and to include this project in its fiscal year 2001 budget request.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The conference agreement appropriates \$263,724,000 for Military Construction, Air National Guard, instead of \$180,870,000 as proposed by the House, and \$238,545,000 as proposed by the Senate.

Rhode Island—Quonset: Maintenance Hangar.—Of the \$7,275,000 provided for planning and design within the "Air National Guard" account, the conferees direct that not less than \$1,500,000 be made available to accelerate and complete the design and any necessary site preparation work for a new hangar to maintain the C-130J-30 stretch aircraft

assigned to the Rhode Island National Guard. Although the conferees were unable to fund this, and other, meritorious projects due to severe financial constraints, the conferees recognize the urgency of this project. Therefore, the conferees have deferred the project without prejudice and direct the Administration to incorporate the necessary \$16,500,000 for its construction into the President's fiscal year 2001 budget.

MILITARY CONSTRUCTION, ARMY RESERVE

The conference agreement appropriates \$111,340,000 for Military Construction, Army Reserve, instead of \$92,515,000 as proposed by the House, and \$105,817,000 as proposed by the Senate.

MILITARY CONSTRUCTION, NAVAL RESERVE

The conference agreement appropriates \$28,457,000 for Military Construction, Naval Reserve, instead of \$21,574,000 as proposed by the House, and \$31,475,000 as proposed by the Senate.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

The conference agreement appropriates \$64,404,000 for Military Construction, Air Force Reserve, instead of \$66,549,000 as proposed by the House, and \$35,864,000 as proposed by the Senate.

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

The conference agreement appropriates \$81,000,000 for the North Atlantic Treaty Organization Security Investment Program (NSIP) as proposed by the House, instead of \$100,000,000 as proposed by the Senate.

The conferees note that the actual requirement for the NATO Security Investment Program has been reduced to \$172,000,000 since the submission of the budget request. The conferees expect the Department to use funds that were appropriated in the Fiscal Year 1999 Emergency Supplemental Appropriations Act (Public Law 106-31) to provide adequate funding for this account.

North Atlantic Treaty Organization Security Investment Program Funds.—The conferees agree to a provision, Section 124, which prohibits the use of NSIP funds for any aspect of the Partnership for Peace Program in the New Independent States of the former Soviet Union.

The conferees continue the requirement that no funds will be used for projects (including planning and design) related to the enlargement of NATO and the Partnership for Peace, unless Congress is notified 21 days in advance of the obligation of funds. In addition, the conferees' intent is that Section 110 of the General Provisions shall apply to this program.

The Department of Defense is directed to identify separately the level of effort anticipated for NATO enlargement and for Partnership for Peace for that fiscal year in future budget justifications.

FAMILY HOUSING—OVERVIEW

General and Flag Officer Quarters.—The conferees were dismayed to learn the Air Force, in addition to the Navy, has in recent years supplemented family housing funds with regular operations and maintenance funds on general and flag officer quarters. Therefore, the conferees have no recourse but to include a general provision (Section 128) which statutorily prohibits the mixing of operations and maintenance and family housing funds on all family housing units, including general officer quarters.

The conferees will continue the existing notification requirement to the appropriate committees of Congress when maintenance and repair costs will exceed \$25,000, instead

of \$15,000 as proposed by the House, for a unit not requested in the budget justification. However, beginning January 15, 2000, the Under Secretary of Defense (Comptroller) is to report on an annual basis all operations and maintenance expenditures for each individual flag and general officer quarters. In addition, the conferees direct the Inspector General of the Department to investigate the circumstances surrounding the expenditures of regular operations and maintenance funds on general and flag officer quarters by all military services. The Inspector General should determine if there were any violations of appropriations law and address corrective actions taken by the Department to preclude future occurrence of these violations.

FAMILY HOUSING, ARMY

The conference agreement appropriates \$80,700,000 for Construction, Family Housing, Army, instead of \$89,200,000 as proposed by the House and \$60,900,000 as proposed by the Senate.

The conferees direct that the following project is to be accomplished within the increased amount provided for construction improvements:

Kentucky—Fort Campbell (26 units) \$2,800,000

The conference agreement appropriates \$1,086,312,000 for Operation and Maintenance, Family Housing, Army, instead of \$1,089,812,000 as proposed by the House and \$1,098,080,000 as proposed by the Senate.

The conference agreement appropriates a total of \$1,167,012,000 for Family Housing, Army, instead of \$1,179,012,000 as proposed by the House and \$1,158,980,000 as proposed by the Senate.

FAMILY HOUSING, NAVY AND MARINE CORPS

The conference agreement appropriates \$341,071,000 for Construction, Family Housing, Navy and Marine Corps, instead of \$312,559,000 as proposed by the House and \$298,354,000 as proposed by the Senate.

The conferees direct that the following projects are to be accomplished within the increased amount provided for construction improvements:

California—Twentynine Palms MCAGCC (692 units) \$5,100,000
 Illinois—Great Lakes NTC (127 units) 14,400,000
 North Carolina—Camp Lejeune MCB (91 units) 9,100,000
 North Carolina—Cherry Point MCAS (138 units) 2,700,000
 Pennsylvania—Philadelphia NICP (2 units) 200,000
 South Carolina—Parris Island MCRD (48 units) 4,932,000

The conference agreement appropriates \$891,470,000 for Operation and Maintenance, Family Housing, Navy and Marine Corps, instead of \$895,070,000 as proposed by the House and Senate.

The conference agreement appropriates a total of \$1,232,541,000 for Family Housing, Navy and Marine Corps, instead of \$1,207,629,000 as proposed by the House and \$1,193,424,000 as proposed by the Senate.

FAMILY HOUSING, AIR FORCE

The conference agreement appropriates \$349,456,000 for Construction, Family Housing, Air Force, instead of \$344,996,000 as proposed by the House and \$335,034,000 as proposed by the Senate.

The conferees direct that the following project is to be accomplished within the increased amount provided for construction improvements:

South Carolina—Charleston AFB (50 units) \$5,500,000

The conference agreement appropriates \$818,392,000 for Operation and Maintenance, Family Housing, Air Force, instead of \$821,892,000 as proposed by the House and Senate.

Illinois—Scott Air Force Base: Asbestos Removal.—The conferees understand the Air Force has an immediate asbestos problem with a housing complex at Scott AFB in Illinois. The Air Force plans to utilize part of this complex for other purposes, but cannot do so without first completing the removal of the asbestos material. The conferees urge the Air Force to use funds available within the “Family Housing, Air Force Operation and Maintenance” account in this Act to perform the required asbestos removal at Scott AFB.

The conference agreement appropriates a total of \$1,167,848,000 for Family Housing, Air Force, instead of \$1,166,888,000 as proposed by the House and \$1,156,926,000 as proposed by the Senate.

FAMILY HOUSING, DEFENSE-WIDE

The conference agreement appropriates \$50,000 for Construction, Family Housing, Defense-wide, as proposed by the House and Senate.

The conference agreement appropriates \$41,440,000 for Operation and Maintenance, Family Housing, Defense-wide, as proposed by the House and Senate.

The conference agreement appropriates a total of \$41,490,000 for Family Housing, Defense-wide, as proposed by the House and Senate.

FAMILY HOUSING REVITALIZATION TRANSFER FUND

The conference agreement appropriates no funds for the Family Housing Revitalization Transfer Fund, as proposed by the House, instead of \$25,000,000 as proposed by the Senate.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The conference agreement appropriates \$2,000,000 for the Department of Defense Family Housing Improvement Fund as proposed by the House instead of \$25,000,000 as proposed by the Senate. The reduction from the level proposed by the Senate reflects full funding of construction projects and construction improvement projects in the traditional family housing accounts, rather than in the Family Housing Improvement Fund. Transfer authority is provided for the execution of any qualifying project under privatization authority which resides in the Fund.

HOMEOWNERS ASSISTANCE FUND, DEFENSE

The conference agreement appropriates no funds for the Homeowners Assistance Fund, Defense.

The total estimated requirements for the fund for fiscal year 2000 are estimated at \$62,687,000 and will be funded with transfers from the Base Realignment and Closure account and revenue from the sales of acquired property.

BASE REALIGNMENT AND CLOSURE—OVERVIEW

Construction Projects: Administrative Provision.—The conferees agree that any transfer of funds which exceeds reprogramming thresholds for any construction project financed by any Base Realignment and Closure Account shall be subject to a 21-day notification to the Committees, and shall not be subject to reprogramming procedure.

Construction Budget Data.—The conferees are concerned about the accuracy and reliability of the base realignment and closure

(BRAC) construction budget data provided annually to the Congress. The Office of the Department of Defense Inspector General and the General Accounting Office recently found that the Services submitted BRAC military construction data in the fiscal years 1997 through 1999 military construction budgets based on overstated requirements and unsupported specifications and costs. They also found that the major commands of the Services did not effectively implement management control procedures established for the BRAC military construction planning, programming and budgeting process. This has resulted in overstated and invalid BRAC requirements and lack of supporting documentation. The conferees direct the Department to take the necessary corrective action to ensure that these deficiencies are corrected in the fiscal year 2001 budget submission.

Future Costs of Environmental Restoration.—The conferees direct the Department of Defense to submit a legislative proposal for the establishment of a Treasury account entitled “Base Realignment and Closure Environmental Restoration”, rather than budgeting for future costs in the Operation and Maintenance accounts. The conferees direct that future costs for environmental restoration and operations and maintenance related to the four rounds of base closure conducted from 1988 through 1995 shall be programmed and budgeted in this new account.

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART IV

The conference agreement appropriates \$672,311,000 for the Base Realignment and Closure Account, Part IV, instead of \$705,911,000 as proposed by the House and Senate. Within the amount appropriated, the conference agreement earmarks \$346,403,000 for environmental restoration, instead of \$360,073,000 as proposed by the House and \$426,036,000 as proposed by the Senate.

Revised Economic Assumptions.—As described earlier in this report, the conferees recommend a reduction of \$2,000,000 from the budget request based on reestimation of inflation.

Unreported Proceeds.—The Services have collected \$11,800,000 more in proceeds from land sales and leases at closing or realigning bases than reported in the fiscal year 2000 budget request. Statutes and Department of Defense guidance state that proceeds from the transfer, lease, or disposal of property due to the Base Realignment and Closure process shall be deposited into the Base Closure Accounts. The conferees understand that, because such proceeds were collected after the development of the budget, the Army did not report \$8,000,000 worth of proceeds, and the Navy did not report \$3,800,000. The conferees direct the Services to deposit these proceeds into the Base Realignment and Closure Account, and have reduced the Base Realignment and Closure Account, Part IV fiscal year 2000 appropriation by \$11,800,000 to reflect this action.

Funds Previously Withheld.—The conferees recommend a reduction of \$13,800,000 to the Base Realignment and Closure Account, Part IV. This reduction is based on funds that were previously withheld from obligation based on an inflation rate that was lower than expected. At the time the fiscal year 2000 budget was submitted to Congress, these funds were withheld from obligation, but have subsequently been made available.

Previously Funded Military Construction.—Based on funds that were requested for three military construction projects that have already been funded or canceled, the conferees

recommend an additional reduction of \$6,000,000 to the Base Realignment and Closure Account, Part IV. The Army requested \$3,300,000 for an expanded dining facility at Fort Leonard Wood in Missouri that was accelerated and funded with fiscal year 1999 funds. The Army also requested \$1,100,000 for a sanitary sewer line at Fort Dix in New Jersey. The Army now plans to continue using the existing utility plant. Therefore, the \$1,100,000 included in the fiscal year 2000 budget request is no longer needed. The Navy included \$1,600,000 in its budget request for building renovations at the Norfolk Naval Base in Virginia. However, in fiscal year 1999, nearly \$4,000,000 was appropriated for the same project. Later, the cost of the project was reduced to \$1,600,000. Therefore, the conferees believe there is sufficient funding available for this project without new appropriations for fiscal year 2000.

Texas—Reese Air Force Base: Building Demolition.—In an effort to replace over 3,000 jobs lost due to the closure of Reese AFB, the Lubbock Reese Redevelopment Authority (LRRRA) is partnering with local universities to develop a technology led research project. The LRRRA plans to leverage research, technology transfer and academic endeavors to attract businesses to relocate at Reese AFB. To attract such companies to Reese AFB, the LRRRA has identified over 40 facilities to be demolished. The conferees direct the Air Force to support the LRRRA's plans for demolition at the installation. The Secretary of the Air Force is directed to report to the appropriate committees of Congress no later than January 15, 2000 on the plans for building demolition at the installation, including the funding and estimated dates for completion of such activities.

GENERAL PROVISIONS

The conference agreement includes general provisions that were not amended by either the House or Senate in their versions of the bill.

The conference agreement includes a provision, Section 121, as proposed by the House, which prohibits the expenditure of funds except in compliance with the Buy American Act. The Senate bill contained no similar provision.

The conference agreement includes a provision, Section 122, as proposed by the House, which states the Sense of the Congress that recipients of equipment or products authorized to be purchased with financial assistance provided in this Act are to be notified that they must purchase American-made equipment and products. The Senate bill contained no similar provision.

The conference agreement includes a provision, Section 123, as proposed by the House, permitting the transfer of funds from Family Housing, Construction accounts to the DOD Family Housing Improvement Fund. The Senate bill contained no similar provision.

The conference agreement includes a provision renumbered Section 124, as proposed by the Senate amended to prohibit the use of funds in this Act to be obligated for Partnership for Peace programs in the New Independent States of the former Soviet Union. The House bill contained no similar provision.

The conference agreement includes a provision renumbered Section 125, as proposed by the House and the Senate, which requires the Secretary of Defense to notify Congressional Committees sixty days prior to issuing a solicitation for a contract with the private sector for military family housing.

The conference agreement includes a provision renumbered Section 126, as proposed by the House and the Senate, which provides transfer authority to the Homeowners Assistance Program.

The conference agreement includes a provision renumbered Section 127, as proposed by the Senate, which requires the Secretary of Defense to report on the adequacy of special education facilities for Department of Defense family members. The House bill contained no similar provision.

The conference agreement includes a provision renumbered Section 128, as proposed by the House, amended to require that all Military Construction Appropriation Acts be the sole funding source of all operation and maintenance for family housing, including flag and general officer quarters, and limits the repair on flag and general officer quarters to \$25,000 per year without prior notification to the committees of Congress. And an annual report is required on all oper-

ations and maintenance expenditures for each individual quarters. The Senate bill contained a similar provision.

The conference agreement includes a provision renumbered Section 129, as proposed by the House and Senate, amended to amend the 1999 Emergency Supplemental Appropriations Act to allow the Department of Defense to transfer military construction funding to the North Atlantic Treaty Organization Security Investment Program, and to allow any funds transferred to remain available until expended.

The conference agreement includes a provision renumbered Section 130, as proposed by the House, amended to direct that the Army, Navy, Marine Corps and Air Force submit to the appropriate committees of Congress, by July 1, 2000, a Family Housing Master Plan. The Senate bill contained no similar provision.

The conference agreement includes a provision renumbered Section 131, as proposed by the Senate amended to require the Secretary of Defense to certify that the Department of Defense intends to proceed with the demonstration of six alternative technologies to chemical weapons incineration before constructing the chemical demilitarization facility at Bluegrass, Kentucky. Pending the Secretary's certification this allows the planning, design and site preparation of the facility and the testing of the alternatives to proceed concurrently. The House bill contained no similar provision.

Those general provisions that are not included in the conference agreement follow:

The conference agreement deletes the Senate provision which prohibits the use of funds for repair and maintenance of any flag and general officer quarters in excess of \$25,000 without prior notification to the congressional defense committees.

The conference agreement deletes the Senate provision which reduced various accounts in this Act by five percent.

The conference agreement deletes the Senate provision restricting the conveyance of land at the former Fort Sheridan, Illinois.

The conference agreement deletes the House provision which reduced various accounts in this Act.

PROVIDING FOR CONSIDERATION OF H.R. 2587, DISTRICT OF COLUMBIA APPROPRIATIONS ACT, 2000

Mr. LINDER. Madam Speaker, by direction of the Committee on Rules, I call up House Resolution 260 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 260

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 2587) making appropriations for the government of the District of Columbia and other activities chargeable in whole or in part against revenues of said District for the fiscal year ending September 30, 2000, and for other purposes. The first reading of the bill shall be dispensed with. Points of order against consideration of the bill for failure to comply

with clause 4(c) of rule XIII or section 306 or section 401 of the Congressional Budget Act of 1974 are waived. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. After general debate the bill shall be considered for amendment under the five-minute rule. Points of order against provisions in the bill for failure to comply with clause 2 of rule XXI are waived. The amendments printed in the report of the Committee on Rules accompanying this resolution may be offered only by a Member designated in the report and only at the appropriate point in the reading of the bill, shall be considered as read, shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, and shall not be subject to amendment. All points of order against the amendments printed in the report are waived. During consideration of the bill for amendment, the Chairman of the Committee of the Whole may accord priority in recognition on the basis of whether the Member offering an amendment has caused it to be printed in the portion of the Congressional Record designated for that purpose in clause 8 of rule XVIII. Amendments so printed shall be considered as read. The Chairman of the Committee of the Whole may: (1) postpone until a time during further consideration in the Committee of the Whole a request for a recorded vote on any amendment; and (2) reduce to five minutes the minimum time for electronic voting on any postponed question that follows another electronic vote without intervening business, provided that the minimum time for electronic voting on the first in any series of questions shall be 15 minutes. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommit with or without instructions.

The SPEAKER pro tempore (Mrs. EMERSON). The gentleman from Georgia (Mr. LINDER) is recognized for 1 hour.

Mr. LINDER. Madam Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentleman from Texas (Mr. FROST), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

Madam Speaker, House Resolution 260 is an open rule providing for consideration of H.R. 2587, the District of Columbia appropriations bill for fiscal year 2000. The rule provides for 1 hour of general debate divided equally between the chairman and ranking minority member of the Committee on Appropriations.

The rule waives clause 4(c) of rule XIII, requiring a 3-day layover of the committee report; section 306, prohibiting consideration of legislation within the Committee on the Budget's jurisdiction unless reported by the Committee on the Budget; and section 401, prohibiting consideration of legislation providing new entitlement authority

which becomes effective during the current fiscal year, of the Congressional Budget Act against consideration of the bill. The rule also waives clause 2 of rule XXI, prohibiting unauthorized appropriations and legislation on an appropriations bill.

Madam Speaker, H. Res. 260 specifically structures consideration of four amendments printed in the Committee on Rules report offered by the gentleman from Kansas (Mr. TIAHRT), the gentleman from Oklahoma (Mr. LARGENT), the gentleman from California (Mr. BILBRAY) and the gentleman from Georgia (Mr. BARR). These amendments may be offered only by the Member designated in the report and only at the appropriate point in the reading of the bill, shall be debatable for the time specified in the report equally divided and controlled between the proponent and an opponent, and shall not be subject to amendment. The rule also waives all points of order against the amendments printed in the Committee on Rules report.

Additionally, this rule accords priority in recognition to Members who have preprinted their amendments in the CONGRESSIONAL RECORD. This encourages Members to take advantage of the option to facilitate consideration of amendments and to inform Members of the details of pending amendments.

The rule also provides that the Chairman of the Committee of the Whole may postpone recorded votes on any amendment and that the Chairman may reduce voting time on postponed questions to 5 minutes, provided that the vote immediately follow another recorded vote and that the voting time on the first in a series of votes is not less than 15 minutes.

House Resolution 260 also provides for one motion to recommit, with or without instructions, as is the right of the minority Members of the House.

Madam Speaker, H. Res. 260 is an open rule similar to those considered for other general appropriations bills. Any Member who wishes to offer an amendment to the District of Columbia appropriations bill will have the opportunity to do so.

In addition, in order to better manage the debate, the Committee on Rules has structured the debate on four specific amendments:

Amendment No. 1 offered by the gentleman from Kansas (Mr. TIAHRT) would prohibit the use of District and Federal funds on a needle exchange program for illegal drugs, or for any payment to any individual or entity who carries out any such program.

Amendment No. 2 offered by the gentleman from Oklahoma (Mr. LARGENT) would prohibit the use of funds contained in this bill from being used to allow joint adoptions by persons who are unrelated by either blood or marriage.

Amendment No. 3 offered by the gentleman from California (Mr. BILBRAY)
