THE REPUBLICAN AGENDA IS THE BEST AGENDA

(Mr. SHIMKUS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SHIMKUS. Madam Speaker, what is the Republican agenda? The Republican agenda is the best agenda for all Americans. B is for bolstering our national security. E is for education excellence. S is for strengthening retirement security, and T is for tax relief for working Americans.

Republicans have the BEST agenda. It is a positive, forward-looking agenda that recognizes that our military needs must be given a higher priority in a dangerous world, that our schools need to be improved if our kids are going to enjoy a bright future, that our seniors need to be protected against a looming social security and Medicare crisis, and that Americans who pay the taxes should be given tax relief, not more rhetoric about why Washington needs more money.

Bolstering national security, education excellence, strengthening retirement security, tax relief for working Americans, Republicans have the BEST agenda.

THE PATIENTS’ BILL OF RIGHTS

(Ms. SLAUGHTER asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SLAUGHTER. Madam Speaker, I am continually amazed by the misinformation spread about the Patients’ Bill of Rights. I know the businesses in my district believe this Patients’ Bill of Rights would allow enrollees to sue their employers for denied benefits, but nothing could be further from the truth. In fact, the Patients’ Bill of Rights contains explicit provisions stating that employers cannot be sued for decisions made by health insurers.

I hope that the American people this time will see through the smokescreen being thrown up by too many groups who have too much interest in killing this legislation. The more time goes by, we risk losing this opportunity altogether. The powerful forces lined up against this legislation will accept another delay to give them the chance to marshall their forces.

We have plenty of time to pass an irresponsible tax cut, time to prevent the Department of Labor from protecting people against workplace injuries, time to name buildings and courthouses, but evidently we do not have the time to protect the very lives and limbs of our constituents.

After this Friday, this Chamber is out of session for 36 days. How many of those days will we fritter away on sound bites and legislation designed for special groups?

CONGRESS MUST PASS THE PATIENTS’ BILL OF RIGHTS

(Mr. HOEFFEL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HOEFFEL. Madam Speaker, we must pass the Patients’ Bill of Rights. Our system of HMOs has run amok.

As evidence, I offer a survey of doctors conducted by one of the newspapers in my district, the Reporter, in Lansdale, Pennsylvania. Most of the doctors responding were not against the original idea of HMOs, they have just said the rules have gone haywire.

Eighty-seven percent of the doctors responding have had conflicts with HMOs. Fifty-eight percent of those say the conflicts have been serious, and happen frequently. Seventy percent of the doctors say they do not have sufficient control over treatment.

As damning as the numbers are, the doctor’s comments say even more. Dr. Ruth Schiller, a Harleysville, Pennsylvania, pediatrician, says that “HMOs are worse in the sense that I cannot make all of the decisions for appropriate care.”

Another doctor said, “The American people need to wake up. Their lives are in danger with HMO control. Doctors have to put away their medical books and do what the HMO manual says for their patients.”

A third doctor was afraid to sign his survey for fear of HMO retaliation. Something has gone wrong. “HMO” stands for How Much Outrage must the American people put up with? Pass the Patients’ Bill of Rights.
