CLEVELAND CLINIC CHILDREN'S
HOSPITAL FOR REHABILITATION

HON. STEVE C. LATOURETTE

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. LATOURETTE. Mr. Speaker, it is with great pride that I announce the renaming of Health Hill Hospital for Children to the Cleveland Clinic Children's Hospital for Rehabilitation.

Since 1998, Health Hill Hospital for Children has been part of the Cleveland Clinic Health System. Devoted entirely to pediatric development, Health Hill has one of the largest teams of pediatric therapists in the nation. In addition to being one of the world's preeminent medical research and educational facilities, the Cleveland Clinic Health System is northeast Ohio's foremost provider of comprehensive medical and rehabilitative services to children requiring long-term treatment. Not only does the hospital's pediatric staff provide excellent care to critically ill and disabled children, but they do so in a comforting and caring environment that eases the children's fears and worries.

The primary goal for Health Hill is to create a more independent lifestyle for these children and their families. For example, by providing unique programs, like the Day Hospital Program, children can receive daily intensive therapy without having to be hospitalized. Day Hospital patients receive therapy, nursing and medical care, yet are able to return home to their families each evening and weekend. Providing patients with the opportunity to maintain their routines and home lives is so important in making a sick child feel as "normal" as possible. The hospital serves children with a variety of illnesses, ranging from spinal cord and head injuries, respiratory problems, feeding disorders, and burns to chronic or congenital medical conditions.

Mr. Speaker, Health Hill Hospital has proven to be more than just a "hospital." Their commitment to providing the highest standards of medical services for special needs children is why they continue to be a shining example of one of the best children's specialty hospitals. Cleveland Clinic Children's Hospital for Rehabilitation is affiliated with the renowned Cleveland Clinic Foundation, ranked among the ten best hospitals in the nation by U.S. News and World Report's annual guide to "America's Best Hospitals." It is exciting to see the resources of this prestigious hospital devoted to the care of children.

Again, I am honored to announce the Cleveland Clinic Children's Hospital for Rehabilitation's new designation, and commend the Foundation's outstanding achievements throughout the past 78 years.

EXTENSIONS OF REMARKS

JACK LASKOWSKI: A TRUE
LEADER WILL BE DEARLY MISSED

HON. JAMES A. BARCIA

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. BARCIA. Mr. Speaker, on August 8, 1999, friends, family and brothers and sisters of the United Auto Workers lost a great man with the passing of Jack Laskowski. For more than 40 years, he worked in the automotive industry from his first days at General Motors Powertrain in Bay City to his more recent position as a Vice President for the UAW, and the lead negotiator with DaimlerChrysler.

It has been my privilege to know Jack Laskowski. As my mentor, he helped me to truly understand the importance of staying connected with the people we represent. As a friend, he has helped me and so many others understand that anything worth having is worth fighting for as a matter of principle. He carried that attitude throughout everything he did.

A UAW Member since 1958, Jack was elected to Local 362's bargaining committee in 1965. The Committee was headed by his father, Walter "Bullet" Laskowski, who himself was the Local's first chairman and participated in the 1936 strike at the plant that led to the formation of the Local. Jack was also interested in politics and served a term as a City Commissioner of Bay City from 1968 through 1971. In 1982, Jack was named regional director and, in 1992, he was elected as the Director of UAW Region 1D. He was then elected Vice President of the United Auto Workers at its 31st Constitutional Convention in 1995.

Jack Laskowski had a tremendous ability to understand and appreciate the problems that people face in their every day lives. Whether it was the need for a better wage, safer working conditions, or helping his union brothers and sisters deal with the needs of their children, Jack Laskowski could always be counted on to be part of the solution.

Those of us in public office in Michigan knew how important and vital help from Jack Laskowski could be. He looked at politics as an important extension of his efforts to help make life better for his union brothers and sisters. Some things the company and union could do. Other things needed help from the government. It was part of his life's work to make sure that government knew what Jack's brothers and sisters needed.

Jack could not have achieved these great accomplishments without the support of his loving family and is survived by his wife Sally, and his sons Greg, Tim and Mike.

Mr. Speaker, throughout our lives we may be fortunate to meet precious few people who make a real difference, and who deserve to be admired. For me, Jack Laskowski was such a man. Jack may no longer be with us, but the glories of his work will continue to benefit workers for years to come. I ask you and all of our colleagues to join me in honoring this wonderful gentleman, and in offering our condolences to this family following their loss of this true leader.

RECOGNIZING THE "SUITING UP
FOR SUCCESS" PROJECT FOR
STUDENTS

HON. GEORGE RADANOVICH

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 8, 1999

Mr. RADANOVICH. Mr. Speaker, I rise today to recognize the Suiting Up for Success project, which is a professional attire drive that benefits successful Fresno City College welfare-to-work students. The kick-off event will be on September 21, 1999.

In 1998, management consultant and human resource specialist, Sue McCombs of McCombs & Associates created "Suiting Up for Success", in response to the Central San Joaquin Valley communities double digit unemployment rates. "Suiting Up for Success" is a professional attire drive that benefits successful Fresno City College welfare-to-work students that has approximately 1,000 students enrolled. Last year, 3,000 suits were collected. The 1999 goal is to collect 5,000 suits. All Fresno area business professionals are challenged to donate unwanted men's and women's suits, blouses, skirts, men's shirts, slacks and ties. Business attire collected is made available through a "professional closet" operated and maintained by Welfare-to-Work Students. The only beneficiaries of the "Suiting Up for Success" campaign are successful Fresno City College Welfare Reform students (graduates).

The project goals are to increase awareness of the welfare reform initiative and its impact on business owners. To provide our employees the opportunity to support and participate in the local welfare reform initiative. And to support and encourage current Fresno City College welfare program participants.

Mr. Speaker, it is my pleasure to recognize the "Suiting Up for Success" project, as they reach out to students who are less fortunate to have professional attire. I urge my colleagues to join me in wishing "Suiting Up for Success" many more years of continued success.
