

commenced in 1960. Since then, the Academy has attained high standards of education and has been at the forefront in delivering quality educational services to the young women of Guam. From an initial enrollment of 36 students in 1949, the student body now consists of over 400 young women. In 1973, it became the first high school on Guam to receive full accreditation. Under the Western Association of Schools and Colleges, the Academy has gone through the accreditation process four times since—the last being in March of 1996.

Through the years, the Academy has distinguished itself as one of the finest college and career-bound preparatory schools on Guam and the Western Pacific. Due to the school's high academic standards, Academy students have brought honors to the island of Guam. As presidential scholars, national merit scholars and national and international sports competition champions, Academy students have garnered honors and brought them back to Guam. Today, we find the school's graduates in various leadership positions. The Academy has generated, among others, doctors, judges, lawyers, corporate executives, diplomats, and public officials.

As this fine Catholic institution celebrates its golden jubilee, I extend my sincerest congratulations to the administrators, faculty, staff, students, and alumnae of the Academy of Our Lady of Guam. For fifty years, the Academy has provided quality education and guidance to Guam's young women. As a result, the school's alumnae have made substantial contributions toward the transformation of Guam from an island ravaged by war in the forties to its present status as a political and economic center in the Western Pacific. I am confident that this institution of faith and learning will continue its commitment to excellence by providing a valuable educational opportunity to the young women of Guam.

HONORING THE RETIREMENT OF  
BILL PETERSON, MINNESOTA  
AFL-CIO SECRETARY-TREASURER

**HON. BRUCE F. VENTO**

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 15, 1999*

Mr. VENTO. Mr. Speaker, I would like to bring to my colleagues attention the retirement of an individual who has committed his life as a tireless advocate for working men and women in Minnesota and our nation, Bill Peterson. Mr. Peterson has announced that he will retire from his nine years of service as the Minnesota AFL-CIO Secretary-Treasurer. Before that, Bill served as the Executive Secretary of the Minnesota Building Trades and business representative to the Iron Workers Local 512.

I have had the privilege of knowing Bill Peterson since his days as a "hand" on the job. In fact, he has had the benefit of working and associating with all of the Vento Boys (Dan, Frank, Kurt and myself) since he first started on his journey of the building trades leadership. He began as an Ironworker Business Representative, followed as the MN Building

Trades Executive Secretary and eventually was elected to serve as the AFL-CIO Minnesota State Federation Secretary-Treasurer.

During his many years of service, Bill Peterson has worked to improve the quality of life for working families. His effectiveness during tough times as a spokesman for the Minnesota AFL-CIO has greatly benefited working people and educated more than one legislator. Under Bill Peterson, there have been great strides in the development of worker pension programs, the availability of year-round work for members of the building trades, the State Davis-Bacon law, the State Apprenticeship Council, and Union Labor Project contract agreements. Today and tomorrow, worker's conditions and wages will continue to evolve on the basis of the foundation established by building trade labor leaders like Bill Peterson.

There have also been some very tough events during Bill's tenure. One vivid event I'll always recall is when the tower antenna went down in Shoreview and iron workers lost their lives. While we grieved over their deaths, we also resolved not to let this accident go unnoticed. As a result, when Minnesota joined in the establishment of a worker's memorial day, it is events like this that are remembered. The Minnesota Building Trades have also been leaders for tough Occupational Health and Safety Act enforcement, with Bill Peterson in the forefront leading the fight for on the job safety and health.

Bill Peterson will best be remembered for his commitment to education and to the children of working men and women. When the federal commitment to State Apprenticeship programs was under attack, Bill Peterson rallied Congressional and national labor to keep this important training program in place. As a key elected state-wide Member of the University of Minnesota Board of Regents, Bill has been a strong voice for working families, advocating forcefully to keep a college education as a financially viable option for the children of working families and for working men and women seeking new careers.

In addition to his professional activities, Bill has been a volunteer extraordinaire, donating his time and talents for my benefit and that of many others. It is in that role that I will always remember Bill. While many will remember him working the halls of the State Capitol or speaking at the State AFL-CIO convention, I will always picture Bill in an apron carrying a pot of Minnesota corn at the annual Vento Corn Feed for 25 years.

Despite the health challenges that have been a part of his life from youth, Bill has done much more than this share as a professional and a volunteer. His life's work provides labor brothers and sisters the shoulders to stand upon as today's and tomorrow's Minnesota Union movement and views move into the future.

Bill Peterson is truly an example of those whose successful leadership has positively promoted rights for the workers and workers families in our community. We are all richer for his advocacy, his hard work and most importantly, his friendship. I, as many throughout the labor-political sphere, deeply appreciate his friendship, support and counsel through the years.

All my best to Bill and also to his family, who have provided support through the years:

his wife Lolly, their three children and grandchildren. It is with heartfelt thanks that I wish Bill Peterson the best of health and a well-deserved retirement.

TRIBUTE TO OTTO McMATH

**HON. DANNY K. DAVIS**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 15, 1999*

Mr. DAVIS of Illinois. Mr. Speaker, I take this opportunity to pay tribute to one of the most committed, most dedicated and most courageous public interest advocates this country has ever known, Mr. Otto McMath.

Whereas, the Almighty God has called to his eternal rest, my friend and neighbor, Mr. Otto McMath; and whereas, for more than twenty years, Mr. Otto McMath was an integral part of the staying power of the South Austin Coalition Community Council; and whereas, the South Austin Coalition Community Council, is one of the most effective organizations of its kind; and whereas, Otto McMath and his neighbors have been instrumental in developing, promoting, and generating funds for the Low Energy Assistance Program, fighting back against redlining and other forms of economic discrimination and in developing community policing and neighborhood safety programs. As a member of SACCC, Mr. McMath's acts of heroism are legendary. He was never a limelighter; but could always be counted upon to rise to the occasion when the need presented itself.

Mr. McMath had a serious understanding of community interest and functioned with a high level of principle. He was never one to go along to get along or to make decisions on the basis of individual self interest or expediency. He was a true warrior, a true soldier and a true hero for the people.

I thank you Otto McMath. You knew how to live and you have died with dignity.

SPANISH PARKS WILDERNESS ACT  
OF 1999

SPEECH OF

**HON. DIANA DeGETTE**

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

*Monday, September 13, 1999*

Ms. DeGETTE. Mr. Speaker, I rise in support of H.R. 898 to designate certain land in the San Isabel National Forest in the State of Colorado as the "Spanish Peaks Wilderness". I believe wilderness designation for the Spanish Peaks is a critical first step toward preserving the unique, pristine wild lands in Colorado. In the last Congress, I cosponsored legislation introduced by Representative David Skaggs and cosponsored by Representative McINNIS which would have protected Spanish Peaks as wilderness.

This year's version is a good bill, but it contains a change which causes great concern. Unfortunately, a new provision in the bill allows the Forest Service to continue to permit motorized access to an off-road segment of
