

never be forced by its Congress to fight a fair fight. When this nation must bear arms to protect its interests, it should always be aiming for a lopsided victory.

Also focusing on unfunded requirements identified by each of the services, the AirLand Forces Subcommittee made a number of changes to the President's request, addressing, among others, Army aviation shortfalls and night vision equipment shortfalls.

To conclude, I would like to again thank Chairman WARNER, and his dedicated, tireless staff, for their leadership and dedicated service.

Mr. President, I urge each of my colleagues to support this important legislation which contains many provisions which are vital to our nation's military. And I urge the President to sign this legislation into law as soon as he receives it. This bill will make needed improvements in the areas of military readiness, quality of life and modernization, and I hope the U.S. Senate will send a strong, bipartisan message in support of our men and women in uniform.

Mr. SESSIONS. Mr. President, I rise this evening in support of Chairman WARNER and the Senate Armed Services Committee Department of Defense Authorization bill S. 1059, which will be voted on tomorrow morning. This is a bill I strongly encourage my colleagues to support. It sends a powerful message to military men and women worldwide, that this body respects what they do for America each and every day, as they carry out a hundred different operations, in as many nations. We heard their voices and have done something positive in improving their quality of life and that of their families. We believe they deserve the best equipment American technology can produce.

The statements made by our Service Chiefs on our state of military readiness provided an azimuth for the committee back in January, and some 70+ hearings later we have a product which provides a funding level for new budget authority of \$288.8 Billion, which is \$8.3 Billion above the President's budget request.

The crisis in the Balkans followed this plea for more funding and Chairman WARNER responded with over 15 hearings on Kosovo and related activities. We learned of the shortfalls in our planning, and were proud to learn of the exploits of our men and women in uniform who have never let us down. We are, however, left to ponder the problems inherent in coalition warfare, and the direction of the new strategic concept in NATO.

Chinese Espionage too took us in yet another direction and the committee has responded with a real change in organization of the Department of Energy so that we do not fall once again into sloppy security awareness. This

was truly a vexing problem that no doubt will haunt this nation for years to come. I hope the President will not hesitate in accepting these considered changes. This is a tough issue that warrants a firm solution.

Mr. President, this bill is just part of the work that lies ahead as we restore America's Defense to the status it deserves. I feel we are committed, on the Senate Armed Services Committee, to investigating the problems associated with: Cyber/Information warfare; WMD Proliferation; Chemical and Biological weapons; Organized Crime and Narcoterrorism.

Our troops are doing a great job the world over! They are truly the best led and trained in the world, and they deserve the best equipment, the best support and the most funding we can provide them.

To this end, I am please that Chairman WARNER accepted my amendment to this bill which calls for the Secretary of Defense to make the positions of the Chiefs of the Reserves and the two National Guard Directors hold three star rank. This bill mandates, it seems to me, that these key leaders, who do so much every day to help us keep the peace world-wide, must hold three star rank. I hope they soon will.

I again congratulate Chairman WARNER on bringing us so far in what certainly seems a short period of time. S. 1059 is a great bill. It needs all our support. I thank the Chair.

BAND 9/10 TRANSMITTERS

Mr. SANTORUM. Mr. President, I rise today to engage in a brief colloquy with our distinguished Chairman concerning the conference report that accompanies the fiscal year 2000 National Defense Authorization Act. It has come to my attention that page 526 of House Report 106-301 notes that the conferees to the bill agreed to authorize an increase of \$25.0 million for the procurement of additional band 9/10 transmitters for the EA-6B tactical jamming aircraft. In reality, during conference negotiations, conferees agreed to authorize an additional \$25.0 million for the procurement of modified band 9/10 transmitters.

Mr. WARNER. My distinguished colleague from Pennsylvania, the chairman of our air/land subcommittee, is absolutely correct. Committee records were reviewed, and the conferees to the fiscal year 2000 National Defense Authorization Act did, in fact, agree to increase the EA-6B authorization by \$25.0 million for the procurement of modified band 9/10 transmitters. An error in the printing process was made, and the Government Printing Office will be preparing an errata sheet to correct this error.

Mr. SANTORUM. I thank the chairman for his assistance in clarifying this matter.

Mr. WARNER. Mr. President, I know of no further business on this bill. I ask for the yeas and nays.

The PRESIDING OFFICER. Is there a sufficient second?

There is a sufficient second.

The yeas and nays were ordered.

Mr. WARNER. By previous order, the distinguished majority leader has indicated that at the hour of 9:45 tomorrow morning, this will be the pending business for the purpose of the recorded rollcall vote.

Am I correct?

The PRESIDING OFFICER. The Senator is correct.

MORNING BUSINESS

Mr. WARNER. Mr. President, I ask unanimous consent the Senate now proceed to a period of morning business with Senators permitted to speak for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

ELK HILLS RESERVE

Mrs. FEINSTEIN. Mr. President, I was dismayed to learn that the Senate Interior Appropriations budget has zeroed out funding to the State of California for its share of the Elk Hills Naval Petroleum Reserve Settlement. By right, the State should receive \$36 million this year. This is the money that California gives to retired teachers whose pensions have been most seriously eroded by inflation.

Here is the brief history of the issue: In 1996, Congress authorized the sale of Elk Hills Naval Reserve. However, a portion of the property consisted of more than 1300 acres of school lands owned by the state of California. Until the California's land claims were resolved, the sale could not go forward. Ultimately the Federal Government reached an agreement with California in which the state released its claim in exchange for installment payments over a seven-year period.

The settlement allowed the federal government to sell the reserve for \$3.65 billion. California kept its part of the bargain. Now the Federal government must meet its obligations. Last year the first installment of the \$36 million was paid. But six years of installments remain.

Actually, the money needed to compensate the state had been waiting in escrow.

The House has properly allocated \$36 million in the House Interior Appropriations Bill.

I am hopeful that the Senate will also recognize the importance of keeping the Federal government's end of the bargain. I look forward to working with my colleagues to ensure that the House appropriation of \$36 million be upheld in Conference.
