So wisely I believe because of the point brought out by the gentleman from Wisconsin (Mr. OBEY), the sloppiness of the Senate language and the underlying seriousness of the issue as brought out by the authorizing committee why it was wise that legislating through a rider was not permitted by the conference committee.

So I now close and urge support for this rule because of the importance of the underlying legislation, Mr. Speaker. My colleagues know very well that this legislation is needed by American farmers, that there are a myriad of critical programs in this legislation that are going to be funded; that there are many families that will benefit directly and immediately in our country from this legislation.

That is why we need to bring it to the floor, and that is why we need to vote for the rule, and that is why we need to vote for this underlying legislation, and that is why I support it, and that is why I urge my colleagues to vote for it.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The SPEAKER pro tempore (Mr. BE-REUTER). The question is on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Ms. KAPTUR. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 230, nays 188, not voting 16, as follows:
