

EUROPE JOB CREATION ALMOST ZERO

(Mr. COOKSEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COOKSEY. Madam Speaker, the unemployment rate in most European countries is nearly three times the unemployment rate of the United States. While the U.S. economy is a job creating machine, in Europe job creation is almost zero. Older workers who lose their jobs cannot find new ones, and younger people looking for that first job often do so for years and often have to wait years before they could move out of the house.

Meanwhile, in the U.S., there is actually a job shortage in many areas of the country. I would be positively fascinated to know how my liberal colleagues might explain this situation.

I wonder if it would ever occur to them that low-tax countries such as the U.S., Hong Kong, Singapore have low unemployment rates, while high-tax countries such as France, Sweden, Germany, Italy, Spain and so many others are wallowing in economies with no economic growth.

The truth is European governments which are successful in implementing the policies of the Democratic party are successful in achieving dreadfully performing economies. It does make one wonder.

REPUBLICAN HEALTH CARE REFORM IS A RUSE

(Mr. PASCRELL asked and was given permission to address the House for 1 minute.)

Mr. PASCRELL. Madam Speaker, I want to commend the gentleman from Michigan (Mr. DINGELL) and the gentleman from Georgia (Mr. NORWOOD), great Americans, for providing a great service to all of us on a managed care bill which I think will work. But there are Members of this House that are working against this consensus by introducing substitutes that in no way equal the comprehensive approach.

We have heard a great deal of hysteria in the past few weeks about how Norwood/Dingell will expose our small business owners and employers of all shapes and sizes to massive new litigation threats.

If my colleagues read the bill, and I would suggest that they read the bill, on page 99 it says very specifically in Section 302 that the bill "does not authorize any cause of action against an employer, or other plan sponsor maintaining the group health plan, or against an employee of such an employer."

It is a ruse. They have provided a ruse. Why do they not tell the American people the truth instead of standing out there with the money changers as they were yesterday as we walked here to do business?

AMERICANS HAVE A CHANCE TO HAVE A ACCOUNTABILITY AGAIN IN HEALTH ORGANIZATIONS

(Mr. KUYKENDALL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KUYKENDALL. Madam Speaker, today the American people are going to get a chance to have accountability put back in their health care organizations. There are a number of options before us, and at least three of those options are going to give the American public the ability to sue their health plan. They have not had that right in the past. That is an accountability they will have again over the medical profession for medical decisions.

What comes with that is a need to figure out how to protect this employer group that so many of us are dependent upon for our livelihood and health care insurance coverage. I think there are several options today that do a good job at that as well.

Those employers are not meant to be in the medical business, they are meant to be employers, manufacturers, and service providers. In this legislation today, I think we have a couple of options and the public will be well-served when they see the outcome. They will have accountability from their medical providers and their employers will remain sound and still be the conduit through which most people will get their medical coverage.

I would encourage the public to watch today. This debate will be both lengthy and strident. But at the end of the day, they will be better served.

SAFeway SHOULD RECOGNIZE ITS CORPORATE RESPONSIBILITY

(Mr. LANTOS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANTOS. Madam Speaker, I rise on behalf of the large group of senior, frail, and low-income citizens in my congressional district in the city of Pacifica. They have been shopping at Safeway for decades, but Safeway—in a display of corporate arrogance and irresponsibility—suddenly closed that store.

These folks have no automobiles. They are too frail and too old to walk two miles to another store. Safeway should have found a way to keep open this facility. But in an irresponsible act of corporate recklessness, it closed the store, and the seniors are left high and dry, trying to fend for themselves.

I call on Safeway—a multi-billion-dollar corporation—to change its course and recognize its corporate responsibility. It has the duty to serve the people who have kept it profitable for decades. It can't just walk out on them.

THE JOURNAL

The SPEAKER pro tempore. Pursuant to clause 8, rule XX, the pending business is the question of the Speaker's approval of the Journal.

The question is on the Speaker's approval of the Journal of the last day's proceedings.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Ms. DEGETTE. Madam Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 341, nays 73, not voting 19, as follows:
