ENERGY AND WATER RELATED MEASURES

Mr. LOTT. Mr. President, I thank Senator Daschle for his work on this next group of bills. It involves a number of energy-related, water-related bills out of the Energy and Natural Resources Committee. I also want to recognize Senator Murkowski, the chairman of the committee.

These are—by and large—bills that are small bills, but to a number of areas or States or Senators, they are very big in importance. Senator Murkowski and Senator Bingaman have worked very closely to try to get through a number of problems. I want to recognize the work they did.

I also commit publicly on the record to proceed to S. 1051, the Northern Marianas bill, by February 15. We would have liked to have been able to go ahead and get a complete unanimous consent about the total arrangements for it being handled, but Senators who did have questions are now probably on airplanes headed halfway across the country. We will work together. I will make a commitment to bring this up by the 15th.

Does Senator Daschle want to make any comments on this?

Mr. Daschle. Mr. President, I appreciate the commitment made by the majority leader. I know Senator Akaka is disappointed that it is not in this package of bills. He has worked, along with Senator Murkowski, I think, may be a cosponsor of this legislation, to pass it tonight. That is impossible. But I think Senator Akaka is certainly willing to accept the commitment made by the majority leader that by the 15th the amendments and the legislation and hopefully resolve it successfully in the not-too-distant future. This is an important bill, the Marianas. It is an important bill for Senator Akaka, and I am appreciative of the commitment that is now part of the record that we will come back to this bill in a matter of months.

EL CAMINO REAL DE TIERRA ADENTRO NATIONAL HISTORIC TRAIL ACT

The Senate proceeded to consider the bill (S. 366) to amend the National Trails System Act to designate El Camino Real de Tierra Adentro as a National Historic Trail, which was ordered to be engrossed for a third reading, read the third time, and passed; as follows:

S. 366

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "El Camino Real de Tierra Adentro National Historic Trail Act."

SEC. 2. FINDINGS.

The Congress finds the following:

(1) El Camino Real de Tierra Adentro (the Royal Road of the Interior), served as the primary route between the colonial Spanish capital of Mexico City and the Spanish provincial capitals at San Juan de Los Cabal- leros (1598-1600), San Gabriel (1600-1609) and then Santa Fe (1610-1821).

(2) The portion of El Camino Real de Tierra Adentro that resided in what is now the United States extended between El Paso, Texas and present San Juan Pueblo, New Mexico, a distance of 404 miles;

(3) El Camino Real is a symbol of the cultural interaction between nations and ethnic groups and of the commercial exchange that made possible the development and growth of the borderlands;

(4) American Indian groups, especially the Pueblo Indians of the Rio Grande, developed trails for trade long before Europeans arrived.

(5) In 1598, Juan de Oñate led a Spanish military expedition along those trails to establish the northern portion of El Camino Real de Tierra Adentro.

(6) During the Mexican National Period and part of the U.S. Territorial Period, El Camino Real de Tierra Adentro facilitated the emigration of people to New Mexico and other areas that would become the United States.

(7) The exploration, conquest, colonization, settlement, religious conversion, and military occupation of a large area of the borderlands was made possible by this route, whose historical period extended from 1598 to 1822;

(8) American Indians, miners, ranchers, soldiers, and missionaries used El Camino Real during the historic development of the borderlands. These travelers promoted cultural interaction among Spaniards, other Europeans, American Indians, Mexicans, and Americans;
