AMENDMENT TO THE PACIFIC ELECTRIC POWER PLANNING AND CONSERVATION ACT

AMENDMENT TO THE ACT THAT ESTABLISHED THE KEWEENAW NATIONAL HISTORICAL PARK

Mr. LOTT. Mr. President, I ask unanimous consent that the Energy Committee be discharged from further consideration of S. 1937, and the Senate then proceed to their immediate consideration of S. 748, and the Senate then proceed to their immediate consideration of H.R. 748, and the Senate then proceed to their immediate consideration of the Keweenaw National Historical Park!

The PRESIDENT pro tem. Without objection, it is so ordered.

The clerk will report the bills by title.

The legislative clerk read as follows:

A bill (S. 1937) to amend the Pacific Northwest Electric Power Planning and Conservation Act to provide for sales of electricity by the Bonneville Power Administration to joint operating entities.

A bill (H.R. 748) to amend the Act that established the Keweenaw National Historical Park Act to provide for sales of electricity by the Bonneville Power Administration on or before January 1, 1999.

The PRESIDENT pro tem. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. DASCHLE. Mr. President, I suggest unanimous consent that the order for the quorum call be rescinded.

Mr. DASCHLE. Mr. President, I know there is additional business to be conducted.

Let me say briefly that we have just passed a number of very important pieces of legislation affecting many States, and it is unfortunate at this hour and given these circumstances that Senators who have had so much to do with their passage are not on the floor to be able to watch them as they have finally passed.

I commend Senator JOHNSON in particular for one bill that was part of the package, the Lewis and Clark authorization project.

As a result of the passage of this legislation, there are tens of thousands of people in southeastern South Dakota, southwestern Minnesota, and northeastern Iowa who will benefit from good, clean, abundant sources of water, in some cases for the first time in a long time.

This has been a work in progress for many years. It passed in large measure because there was such a collective effort in the southeastern part of our State, and the southwestern part of Minnesota, and, as I said, in the northeastern part of Iowa.

I commend them for their efforts and their diligence and their persistence. I congratulate them for the fact that it now has passed.

CONGRATULATING SENATORS FOR THE LEWIS AND CLARK AUTHORIZATION PROJECT

Mr. DASCHLE. Mr. President, I know there is additional business to be conducted.
