

assistance. Many Members of Congress, as well as the President, have committed themselves to saving Social Security and Medicare. These efforts will require substantial investments, and we must be prudent with our spending now so we can fulfill our obligation to current and future retirees.

I believe that my vote was the right choice in my efforts to help my constituents solve the serious problems they face every day, and I look forward to continuing to address the needs of Oregonians with my votes in the House of Representatives.

BAUDER ELEMENTARY SCHOOL

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 4, 1999

Mr. SCHAFFER. Mr. Speaker, I rise today to pay humble tribute to the students, teachers, and parents of Bauder Elementary School in Colorado for their efforts to help the needy during the holidays. I commend the faculty of Bauder, as well as all the students, parents and individuals who contributed to this special canned food drive. Their selfless dedication has provided warmth, comfort, and happiness to families in Colorado. That the school produced 4,600 cans of food, books, gift certificates, and toys for the benefit of local families is testament to the true meaning of the spirit of Christmas and Hanukkah. Let us remember, as these good people have, that the holiday season is one of giving, one of joy, and one of hope. Let this example during the holidays, be a beacon to us all throughout the year.

STUDENT HEALTH INSURANCE
PORTABILITY PROTECTION ACT
OF 1999

HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 4, 1999

Mr. COSTELLO. Mr. Speaker, I rise today to introduce the Student Health Insurance Portability Protection Act of 1999.

In 1996 we made great strides in passing the Kennedy-Kassebaum Health Insurance Portability Protection Act. However, 14.3 million college students covered by health insurance plans sponsored by their college or university are not covered under last year's health provisions. It is essential for college students to fall under these provisions.

My bill requires college-sponsored health plans to be portable and exclude long pre-existing condition waiting periods. College-sponsored plans will be considered as group plans and allow students to go from college-sponsored plans to work-sponsored plans without loss of coverage due to a pre-existing condition. Students will also be eligible for another school's health plan when transferring from university to university. This bill takes an important step in ensuring health care coverage for our country's college students at no extra cost to the taxpayer.

EXTENSIONS OF REMARKS

I ask my colleagues to join me in supporting this bill and ensuring health care for our Nation's college students. Give them the health care they need to enter the workforce. Do not leave college students out of health care reform.

TRIBUTE TO LEWIS ENTZ

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 4, 1999

Mr. McINNIS. Mr. Speaker, I would like to take a moment to recognize the career of one of Colorado's leading statesmen over the past two decades, state Representative Lewis Entz. In doing so, I would like to honor this individual who, for so many years, has exemplified the notion of public service and civic duty. Now retired from the Colorado House of Representatives, it is clear that Representative Entz's dynamic leadership in the Colorado General Assembly will be greatly missed and difficult to replace.

Elected to the Colorado House of Representatives in 1982—a seat he would hold until 1998, Representative Entz rose quickly to positions of great influence within the House. In 1989, Representative Entz was named Chairman of the House Local Government committee which he would chair until 1994. While serving in the General Assembly, Representative Entz was best known for his tireless work on natural resource, agricultural and local government issues. I feel privileged to have had the opportunity to work closely with him on many of these and other issues.

The number of honors and distinctions that Representative Entz earned during his years of outstanding service are too numerous to list, and too few to do justice to his contributions to the state of Colorado.

1998 marked the end of Representative Entz's tenure in elected office and the state of Colorado is worse off in his absence. Mr. Speaker, there are few people in Colorado's proud history who have served as selflessly and distinguishedly as did Representative Entz. His career embodied the citizen-legislator ideal and was a model that every official in elected office, including myself, should seek to emulate. The citizens of Colorado owe Representative Entz a debt of gratitude and I wish him well in his well-deserved retirement.

WE WANT THE BEST FOR OUR
CHILDREN

HON. STEPHANIE TUBBS JONES

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 4, 1999

Mrs. JONES of Ohio. Mr. Speaker, I rise today to speak to the issue of school construction. Education is one area we cannot short-change. It has been statistically proven and exhaustively mentioned in this Chamber that children learn better in smaller classes.

It has also been proven that children need access to technology and other resources to

March 4, 1999

be successful. One way to do that is to build areas that are reflective of these technological developments and trends—new schools.

I respect the fact that my colleagues on the other side of the aisle agree that new schools are an important key to education. It is unfortunate that those same people have spent 4 years blocking all significant school modernization initiatives.

The Archer proposal would only give limited assistance to schools and targets the districts that need this assistance the least.

We have all heard the stories of classes being held in spaces not intended as classrooms. Students are being taught in trailers, gyms, lunchrooms, and closets.

Statistics show there is a national school infrastructure backlog of needed repair totaling \$112 billion. We now know that nearly one-third of all schools are in need of extensive repair or replacement.

As this need for school repair continues to mount so does the pressure on our students to succeed and compete with their peers internationally.

To level the playing field we must provide our students with the tools of success. They need computers with access to the Internet, smaller classes, well-trained teachers, and modern schools. We should never again hear tales of learning in closets or trailers in parking lots.

We have the opportunity in this Congress to help our future. Mr. Speaker, I hope that we can enact meaningful legislation that will give American children a chance to soar.

In closing I ask:

We want the best for our children, the best for our country, and the best for our future. Why then do we not get our house, or school house, in order?

CACHE LAPOUDRE ELEMENTARY
SCHOOL

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 4, 1999

Mr. SCHAFFER. Mr. Speaker, I rise today to pay humble tribute to the students, teachers and parents of Cache La Poudre Elementary School in Colorado for their efforts to help the needy during the holidays. I commend the faculty of the school as well as all the students, parents, and individuals who contributed to their special canned food drive. Their selfless dedication has provided warmth, comfort, and happiness to families in Colorado. That the school produced so much from their food drive for the benefit of local families through the Salvation Army is testament to the true meaning of the spirit of Christmas and Hanukkah. Let us remember, as these good people have, that the holiday season is one of giving, one of joy, and one of hope. Let the children's example during the holidays be a beacon to us all throughout the year.
