

his all. And he knew better than most that the civil rights laws of the 1960s were only a beginning, not an end, of a great national journey for every citizen, black, white, Hispanic or Asian.

Whatever one might have thought about him, and however one might have disagreed with him, I know of no one who would have ever thought of questioning Avery Alexander's motives. He was a supremely principled man, led by conscience and an innate sense of mission and morality to serve always as a voice for those who had lost or had never been given the right to speak for themselves. If you were down and out, forgotten, discriminated against, despised or rejected by society, then Avery Alexander was your friend. I have known few people who lived up to the Biblical admonition to love unconditionally as well as he did. Avery Alexander will be missed. But he will also be long remembered for the ways he taught and inspired us to love, to care, to serve and, most of all, to look beyond skin color and gender and age and creed and to see that which is best, noble and God-given in each of us. We will all miss the "Rev!"

CONGRATULATING WTOP FOR 30 YEARS OF OUTSTANDING SERVICE

• Mr. SARBANES. Mr. President, I rise today to commemorate the 30th Anniversary of one of the area's finest news stations, WTOP, a station that has been a trustworthy and informative source of regional and national news since 1969.

In our increasingly inter-connected society where technology has increased the speed at which information is collected, disseminated and analyzed, the importance of responsible journalism has become even more important. WTOP has maintained a reputation as an accurate news source by its reporting of events from Watergate to the recent impeachment trial; from Vietnam to conflicts in the Persian Gulf; from issues regarding the District of Columbia to the politics of my home State of Maryland. In addition to news accounts on these issues, WTOP always has weather, traffic and sports reports to complete its effective coverage. Much as CNN is the leader in television news coverage, WTOP leads the way in providing up-to-date radio news 24 hours a day.

I would also like to commend the service of one individual in particular, WTOP's Congressional correspondent Dave McConnell, who has been with the station for almost 20 years. I have worked first-hand with Dave over the years and have the utmost respect for his journalistic integrity and his dedication to reporting the news in a precise yet understandable way. Indeed, his "Today on the Hill" broadcasts have provided listeners with the most up-to-date information on legislative

activities on Capitol Hill by talking directly with members of Congress about the issues.

Mr. President, I am pleased to have this opportunity to recognize the professionalism of this station and its employees on this auspicious anniversary, and to extend my best wishes to WTOP for the next 30 years and beyond.

TRIBUTE TO ROBERT L. OZUNA

• Mrs. BOXER. Mr. President, I rise to pay tribute to Robert L. Ozuna, Chief Executive Officer of New Bedford Panoramex Corporation from 1966 until his death on March 6 at the Queen of the Valley Hospital in West Covina, California. He was 69.

Robert Ozuna was the oldest of four children born in Miami, Arizona to Mexican-American parents. In 1940, after his father's death, Robert moved with his mother, brother and sisters to East Los Angeles, where he worked steadily from an early age in order to help support the family.

As Founder and President of New Bedford Panoramex Corporation (NBP), Robert Ozuna became one of the most successful Mexican-American entrepreneurs in southern California. He gained his business experience on the job and his engineering education by attending night school in the California community and junior college system.

In 1966, Ozuna began to build his company with a second mortgage on his home, and a few electrician's hand tools, hard work and entrepreneurial instincts into the thriving electronics manufacturing business it is today in Upland, California. NBP designs, develops and manufactures electronic communication systems and remote monitoring systems for its primary client, the United States Government.

Robert Ozuna's hard work and dedication were given public recognition when he received the Department of Transportation Minority Business Enterprise Award for 1987 and again for 1991. He received the Air Traffic Control Association Chairman's Citation of Merit Award in 1994. He was an active member of The California Chamber of Commerce for various cities and a founder of Casa De Rosa Annual Golf Tournament, which he started to raise funds for the Rancho de Los Ninos Orphanage in BajaMar, Mexico.

As industrious as Robert Ozuna was in business, he was equally involved sharing his prosperity with many philanthropic activities in his community. He sponsored many events in the Hispanic neighborhood where he grew up, and he was a founding director of the East Los Angeles Sheriff's Youth Athletic Association, which promotes educational, athletic and drug awareness programs for more than 60,000 youths in the Los Angeles Metropolitan area.

Robert Ozuna is remembered by his employees at New Bedford Panoramex

Corporation as a man with a deep passion for life. His concern for his employees and their families along with his abundant generosity to them was always present.

Robert Ozuna was married for 35 years to Rosemary, who passed away in November of 1998. He is survived by his mother Amella Ozuna, his sons Steven Ozuna and Jeff Dominelli, his daughters Nancy DeSilva and Lisa Jarrett, his sisters Lillian Gomez and Vera Venagas, and his brother Tony Ozuna. He also leaves six grandchildren.

Robert Ozuna epitomized the American dream, which promises to anyone who works hard and plays by the rules the opportunity to achieve great success. Robert Ozuna lived that dream. Though he will be greatly missed, his life and achievements will serve as an inspiration to generations to come.
