breast and cervical cancer are not only women's diseases. For the son who has lost a mother, the husband who has lost a wife, or the mother who has lost a daughter, this disease is a family disease.

In the last decade we have made great strides in diagnosing and treating breast and cervical cancer. But the causes of these cancers remain unknown and for many women how they will pay for their treatment remains unknown as well. Mr. Speaker, our hope is that Breast and Cervical Cancer Treatment Act will help change that.

Ms. LEE. Mr. Speaker, I rise in recognition of the honor bestowed upon Amelia Ashley-Ward by the San Francisco NAACP for her outstanding career in the field of journalism.

Ms. Ashley-Ward is the publisher of the Sun-Reporter Publishing Company and was recently named "Publisher of the Year" by the National Newspaper Publishers Association (NNPA).

I want to join with the NAACP and with community leaders throughout the Bay Area and the nation to pay tribute to the work and legacy of Ms. Amelia Ashley-Ward.

EXTENSIONS OF REMARKS

H.R. 473—PROVIDING ASSISTANCE
TO FARMERS FOR CROP DIS-
EASES AND VIRUSES

HON. PATSY T. MINK

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 11, 1999

Mrs. MINK of Hawaii. Mr. Speaker, I recently introduced H.R. 473, to ensure that farmers who suffer crop losses due to plant viruses and plant diseases are eligible for crop insurance and noninsured crop assistance programs and that agricultural producers who suffer such losses are eligible for emergency loans.

Pandemics of plant viruses and diseases regularly destroy the crops of entire farms and often the crops of entire geographic areas. A single plant virus or disease outbreak can send farms into bankruptcy and farmers are left without any means of recovering. Agriculture producers can qualify for emergency loans when adverse weather conditions and other natural phenomena have caused severe physical crop property damage or production losses, however, under current law, crop viruses and diseases are not considered "natural disasters" and thus are not eligible for these types of loans.

For example, in Hawaii, the State recently ordered the eradication of all banana plants on the entire island of Kauai and in a 10 square-mile area on the Big Island in an effort to eradicate the banana "bunchy top" virus. A court order required compliance of all who did not cooperate and farmers were ordered to destroy their entire farm and livelihood without any compensation. These farmers do not qualify for emergency loans or disaster assistance and many were left with no other option but to sell their farms.

The survival of our Nation's farmers is largely dependent upon the unpredictable temper of mother nature. We provide our farmers with assistance when adversely affected by severe weather but that is not enough. Emergency loans and disaster assistance must be made available to farmers for crops suffering from calamitous plant viruses and diseases.

H.R. 473 would enable farmers to qualify for crop insurance programs, noninsured assistance programs, and low-interest emergency loans, when devastated by crop losses due to plant viruses and diseases.

I invite my colleagues to cosponsor this worthy legislation and I urge immediate consideration of H.R. 473 in the House.

Mr. THOMPSON of Mississippi. Mr. Speaker, today I pay tribute in memory of a dear friend who recently passed away, Mrs. Lillian West-Adams. Mrs. West-Adams was indeed a friend to me and many people in her community and will be missed by all.

She left Alcorn for Chicago after receiving her degree. It was there where Lillian accepted a teaching position with the Chicago Board of Education. In closing Mr. Speaker, I would like to say that Mrs. Lillian West-Adams made a tremendous contribution to the future of America by imparting knowledge to countless numbers of young people. My prayers go out to her family.

SENSE OF CONGRESS URGING
CRITICISM OF PEOPLE'S REPUB-
LIC OF CHINA FOR HUMAN
RIGHTS ABUSES IN CHINA AND
TIBET AT ANNUAL MEETING OF
UNITED NATIONS COMMISSION
ON HUMAN RIGHTS

SPEECH OF

HON. JOHN EDWARD PORTER

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, March 9, 1999

Mr. PORTER. Mr. Speaker, I rise today in strong support of H. Con. Res. 28. Congress must strongly signal the administration in urging the United Nations to criticize China's human rights record.

Let me start by thanking the gentleman from New York (Mr. GILMAN) for bringing this resolution to the floor, and so many of my other colleagues including the gentleman from California (Mr. LANTOS), the gentleman from Virginia (Mr. WOLF), and the gentlewoman from California (Ms. PELOSI) for their efforts to focus the attention of this body on the human rights situation in China.

China recognizes the U.N. Declaration of Human Rights as does this great Nation of ours. Unfortunately, China's recognition of this monumental document lives only on paper. China has proven through its repeated mistreatment of its citizens, its continuing genocide in Tibet, and the lack of fundamental freedom of religion and expression that it does not stand for the most basic of human rights. The United States must no longer accept China's defiance of the precepts of the U.N. Declaration on Human Rights, which the rest of the international community accepts and lives by.

China is witnessing the worst crackdown on dissent since the days immediately following the Tiananmen Square massacre. Since this crackdown began in November, the United States along with the international community has done little to condemn China. When three prominent dissidents were given absurd prison
