S. CON. RES. 25

Whereas all children deserve a quality education, including children with disabilities;

Whereas Pennsylvania Association for Retarded Children v. Commonwealth of Pennsylvania, 334 F. Supp. 1247 (E. Dist. Pa. 1971), and Mills v. Board of Education of the District of Columbia, 348 F. Supp. 866 (Dist. D. C. 1972), found that children with disabilities are guaranteed an equal opportunity to an education under the 14th amendment to the Constitution;

Whereas the Congress responded to these court decisions by passing the Education for All Handicapped Children Act of 1975 (enacted as Public Law 94-142), now known as the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), to ensure a free, appropriate public education for children with disabilities;

Whereas the Individuals with Disabilities Education Act provides that the Federal, State, and local governments are to share in the expense of educating children with disabilities and commits the Federal Government to pay up to 40 percent of the national average per pupil expenditure for children with disabilities;

Whereas the Federal Government has provided only 9, 11, and 12 percent of the maximum State grant allocation for educating children with disabilities under the Individuals with Disabilities Education Act in the last 3 years, respectively;

Whereas the national average cost of educating a special education student (\$13,323) is more than twice the national average per pupil cost (\$6,140);

Whereas research indicates that children who are effectively taught, including effective instruction aimed at acquiring literacy
