**SEC. 205. PRESIDENT’S BUDGET.**

Section 1105(f) of title 31, United States Code, is amended by striking “in a manner consistent” and inserting “in compliance”.

**SEC. 206. SUNSET.**

This title and the amendments made by this title shall expire on May 1, 2010.

AMENDMENTS SUBMITTED ON  
APRIL 26, 1999

Y2K ACT

HOLLINGS AMENDMENTS NOS. 265—  
266

(Ordered to lie on the table.)

Mr. HOLLINGS submitted two amendments intended to be proposed by him to the bill (S. 96) to regulate commerce between and among the several States by providing for the orderly resolution of disputes arising out of computer-based problems related to processing data that includes a 2-digit expression of that year’s date; as follows:

AMENDMENT No. 265

At the end add the following:

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Children’s Protection from Violent Programming Act”.

**SEC. 2. FINDINGS.**

The Congress makes the following findings:

(1) Television influences the perception children have of the values and behavior that are common and acceptable in society.

(2) Broadcast television, cable television, and video programming are—

(A) pervasive presences in the lives of all American children; and

(B) readily accessible to all American children.

(3) Violent video programming influences children, as does indecent programming.

(4) There is empirical evidence that children exposed to violent video programming at a young age have a higher tendency to engage in violent and aggressive behavior later in life than those children not so exposed.

(5) Children exposed to violent video programming are prone to assume that acts of violence are acceptable behavior and therefore to imitate such behavior.

(6) Children exposed to violent video programming have an increased fear of becoming a victim of violence, resulting in increased self-protective behaviors and increased mistrust of others.

(7) There is a compelling governmental interest in limiting the negative influences of violent video programming on children.

(8) There is a compelling governmental interest in channeling programming with violent content to periods of the day when children are not likely to comprise a substantial portion of the television audience.

(9) Because some programming that is readily accessible to minors remains unrated and therefore cannot be blocked solely on the basis of its violent contents restricting the hours when violent video programming is shown is the least restrictive and most narrowly tailored means to achieve a compelling governmental interest.

(10) Warning labels about the violent content of video programming will not in themselves prevent children from watching violent video programming.

(11) Although many programs are now subject to both age-based and content-based ratings, some broadcast and non-premium cable programs remain unrated with respect to the content of their programming.

(12) Technology-based solutions may be helpful in protecting some children, but may not be effective in achieving the compelling governmental interest in protecting all children from violent programming when parents are only able to block programming that has in fact been rated for violence.

(13) Technology-based solutions will not be installed in all newly manufactured televisions until January 1, 2000.

(14) Even though technology-based solutions will be readily available, many consumers of video programming will not actually own such technology for several years and therefore will be unable to take advantage of content based ratings to prevent their children from watching violent programming.

(15) In light of the fact that some programming remains unrated for content, and given that many consumers will not have blocking technology in the near future, the channeling of violent programming is the least restrictive means to limit the exposure of children to the harmful influences of violent programming.

(16) Restricting the hours when violent programming can be shown protects the interests of children whose parents are unavailable, are unable to supervise their children's viewing behavior, do not have the benefit of technology-based solutions, are unable to afford the costs of technology-based solution, or are unable to determine the content of those shows that are only subject to age-based ratings.

### SEC. 3. UNLAWFUL DISTRIBUTION OF VIOLENT VIDEO PROGRAMMING.

Title VII of the Communications Act of 1934 (47 U.S.C. 701 et seq.) is amended by adding at the end the following:

### “SEC. 715. UNLAWFUL DISTRIBUTION OF VIOLENT VIDEO PROGRAMMING NOT SPECIFICALLY BLOCKABLE BY ELECTRONIC MEANS.

“(a) UNLAWFUL DISTRIBUTION.—It shall be unlawful for any person to distribute to the public any violent video programming during hours when children are reasonably likely to comprise a substantial portion of the audience.

“(b) RULEMAKING PROCEEDING.—The Commission shall conduct a rulemaking proceeding to implement the provisions of this section and shall promulgate final regulations pursuant to that proceeding not later than 9 months after the date of enactment of the Children's Protection from Violent Programming Act. As part of that proceeding, the Commission—

“(1) may exempt from the prohibition under subsection (a) programming (including news programs and sporting events) whose distribution does not conflict with the objective of protecting children from the negative influences of violent video programming, as that objective is reflected in the findings in section 551(a) of the Telecommunications Act of 1996;

“(2) shall exempt premium and pay-per-view cable programming; and

“(3) shall define the term ‘hours when children are reasonably likely to comprise a substantial portion of the audience’ and the term ‘violent video programming.’

“(c) REPEAT VIOLATIONS.—If a person repeatedly violates this section or any regulation promulgated under this section, the Commission shall, after notice and opportunity for hearing, revoke any license issued to that person under this Act.

“(d) CONSIDERATION OF VIOLATIONS IN LICENSE RENEWALS.—The Commission shall consider, among the elements in its review of an application for renewal of a license under this Act, whether the licensee has complied with this section and the regulations promulgated under this section.

“(e) DISTRIBUTE DEFINED.—In this section, the term ‘distribute’ means to send, transmit, retransmit, telecast, broadcast, or cablecast, including by wire, microwave, or satellite.”

### SEC. 4. SEPARABILITY.

If any provision of this Act, or any provision of an amendment made by this Act, or the application thereof to particular persons or circumstances, is found to be unconstitutional, the remainder of this Act or that amendment, or the application thereof to other persons or circumstances shall not be affected.

### SEC. 5. EFFECTIVE DATE.

The prohibition contained in section 715 of the Communications Act of 1934 (as added by section 3 of this Act) and the regulations promulgated thereunder shall take effect 1 year after the regulations are adopted by the Commission.

I would ask us all to remember Sergeant Anthony Wade Brown, Specialist Earl Condary Eoff, Sergeant Robert Gerald Millward, Sergeant James Robert Murphy, Jr., Chief Warrant Officer Two Aaron King Power, Specialist Fury John Rice, and Sergeant Julius

Raymond Wilkes, Jr. We must also keep their fellow soldiers, friends, and especially their families in our prayers during this difficult time of mourning.

These seven soldiers took an oath when they joined the military to defend this great nation. We must not take for granted their service and their commitment to us. We should take an oath now that they will remain in our hearts forever and that we will never forget them.

God bless these men.●

#### 10TH ANNIVERSARY OF GPCC YOUTH IN GOVERNMENT PRO- GRAM

• Mr. ABRAHAM. Mr. President, I rise today to honor the Greater Pontiac Community Coalition for its ten year anniversary of their Youth In Government and Business program.

The Greater Pontiac Community Coalition was founded by Reverend Douglas P. Jones, Pastor of the Welcome Missionary Baptist Church in Pontiac, Michigan, who serves as President of the Greater Pontiac Community Coalition.

The program has promoted educational excellence among middle and high school students, with over 3,500 youth participating in this fine program.

This year students were taught about government, law enforcement, education and business through hands-on visits with state and local officials representing each of those segments of the community. Valuable experiences are garnered through the Youth in Government and Business, inspiring many to carry the torch of community leadership into the future.

Building on his past successes, Reverend Jones now plans to engage the program at the elementary school level, and his program is also being duplicated in other communities in Metropolitan Detroit. This is a testament to the success faith-based and community-based efforts can have in making a difference for our youth.

I want to express my congratulations to Pastor Jones and wish him and all graduates continued success. Most importantly, I would like to thank him for his commitment to the youth in our communities.●
