##### PHYSICIAN ASSISTANT EQUITY ACT

Mr. CONRAD. Mr. President, today I am pleased to be joined by Senators NICKLES, ROCKEFELLER, INOUE, and HARKIN to introduce legislation that directs the Office of Personnel Management (OPM) to develop a classification standard appropriate to the occupation of physician assistant.

Physician assistants are a part of a growing field of health care professionals that make quality health care available and affordable in underserved areas throughout our country. Because the physician assistant profession was very young when OPM first developed employment criteria in 1970, the agency adapted the nursing classification system for physician assistants. Today, this is no longer appropriate. Physician assistants have different education and training requirements than nurses and they are licensed and evaluated according to different criteria.

The inaccurate classification of physician assistants had led to recruitment and retention problems of physician assistants in federal agencies, usually caused by low starting salaries and low salary caps. Because it is recognized that physician assistants provide cost-effective health care, this is an important problem to resolve.

This legislation mandates that OPM review this classification in consultation with physician assistants and the organizations that represent physician assistants. The bill specifically states that OPM should consider the educational and practice qualifications of the position as well as the treatment of physician assistants in the private sector in this review.

Mr. President, I believe that this legislation will make an important correction that will help federal agencies
