PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-119. A resolution adopted by the Senate of the Legislature of the Commonwealth of Massachusetts relative to Social Security; to the Committee on Finance.

SENATE RESOLUTION

Whereas, the Congress of the United States, as part of its efforts to address the financial crisis confronting the Social Security System, is considering a proposal mandating Social Security coverage for public employees, including public employees in Massachusetts who presently do not participate in the Social Security system; and

Whereas, the Commonwealth of Massachusetts and its cities and towns provided retirement benefits to employees prior to the creation of Social Security and, after being explicitly precluded from participation in the Social Security System, adopted a retirement structure providing adequate retirement and survivor benefits to employees including vital benefits for those permanently disabled in the line of duty; and

Whereas, in the early 1980's the Commonwealth of Massachusetts and its cities and towns were confronted by a similar financial crisis in retirement funding which, through the adoption of aggressive funding and investment policies following major statutory reforms, has been averted resulting in the secure financing of retirement benefits; and

Whereas, conservative estimates indicate that such public employee mandated Social Security coverage would impose billions of dollars in added costs on public employers in the Commonwealth of Massachusetts thereby diverting public resources from education, public safety, public works, health care and child care without having a serious impact on the fiscal condition of the Social Security System; and

Whereas, it has been determined that nationally such mandatory Social Security coverage would provide a short term fiscal solution that ultimately would extend the Social Security trust fund solvency by only two years; and

Whereas, the mandating of Social Security coverage for non-federal public employees may raise significant legal issues; now therefore be it

Resolved, that the Massachusetts Senate hereby urges the Congress of the United States to reject any proposal to reform Social Security that includes mandatory Social Security coverage for public employees; and be it further

Resolved, that a copy of these resolutions be transmitted by the clerk of the Senate to the President of the United States, the presiding officers of both Houses of Congress and the entire congressional delegation from the Commonwealth.

POM-120. A concurrent resolution adopted by the Legislature of the State of Hawaii relative to Social Security; to the Committee on Finance.

HOUSE CONCURRENT RESOLUTION 203

Whereas, an administrative fee to process the state supplement for Supplemental Security Income was implemented by section 5102 of the Balanced Budget Act of 1997; and

Whereas, the administrative fee to process the state supplement for Supplemental Security Income increases annually, and in fiscal year 2003 will increase to coincide with the Consumer Price Index; and

Whereas, there is no increase in the services provided by the Social Security Administration; and

Whereas, therefore, in fiscal year 1999, Hawaii is paying \$7.60 to issue a supplement of \$4.90; and

Whereas, Hawaii must continue to pay the administrative fee to avoid jeopardizing Medicaid reimbursements; and

Whereas, the contracting of the state supplement for Supplemental Security Income to a private vendor will decrease eligibility for Aged, Blind, and Disabled individuals because the Social Security Administration will allow the State to use only the Supplemental Security Income Federal Benefit Rate as the standard of assistance for all individuals regardless of living arrangement; now, therefore, be it

Resolved by the House of Representatives of the Twentieth Legislature of the State of Hawaii, Regular Session of 1999, the Senate concurring, That this body urges the United States Congress, the President of the United States, and the Secretary of Health and Human Services to support United States Senator Daniel K. Akaka, United States Senator Daniel K. Inouye, United States Representative Neil Abercrombie, and United States Representative Patsy T. Mink's federal legislation to amend the Social Security Act in the following manner:

(1) To allow Hawaii to not issue a state supplement for Supplemental Security Income;

(2) To limit the cost of the administrative fees to process the state supplement for Supplemental Security Income by determining a maximum fee;

(3) To prohibit the Social Security Administration from increasing the amount of administrative fees to process the state supplement for Supplemental Security Income without any increase in services; and

(4) To allow Hawaii to contract the processing of state supplements for Supplemental Security Income to a private vendor

without being penalized by decreasing the standard of assistance to the Federal Benefit Rate only; and be it further

Resolved, That certified copies of this Concurrent Resolution be transmitted to the President of the United States Senate, the Speaker of the United States House of Representatives, the President of the United States, the Secretary of the United States Department of Health and Human Services, and the members of Hawaii's congressional delegation.

POM-121. A joint resolution adopted by the Legislature of the State of Maine relative to the proposed "Prescription Drug Fairness for Seniors Act"; to the Committee on Finance.

JOINT RESOLUTION

We, your Memorialists, the Members of the One Hundred and Nineteenth Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the President of the United States and the United States Congress, as follows:

Whereas, the elderly of the United States are 14% of the population and consume 30% of the prescription drugs and Medicare does not cover the cost of prescription drugs except in a very few cases; and

Whereas, the House Government Reform and Oversight Committee conducted studies in 20 congressional districts in 1998 and discovered there are vast differences between prices that pharmaceutical companies charge their favored customers, such as HMOs, large hospitals and the Federal Government, and the prices they charge uninsured senior citizens; and

Whereas, older Americans, who are often on fixed and limited incomes, pay on the average nearly double the price for prescription drugs that the favored customers of the pharmaceutical companies pay; and

Whereas, there is now before Congress legislation that would address this inequity by protecting the elderly from drug price discrimination and making prescription drugs available to Medicare beneficiaries at substantially reduced prices; and

Whereas, the Prescription Drug Fairness for Seniors Act, sponsored by Representative Tom Allen of the First District in Maine and cosponsored by countless others, would not establish new federal bureaucracy but would utilize an existing pharmacy distribution system; and

Whereas, this important legislation would ensure that no older American would need to choose between buying food or medicine or paying the basic bills or choosing to live in pain and anxiety; now, therefore, be it

Resolved, That We, your Memorialists, request that the President of the United States and the United States Congress work together to pass this important and far-reaching legislation that would help the elderly and, in turn, all Americans; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable William J. Clinton, President of the United States; the President of the United States Senate; the Speaker of the House of Representatives of the United States and to each Member of the Maine Congressional Delegation.
