CONGRATULATIONS TO UNION CARBIDE CORPORATION TECHNICAL CENTER

(Mr. WISE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WISE. Mr. Speaker, this is a noteworthy week in South Charleston, West Virginia, as Union Carbide Technical Center celebrates its 50th anniversary. As an innovator for Union Carbide’s activities located worldwide, the Tech Center was located in April 1949 in the original research building. I want to congratulate Union Carbide’s CEO, Dr. William Joyce, the employees and the retirees of the Technical Center, as we look forward to continuing a very productive working relationship.

The Tech Center, in addition to being a highly profitable and decorated organization, has also been an excellent corporate citizen in its involvement as volunteers in the area and a good partner for the community.

Since its location 50 years ago, the site has grown to approximately 650 acres, and the technical center offers worldwide assistance to Union Carbide in its manufacturing businesses and research, development and engineering. It comes as no surprise that Union Carbide has won awards for three of its products and services primarily developed at the technical center.

We want to congratulate again Union Carbide for being a good citizen and its 50th anniversary.

WANG GOT GUNS AND CLINTON GOT CASH

(Mr. PITTS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PITTS. Mr. Speaker, I would like to respond to my Second Amendment-loving friend on the liberal side of the aisle. If the administration and its defenders in Congress are so concerned about guns, then why did the Clinton administration sign a waiver on February 2, 1996 for a Chinese gun company to import 100,000 additional assault steel to rebuild Kosovo, not the American people?

Can anyone imagine why suddenly Wang got his guns on American streets and Clinton got his campaign cash?

WAR IN KOSOVO

(Mr. TRAFICANT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRAFICANT. Mr. Speaker, the headlines read, crisis in Kosovo. Conflict in Kosovo. Spare me, Mr. Speaker. This is war in Kosovo, stone-cold war. And it is time, it is time to support independence for Kosovo. There will be no long-lasting peace without it. It is time to arm the KLA and send Milosevic looking over his shoulder, and it is time to arrest Milosevic for war crimes.

One last point. After it is over, Europe should clean up Kosovo and Europe should pay for the concrete and steel to rebuild Kosovo, not the American people.

REJECT AMENDMENT TO INCREASE MILK TAX

(Mr. GREEN of Wisconsin asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GREEN. Mr. Speaker, later today the House is expected to consider an amendment to the agricultural appropriations act that would essentially prevent Secretary Glickman from implementing his proposed very modest milk marketing reforms. This amendment is terrible public policy. It would reinforce what I call the tune of $1 billion annually.

In a recent letter, Citizens Against Government Waste said it "opposes any effort to artificially mandate higher milk prices and would score the vote for such an amendment as a vote against the U.S. taxpayer." Against the U.S. taxpayer.

This amendment is bad for taxpayers, it is bad for consumers, and yes, it is bad for family farms. I urge my colleagues to join me later today in rejecting this amendment to increase the milk tax.

GUN VIOLENCE IN OUR SCHOOLS

(Mrs. CAPPS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. CAPPS. Mr. Speaker, as a school nurse I rise today to address a national crisis in our schools: gun violence. I spent last weekend with my two grandchildren. Hugging them, my heart ached for the parents and grandparents whose kids attend Heritage and Columbine High School. Something is terribly wrong when school shootings become commonplace in our society. There is no simple solution to youth violence, but common sense gun control is an important place to start.

Mr. Speaker, we worry about the safety of our children’s toys, but we do not have child safety locks on guns. Let us get real.

Last week, the Senate passed sensible legislation that will save lives. Now the House must act. Not next month, today. Each day, 13 children under age 19 are killed because of guns.

Mr. Speaker, Congress should listen to parents, grandparents and students everywhere and act now to stop this national epidemic.

DOD AUTHORIZATION BILL

(Mr. RYUN of Kansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RYUN. Mr. Speaker, the United States military has been stretched to the point of breaking. Congress has had to increase the President’s defense budget by $50 billion over the last five years just to add to important unfunded requirements. While operational commitments around the world have increased by 300 percent since 1989, the Air Force and Army have been reduced by 45 percent, the Navy, 36 percent, and the Marines, 12 percent. Mr. Speaker, these are frightening numbers.

The conflict in Kosovo has revealed to the world the questionable readiness state of the United States military. Readiness of our military equipment goes beyond the state of hardware and encompasses the quality of life of our soldiers.

Mr. Speaker, the United States military has been operationally deployed 30 times in the last 8 years. To retain our skilled military personnel, operation temps must be reduced and readiness accounts must be increased.

THE WAR IN KOSOVO

(Mr. KUCINICH asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KUCINICH. Mr. Speaker, the Los Angeles Times headline points out that the United States or NATO is preparing to send 50,000 troops to Kosovo, to the Kosovo border. They call them
