**SEC. 582. POSTHUMOUS ADVANCEMENT OF REAR ADMIRAL (RETIRED) HUSBAND E. KIMMEL AND MAJOR GENERAL (RETIRED) WALTER C. SHORT ON RETIRED LISTS.**

(a) FINDINGS.—Congress makes the following findings:

(1) The late Rear Admiral (retired) Husband E. Kimmel, formerly serving in the

grade of admiral as the Commander in Chief of the United States Fleet and the Commander in Chief, United States Pacific Fleet, had an excellent and unassailable record throughout his career in the United States Navy prior to the December 7, 1941 attack on Pearl Harbor.

(2) The late Major General (retired) Walter C. Short, formerly serving in the grade of lieutenant general as the Commander of the United States Army Hawaiian Department, had an excellent and unassailable record throughout his career in the United States Army prior to the December 7, 1941 attack on Pearl Harbor.

(3) Numerous investigations following the attack on Pearl Harbor have documented that then Admiral Kimmel and then Lieutenant General Short were not provided necessary and critical intelligence that was available, that foretold of war with Japan, that warned of imminent attack, and that would have alerted them to prepare for the attack, including such essential communications as the Japanese Pearl Harbor Bomb Plot message of September 24, 1941, and the message sent from the Imperial Japanese Foreign Ministry to the Japanese Ambassador in the United States from December 6–7, 1941, known as the Fourteen-Part Message.

(4) On December 16, 1941, Admiral Kimmel and Lieutenant General Short were relieved of their commands and returned to their permanent ranks of rear admiral and major general.

(5) Admiral William Harrison Standley, who served as a member of the investigating commission known as the Roberts Commission that accused Admiral Kimmel and Lieutenant General Short of “dereliction of duty” only six weeks after the attack on Pearl Harbor, later disavowed the report maintaining that “these two officers were martyred” and “if they had been brought to trial, both would have been cleared of the charge”.

(6) On October 19, 1944, a Naval Court of Inquiry—

(A) exonerated Admiral Kimmel on the grounds that his military decisions and the disposition of his forces at the time of the December 7, 1941 attack on Pearl Harbor were proper “by virtue of the information that Admiral Kimmel had at hand which indicated neither the probability nor the imminence of an air attack on Pearl Harbor”;

(B) criticized the higher command for not sharing with Admiral Kimmel “during the very critical period of 26 November to 7 December 1941, important information . . . regarding the Japanese situation”;

(C) concluded that the Japanese attack and its outcome was attributable to no serious fault on the part of anyone in the naval service.

(7) On June 15, 1944, an investigation conducted by Admiral T. C. Hart at the direction of the Secretary of the Navy produced evidence, subsequently confirmed, that essential intelligence concerning Japanese intentions and war plans was available in Washington but was not shared with Admiral Kimmel.

(8) On October 20, 1944, the Army Pearl Harbor Board of Investigation determined that—

(A) Lieutenant General Short had not been kept “fully advised of the growing tenseness of the Japanese situation which indicated an increasing necessity for better preparation for war”;

(B) detailed information and intelligence about Japanese intentions and war plans were available in “abundance”, but were not

shared with Lieutenant General Short’s Hawaii command; and

(C) Lieutenant General Short was not provided “on the evening of December 6th and the early morning of December 7th, the critical information indicating an almost immediate break with Japan, though there was ample time to have accomplished this”.

(9) The reports by both the Naval Court of Inquiry and the Army Pearl Harbor Board of Investigation were kept secret, and Rear Admiral (retired) Kimmel and Major General (retired) Short were denied their requests to defend themselves through trial by court-martial.

(10) The joint committee of Congress that was established to investigate the conduct of Admiral Kimmel and Lieutenant General Short completed, on May 31, 1946, a 1,075-page report which included the conclusions of the committee that the two officers had not been guilty of dereliction of duty.

(11) The Officer Personnel Act of 1947, in establishing a promotion system for the Navy and the Army, provided a legal basis for the President to honor any officer of the Armed Forces of the United States who served his country as a senior commander during World War II with a placement of that officer, with the advice and consent of the Senate, on the retired list with the highest grade held while on the active duty list.

(12) On April 27, 1954, the then Chief of Naval Personnel, Admiral J. L. Holloway, Jr., recommended that Rear Admiral Kimmel be advanced in rank in accordance with the provisions of the Officer Personnel Act of 1947.

(13) On November 13, 1991, a majority of the members of the Board for the Correction of Military Records of the Department of the Army found that the late Major General (retired) Short “was unjustly held responsible for the Pearl Harbor disaster” and that “it would be equitable and just” to advance him to the rank of lieutenant general on the retired list”.

(14) In October 1994, the then Chief of Naval Operations, Admiral Carlisle Trost, withdrew his 1988 recommendation against the advancement of Rear Admiral (retired) Kimmel (by then deceased) and recommended that the case of Rear Admiral Kimmel be reopened.

(15) Although the Dorn Report, a report on the results of a Department of Defense study that was issued on December 15, 1995, did not provide support for an advancement of the late Rear Admiral (retired) Kimmel or the late Major General (retired) Short in grade, it did set forth as a conclusion of the study that “responsibility for the Pearl Harbor disaster should not fall solely on the shoulders of Admiral Kimmel and Lieutenant General Short, it should be broadly shared”.

(16) The Dorn Report found—

(A) that “Army and Navy officials in Washington were privy to intercepted Japanese diplomatic communications . . . which provided crucial confirmation of the imminence of war”;

(B) that “the evidence of the handling of these messages in Washington reveals some ineptitude, some unwarranted assumptions and misestimations, limited coordination, ambiguous language, and lack of clarification and follow-up at higher levels”;

(C) that “together, these characteristics resulted in failure . . . to appreciate fully and to convey to the commanders in Hawaii the sense of focus and urgency that these intercepts should have engendered”.

(17) On July 21, 1997, Vice Admiral David C. Richardson (United States Navy, retired) responded to the Dorn Report with his own

study which confirmed findings of the Naval Court of Inquiry and the Army Pearl Harbor Board of Investigation and established, among other facts, that the war effort in 1941 was undermined by a restrictive intelligence distribution policy, and the degree to which the commanders of the United States forces in Hawaii were not alerted about the impending attack on Hawaii was directly attributable to the withholding of intelligence from then Admiral Kimmel and Lieutenant General Short.

(18) Rear Admiral (retired) Kimmel and Major General (retired) Short are the only two officers eligible for advancement under the Officer Personnel Act of 1947 as senior World War II commanders who were excluded from the list of retired officers presented for advancement on the retired lists to their highest wartime ranks under that Act.

(19) This singular exclusion from advancement of Rear Admiral (retired) Kimmel and Major General (retired) Short from the Navy retired list and the Army retired list, respectively, serves only to perpetuate the myth that the senior commanders in Hawaii were derelict in their duty and responsible for the success of the attack on Pearl Harbor, and is a distinct and unacceptable expression of dishonor toward two of the finest officers who have served in the Armed Forces of the United States.

(20) Major General (retired) Walter Short died on September 23, 1949, and Rear Admiral (retired) Husband Kimmel died on May 14, 1968, without having been accorded the honor of being returned to their wartime ranks as were their fellow veterans of World War II.

(21) The Veterans of Foreign Wars, the Pearl Harbor Survivors Association, the Admiral Nimitz Foundation, the Naval Academy Alumni Association, the Retired Officers Association, the Pearl Harbor Commemorative Committee, and other associations and numerous retired military officers have called for the rehabilitation of the reputations and honor of the late Rear Admiral (retired) Kimmel and the late Major General (retired) Short through their posthumous advancement on the retired lists to their highest wartime grades.

(b) REQUEST FOR ADVANCEMENT ON RETIRED LISTS.—(1) The President is requested—

(A) to advance the late Rear Admiral (retired) Husband E. Kimmel to the grade of admiral on the retired list of the Navy; and

(B) to advance the late Major General (retired) Walter C. Short to the grade of lieutenant general on the retired list of the Army.

(2) Any advancement in grade on a retired list requested under paragraph (1) shall not increase or otherwise modify the compensation or benefits from the United States to which any person is now or may in the future be entitled based upon the military service of the officer advanced.

(c) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the late Rear Admiral (retired) Husband E. Kimmel performed his duties as Commander in Chief, United States Pacific Fleet, competently and professionally, and, therefore, the losses incurred by the United States in the attacks on the naval base at Pearl Harbor, Hawaii, and other targets on the island of Oahu, Hawaii, on December 7, 1941, were not a result of dereliction in the performance of those duties by the then Admiral Kimmel; and

(2) the late Major General (retired) Walter C. Short performed his duties as Commanding General, Hawaiian Department, competently and professionally, and, therefore, the losses incurred by the United States in the attacks on Hickam Army Air Field and Schofield Barracks, Hawaii, and other targets on the island of Oahu, Hawaii, on December 7, 1941, were not a result of dereliction in the performance of those duties by the then Lieutenant General Short.

**SEC. 583. EXIT SURVEY FOR SEPARATING MEMBERS.**

(a) REQUIREMENT.—The Secretary of Defense shall develop and carry out a survey on attitudes toward military service to be completed by members of the Armed Forces who voluntarily separate from the Armed Forces or transfer from a regular component to a reserve component during the period beginning on January 1, 2000, and ending on June 30, 2000, or such later date as the Secretary determines necessary in order to obtain enough survey responses to provide a sufficient basis for meaningful analysis of survey results. Completion of the survey shall be required of such personnel as part of outprocessing activities. The Secretary of each military department shall suspend exit surveys and interviews of that department during the period described in the first sentence.

(b) SURVEY CONTENT.—The survey shall, at a minimum, cover the following subjects:

(1) Reasons for leaving military service.  
 (2) Plans for activities after separation (such as enrollment in school, use of Montgomery GI Bill benefits, and work).

(3) Affiliation with a Reserve component, together with the reasons for affiliating or not affiliating, as the case may be.

(4) Attitude toward pay and benefits for service in the Armed Forces.

(5) Extent of job satisfaction during service as a member of the Armed Forces.

(6) Such other matters as the Secretary determines appropriate to the survey concerning reasons for choosing to separate from the Armed Forces.

(c) REPORT.—Not later than February 1, 2001, the Secretary shall submit to Congress a report containing the results of the surveys. The report shall include an analysis of the reasons why military personnel voluntarily separate from the Armed Forces and the post-separation plans of those personnel. The Secretary shall utilize the report's findings in crafting future responses to declining retention and recruitment.

**SEC. 584. ADMINISTRATION OF DEFENSE REFORM INITIATIVE ENTERPRISE PROGRAM FOR MILITARY MANPOWER AND PERSONNEL INFORMATION.**

(a) EXECUTIVE AGENT.—The Secretary of Defense shall designate the Secretary of the Navy as the executive agent for carrying out the defense reform initiative enterprise pilot program for military manpower and personnel information established under section 8147 of the Department of Defense Appropriations Act, 1999 (Public Law 105-262; 112 Stat. 2341; 10 U.S.C. 113 note).

(b) ACTION OFFICIALS.—In carrying out the pilot program, the Secretary of the Navy shall act through the head of the Systems Executive Office for Manpower and Personnel, who shall act in coordination with the Under Secretary of Defense for Personnel and Readiness and the Chief Information Officer of the Department of Defense.

(C) a prohibition on supplying arms, airplane parts, and certain oil equipment to Libya, and a blocking of Libyan Government funds in other countries.

(6) Colonel Muammar Qadhafi for many years refused to extradite the suspects to either the United States or the United Kingdom and had insisted that he would only transfer the suspects to a third and neutral country to stand trial.

(7) On August 24, 1998, the United States and the United Kingdom agreed to the proposal that Colonel Qadhafi transfer the suspects to The Netherlands, where they would stand trial under a Scottish court, under Scottish law, and with a panel of Scottish judges.

(8) The United Nations Security Council endorsed the United States-United Kingdom proposal on August 27, 1998 in United Nations Security Council Resolution 1192.

(9) The United States, consistent with United Nations Security Council resolutions, called on Libya to ensure the production of evidence, including the presence of witnesses before the court, and to comply fully with all the requirements of the United Nations Security Council resolutions.

(10) After years of intensive diplomacy, Colonel Qadhafi finally transferred the two Libyan suspects to The Netherlands on April 5, 1999, and the United Nations Security Council, in turn, suspended its sanctions against Libya that same day.

(11) Libya has only fulfilled one of four conditions (the transfer of the two suspects accused in the Lockerbie bombing) set forth in United Nations Security Council Resolutions 731, 748, and 883 that would justify the lifting of United Nations Security Council sanctions against Libya.

(12) Libya has not fulfilled the other three conditions (cooperation with the Lockerbie

investigation and trial; renunciation of and ending support for terrorism; and payment of appropriate compensation) necessary to lift the United Nations Security Council sanctions.

(13) The United Nations Secretary General is expected to issue a report to the Security Council on or before July 5, 1999, on the issue of Libya's compliance with the remaining conditions.

(14) Any member of the United Nations Security Council has the right to introduce a resolution to lift the sanctions against Libya after the United Nations Secretary General's report has been issued.

(15) The United States Government considers Libya a state sponsor of terrorism and the State Department Report, "Patterns of Global Terrorism; 1998", stated that Colonel Qadhafi "continued publicly and privately to support Palestinian terrorist groups, including the PIJ and the PFLP-GC".

(16) United States Government sanctions (other than sanctions on food or medicine) should be maintained on Libya, and in accordance with United States law, the Secretary of State should keep Libya on the list of countries the governments of which have repeatedly provided support for acts of international terrorism under section 6(j) of the Export Administration Act of 1979 in light of Libya's ongoing support for terrorist groups.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the President should use all diplomatic means necessary, including the use of the United States veto at the United Nations Security Council, to prevent the Security Council from lifting sanctions against Libya until Libya fulfills all of the conditions set forth in United Nations Security Council Resolutions 731, 748, and 883.

(e) EXCEPTION.—The requirements of subsections (a) and (b) shall not apply if the President determines that notification of Congress would jeopardize an on-going criminal investigation. If the President makes such a determination he shall provide written notification to the Majority Leader of the Senate, the Minority Leader of the Sen-

ate, the Speaker of the House of Representatives and the Minority Leader of the House of Representatives. Such notification shall include a justification for any such determination.

(8) to establish a system for—

(A) the preparation and filing by personnel of the Agency who monitor satellite launch campaigns overseas of detailed reports of all activities observed by such personnel in the course of monitoring such campaigns;

(B) the systematic archiving of reports filed under subparagraph (A); and

(C) the preservation of such reports in accordance with applicable laws; and

(9) to establish a counterintelligence program within the Agency as part of its satellite launch monitoring program.

(b) ANNUAL REPORT ON IMPLEMENTATION OF SATELLITE TECHNOLOGY SAFEGUARDS.—(1) The Secretary of Defense and the Secretary of State shall each submit to Congress each year, as part of the annual report for that year under section 1514(a)(8) of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999, the following:

(A) A summary of the satellite launch campaigns and related activities monitored by the Defense Threat Reduction Agency during the preceding year.

(B) A description of any license infractions or violations that may have occurred during such campaigns and activities.

(C) A description of the personnel, funds, and other resources dedicated to the satellite launch monitoring program of the Agency during that year.

(D) An assessment of the record of United States satellite makers in cooperating with Agency monitors, and in complying with United States export control laws, during that year.

(2) Each report under paragraph (1) shall be submitted in classified form and unclassified form.

**SEC. 1072. ENHANCEMENT OF INTELLIGENCE COMMUNITY ACTIVITIES.**

(a) CONSULTATION WITH DCI.—The Secretary of State and Secretary of Defense shall consult with the Director of Central Intelligence throughout the review of an application for a license involving the overseas launch of a commercial satellite of United States origin in order to assure that the launch of the satellite, if the license is approved, will meet any requirements necessary to protect the national security interests of the United States.

**SEC. 1073. ADHERENCE OF PEOPLE'S REPUBLIC OF CHINA TO MISSILE TECHNOLOGY CONTROL REGIME.**

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the President should take all actions appropriate to obtain a bilateral agreement with the People's Republic of China to adhere to the Missile Technology Control Regime (MTCR) and the MTCR Annex; and

(2) the People's Republic of China should not be permitted to join the Missile Technology Control Regime as a member without having—

(A) demonstrated a sustained and verified commitment to the nonproliferation of missiles and missile technology; and

(B) adopted an effective export control system for implementing guidelines under the Missile Technology Control Regime and the MTCR Annex.

(b) DEFINITIONS.—In this section:

(1) The term “Missile Technology Control Regime” means the policy statement, between the United States, the United Kingdom, the Federal Republic of Germany, France, Italy, Canada, and Japan, announced on April 16, 1987, to restrict sensitive missile-relevant transfers based on the MTCR Annex, and any amendments thereto.

**SEC. 1074. UNITED STATES COMMERCIAL SPACE LAUNCH CAPACITY.**

It is the sense of Congress that—

(1) Congress and the President should work together to stimulate and encourage the expansion of a commercial space launch capacity in the United States, including by taking actions to eliminate legal or regulatory barriers to long-term competitiveness in the United States commercial space launch industry; and

(2) Congress and the President should—

(A) reexamine the current United States policy of permitting the export of commercial satellites of United States origin to the People's Republic of China for launch;

(B) review the advantages and disadvantages of phasing out the policy over time, including advantages and disadvantages identified by Congress, the executive branch, the United States satellite industry, the United States space launch industry, the United States telecommunications industry, and other interested persons; and

(C) if the phase out of the policy is adopted, permit launches of commercial satellites of United States origin by the People's Republic of China only if—

(i) such launches are licensed as of the commencement of the phase out of the policy; and

(ii) additional actions are taken to minimize the transfer of technology to the People's Republic of China during the course of such launches.

**SEC. 1075. ANNUAL REPORTS ON SECURITY IN THE TAIWAN STRAIT.**

(c) APPROPRIATE CONGRESSIONAL COMMITTEES DEFINED.—The term “appropriate congressional committees” means the Committee on Foreign Relations and the Committee on Armed Services of the Senate and the Committee on International Relations and the Committee on Armed Services of the House of Representatives.

**SEC. 1076. DECLASSIFICATION OF RESTRICTED DATA AND FORMERLY RESTRICTED DATA.**

Section 3161(b) of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public Law 105-261; 112 Stat. 2260; 50 U.S.C. 435 note) is amended by adding at the end the following:

“(9) The actions to be taken to ensure that records subject to Executive Order No. 12958 that have previously been determined to be suitable for release to the public are reviewed on a page by page basis for Restricted Data or Formerly Restricted Data unless such records have been determined to be highly unlikely to contain Restricted Data or Formerly Restricted Data.”.

**SEC. 1077. DISENGAGING FROM NONCRITICAL OVERSEAS MISSIONS INVOLVING UNITED STATES COMBAT FORCES.**

(a) FINDINGS.—Congress makes the following findings:

(1) It is the National Security Strategy of the United States to “deter and defeat large-scale, cross-border aggression in two distant theaters in overlapping time frames”.

(2) The deterrence of Iraq and Iran in Southwest Asia and the deterrence of North Korea in Northeast Asia represent two such potential large-scale, cross-border theater requirements.

(3) The United States has 120,000 troops permanently assigned to those theaters.

(4) The United States has an additional 70,000 forces assigned to non-NATO/non-Pacific threat foreign countries.

(5) The United States has more than 6,000 troops in Bosnia-Herzegovina on indefinite assignment.

(6) The United States has diverted permanently assigned resources from other theaters to support operations in the Balkans.

(7) The United States provides military forces to seven active United Nations peace-keeping operations, including some missions that have continued for decades.

(8) Between 1986 and 1998, the number of American military deployments per year has nearly tripled at the same time the Department of Defense budget has been reduced in real terms by 38 percent.

(9) The Army has 10 active-duty divisions today, down from 18 in 1991, while on an average day in fiscal year 1998, 28,000 United States Army soldiers were deployed to more than 70 countries for over 300 separate missions.

(10) Active Air Force fighter wings have gone from 22 to 13 since 1991, while 70 percent of air sorties in Operation Allied Force over the Balkans are United States-flown and the Air Force continues to enforce northern and southern no-fly zones in Iraq. In response, the Air Force has initiated a “stop loss” program to block normal retirements and separations.

(11) The United States Navy has been reduced in size to 339 ships, its lowest level since 1938, necessitating the redeployment of the only overseas homeported aircraft carrier from the Western Pacific to the Mediterranean to support Operation Allied Force.

(12) In 1998 just 10 percent of eligible carrier naval aviators—27 out of 261—accepted continuation bonuses and remained in service.

(13) In 1998 48 percent of Air Force pilots eligible for continuation opted to leave the service.

(14) The Army could fall 6,000 below Congressionally authorized troop strength by the end of 1999.

(b) SENSE OF CONGRESS.—It is the sense of Congress that:

(1) The readiness of United States military forces to execute the National Security Strategy of the United States is being eroded from a combination of declining defense budgets and expanded missions.

(2) There may be missions to which the United States is contributing Armed Forces from which the United States can begin disengaging.

(c) REPORT REQUIREMENT.—Not later than March 1, 2000, the President shall submit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives, and to the Committees on Appropriations in both Houses, a report prioritizing the ongoing global missions to which the United States is contributing troops. The President shall include in the report a feasibility analysis of how the United States can—

- (1) shift resources from low priority missions in support of higher priority missions;
- (2) consolidate or reduce United States troop commitments worldwide;
- (3) end low priority missions.

**SEC. 1082. SENSE OF CONGRESS REGARDING UNITED STATES-RUSSIAN COOPERATION IN COMMERCIAL SPACE LAUNCH SERVICES.**

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

**SEC. 1086. COMMEMORATION OF THE VICTORY OF FREEDOM IN THE COLD WAR.**

(a) FINDINGS.—Congress makes the following findings:

(1) The Cold War between the United States and the former Union of Soviet So-

cialist Republics was the longest and most costly struggle for democracy and freedom in the history of mankind.

(2) Whether millions of people all over the world would live in freedom hinged on the outcome of the Cold War.

(3) Democratic countries bore the burden of the struggle and paid the costs in order to preserve and promote democracy and freedom.

(4) The Armed Forces and the taxpayers of the United States bore the greatest portion of such a burden and struggle in order to protect such principles.

(5) Tens of thousands of United States soldiers, sailors, Marines, and airmen paid the ultimate price during the Cold War in order to preserve the freedoms and liberties enjoyed in democratic countries.

(6) The Berlin Wall erected in Berlin, Germany, epitomized the totalitarianism that the United States struggled to eradicate during the Cold War.

(7) The fall of the Berlin Wall on November 9, 1989, marked the beginning of the end for Soviet totalitarianism, and thus the end of the Cold War.

(8) November 9, 1999, is the 10th anniversary of the fall of the Berlin Wall.

**TITLE XXIX—RENEWAL OF MILITARY LAND WITHDRAWALS**

The Congress finds that—

(1) Public Law 99-606 authorized public land withdrawals for several military installations, including the Barry M. Goldwater Air Force Range in Arizona, the McGregor Range in New Mexico, and Fort Wainwright and Fort Greely in Alaska, collectively comprising over 4 million acres of public land;

(2) these military ranges provide important military training opportunities and serve a critical role in the national security of the United States and their use for these purposes should be continued;

(3) in addition to their use for military purposes, these ranges contain significant natural and cultural resources, and provide important wildlife habitat;

(4) the future use of these ranges is important not only for the affected military branches, but also for local residents and other public land users;

(5) the public land withdrawals authorized in 1986 under Public Law 99-606 were for a period of 15 years, and expire in November 2001; and

(6) it is important that the renewal of these public land withdrawals be completed in a timely manner, consistent with the process established in Public Law 99-606 and other applicable laws, including the completion of appropriate environmental impact studies and opportunities for public comment and review.

**SEC. 2902. SENSE OF THE SENATE REGARDING PROPOSAL TO RENEW PUBLIC LAND WITHDRAWALS.**

**SEC. 2903. SENSE OF SENATE REGARDING WITHDRAWALS OF CERTAIN LANDS IN ARIZONA.**

Goldwater Air Force Range and the Cabeza Prieta National Wildlife Refuge, which would otherwise expire in 2001, be renewed in 1999;

(2) the renewed withdrawal of such lands is critical to meet the military training requirements of the Armed Forces and to provide the Armed Forces with experience necessary to defend the national interests;

(3) the Armed Forces currently carry out environmental stewardship of such lands in a comprehensive and focused manner; and

(4) a continuation in high-quality management of United States natural and cultural resources is required if the United States is to preserve its national heritage.
