

Mrs. Harrington has had an exceptional career in the public arena. A longtime advocate for the education system in Bayonne, Mrs. Harrington was appointed to the Bayonne Board of Education from 1981 to 1986. Because of her vision and enthusiasm in this role, Mrs. Harrington became the first woman president of the Board.

Her success with the Board of Education and her desire to do more for the community led Mrs. Harrington to seek elected public office. In 1986, she was elected first ward council member and in 1990, she was elected council member-at-large. This election made Mrs. Harrington the first woman to be elected to the city council.

During her time with the council, Mrs. Harrington acted as liaison on the Kill Van Kull dredging project and was instrumental in the circulating of information regarding many transportation projects in the city. Most significantly, Mrs. Harrington led the efforts in Bayonne to improve cable television service, to obtain the local television channel for residents, and to create a modern production studio in Bayonne High School.

A dedicated volunteer, Mrs. Harrington served as president of the Hudson County School Board Association, president of both St. Andrew's Parish and its Sports Organization, vice president and treasurer of the Evening Division of the Bayonne Women's Club, and member of the Holocaust Committee. Mrs. Harrington continues to be involved in a variety of local volunteer and service organizations and is the current chair of the Bayonne Municipal Utilities Authority.

Mrs. Harrington's accomplishments in public service have not gone unrecognized. Recently, she received the Mary T. Norton Congressional Award for her outstanding community service record.

A Bayonne native, Mrs. Harrington lives in Bayonne with her husband, Mr. Dan Harrington. The couple has four children and five grandchildren.

Mrs. Harrington's tireless efforts on behalf of the citizens of Bayonne are truly remarkable. For her dedicated service and unparalleled volunteerism in the Bayonne community, I ask my colleagues to join me in congratulating Mrs. Dorothy Harrington on receiving this honor.

Mr. SHAW. Mr. Speaker, I rise today to pay tribute to the Honorable Senator Gwen Margolis from Aventura, FL, who will be honored on March 4, 2000, by her synagogue, Both Torah Adath Yeshurun and by the North-east Dade community at-large.

Senator Margolis began her public service career in the Florida Legislature when elected to the House in 1974. She was subsequently re-elected to the House for three consecutive terms. Her career in the Florida Senate began in 1980 where she was appointed Chair of the

Finance, Tax and Claims Committee and subsequently the Appropriations Committee where she assisted in leading the state out of recessions and budgetary crises.

On November 20, 1990, she was sworn in as President of the Florida State Senate, making her the first woman in the United States to serve as President of any Senate. She spearheaded the passage of landmark legislation touted as the toughest ethics legislation in the nation, as well as a constitutional amendment that opened all government records and meetings to the public.

She currently serves as Chairperson of the Miami-Dade County Commission, appointed by Mayor Alexander Penelas, and is the first woman to serve in this position. Senator Margolis also serves on the Board of Directors of the Holocaust Documentation Center at Florida International University. Her name appears in Who's Who of Women in the World, Who's Who in Business and Industry, and Megatrend for Women. In addition to her outstanding career in public service, which she devotes a full time schedule, Senator Margolis was also a successful Real Estate Developer and Business Executive in her private, professional business career.

She has received numerous awards for her leadership and dedication to the community in which she serves. She was named "Woman of the Year" by the North Dade Regional Chamber and Gold Coast Chamber of Commerce. She has also received the Florida Chamber of Commerce "Legislator of the Year" award, and the Dade League of Cities "Good Government" award to name a few.

Although Senator Margolis and I were once opposing candidates, I am glad to call her my friend and colleague, and am equally delighted to share in this celebration in her honor.

COLUMBINE FOOTBALL CONGRATULATIONS

HON. THOMAS G. TANCREDO

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 27, 2000

Mr. TANCREDO. Mr. Speaker, seldom in America do we see a more joyous display of hope and heart than we saw on December 5, 1999 by the Columbine High School Football team as they played for their first state football championship. Less than a year after the community of Littleton, Colorado was thrust into the national spotlight by a tragedy unimaginable to any American, this suburban town was united behind a group of young men who battled football history, and the vivid memories of fallen teammates and classmates.

The headline in the local paper read, "This time, the tears of Columbine are tears of joy," (The Denver Rocky Mountain News, December 5, 1999) and how special those tears are for the parents, teachers, and students of this courageous high school.

The football team nobly dedicated their season to a fallen comrade, Matt Ketcher, who lost his life last April. Matt's younger brother, Adam, stood on the sideline as a sign of inspiration, wearing a Columbine letterman's jacket that was presented to him by the team, as they played for the state's top football prize.

What a way to end a special season.

Columbine won the game that Saturday by a score of 21-14, giving the school the state football championship, but more importantly, the team helped heal the souls of the school community.

I would like to congratulate the entire football team and their coaching staff for a season that meant more than they could ever have imagined. I hope that the entire nation can use them as motivation as we all do our part to ensure the healing of America continues.

A TRIBUTE IN HONOR OF WILLIAM  
J. BRESNAN

**HON. JAMES A. BARCIA**  
OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, January 27, 2000*

Mr. BARCIA. Mr. Speaker, I rise today to pay tribute to a good friend, Mr. Bill Bresnan, who has been, over the past 40 years, a primary leader in the growth of the cable television industry, not only in my home town of Bay City, MI, but throughout the Midwest, including Minnesota, Nebraska, Wisconsin, Kansas, and Illinois. Under his leadership, Bresnan Communications has also become known for its many educational programs, its emphasis on minority advancement, and for community relations initiatives that recognize the civic contributions of local citizens and seniors.

A native of Mankato, MN, Bill Bresnan began his career in 1958 when, at the age of 25, he designed and built his first cable system in Rochester, MN, for a group of local investors. That company was acquired by Jack Kent Cooke, Inc. in 1965, and Bill was appointed its vice president of engineering. Shortly thereafter, he was appointed to serve as its executive vice president.

From 1972 to 1982, Bill held various influential positions in the Teleprompter Corporation, which was then one of the largest cable organizations in the United States. These include president of Teleprompter's Cable Division, Board of Directors and the Executive Committee. In 1981, when Teleprompter was bought by Westinghouse Electric Corp., he was appointed chairman and chief executive officer of the resulting new company, Group W Cable, Inc.

During this time, Bill played a major role in helping advance cutting-edge technology in the burgeoning cable industry. He was instrumental in sending the first domestic satellite transmission using a Canadian ANIK satellite in 1973. Three years later he helped initiate the first commercial communications system in the United States to use optical fibers.

In 1984, Bill founded Bresnan Communications, which currently serves over 660,000 customers. The company's Midwestern market is not accidental, and is a good example of Bill's civic-minded business philosophy. Bill has made it a priority to invest in the small and medium sized communities in America's heartland, to make sure that cutting-edge technology does not bypass these hard-working Americans, in favor of large communities on the west or east coasts of the United States.

Bill has also made it a priority to invest in America's young adults. He was an early pioneer in the development and construction of interactive television networks for distant learning. Working with local school districts and colleges, Bill was a key motivator in connecting educational facilities via fiber and coaxial cable, enabling many schools to conduct fully interactive classes simultaneously across great distances.

The admiration and respect of Bresnan employees for their president is legendary within the industry. Bill is known as an extraordinarily generous person and a boss who sees all of his 1,400 employees as his equal. He allocates a significant percent of revenue to establishing and promoting community relations initiatives that recognize local senior citizens and minorities. Indeed, his commitment to advancing the interests of minorities—in their recruitment, placement and training—was recognized in September 1999 by the Walter Kaitz Foundation. Bill received the "Partnership in Diversity" award, one of the industry's highest honors.

I can assure you, Mr. Speaker, that there are not many businessmen today who are as committed to the technological advancements of the future as Mr. Bill Bresnan. There are not many who feel the necessity of bringing advancements to those who might not otherwise have access to them: Americans on the family farm in Michigan, or minorities, or school children in the Midwest. Bill Bresnan has many plans for the future, and I wish him much success in all his endeavors. I am positive, Mr. Speaker, that we in Michigan will be the grateful beneficiaries.

IN SUPPORT OF BROADENING THE  
TYPES OF PROPERTY SUBJECT  
TO CIVIL ASSET FORFEITURE IN  
ALIEN SMUGGLING CASES

**HON. CARRIE P. MEEK**  
OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, January 27, 2000*

Mrs. MEEK of Florida. Mr. Speaker, my bill addresses the pernicious practice of alien smuggling. Alien smugglers are a huge problem in South Florida, especially those who bring passengers from Haiti and Cuba to South Florida, frequently in unsafe boats and under very dangerous conditions.

For example, in March of last year, an alien smuggler's boat sank off the coast of West Palm Beach, Florida and, depending upon whether the Coast Guard or press reports of this horrendous tragedy are to be believed, anywhere from 15 to 40 Haitian passengers drowned.

These heartless and inhumane alien smugglers are parasites who are making huge sums of money off of the suffering of Haitians and Cubans who seek any means, legal or otherwise, to come to the United States. We must provide law enforcement with all available remedies to assure that the smugglers cannot continue to exploit vulnerable communities such as the Haitians and the Cubans. Unfortunately, the existing civil asset forfeiture provisions for alien smuggling are far more limited than those available to address drug offenses.

Current law authorizes the forfeiture of vehicles, vessels and aircraft used to commit alien smuggling offenses. This has proven to be an essential law enforcement tool that the INS uses more than 12,000 times a year. But the law has some glaring loopholes. We know that other types of property besides vessels, vehicles and aircraft are also used to facilitate alien smuggling offenses, but these other types of property currently are not subject to civil asset forfeiture.

For example, alien smugglers use electronic gear to monitor law enforcement activity directed against alien smuggling. The smugglers also own warehouses where vehicles, vessels, and even human beings are stashed to avoid detection by the Coast Guard or the Border Patrol. Yet these other types of property currently are not subject to civil asset forfeiture.

Current law also does not permit the forfeiture of the proceeds of an alien smuggling offense. If a smuggler is paid \$100,000 to bring people into the United States in his fishing boat, law enforcement should not be limited to taking the boat while letting the smuggler keep the \$100,000. The smuggler should be required to surrender the cash as well.

My bill corrects these deficiencies by expanding the scope of permissible civil asset forfeiture in alien smuggling cases to make it consistent with the standards used in drug cases. My bill provides that any property that constitutes, is derived from, or is traceable to the proceeds obtained directly or indirectly from alien smuggling, or is used to facilitate, or is intended to be used to facilitate alien smuggling, is subject to civil asset forfeiture.

Mr. Chairman, I don't fault those who would take extraordinary steps to try to come to the United States. Their efforts are totally understandable, even though unacceptable. I fault those who bring them to the United States outside of the law—the alien smugglers. Alien smugglers are a menace to society. As in drug cases, we should give law enforcement the full range of asset forfeiture remedies to deal with the serious problem of alien smuggling.

In civil asset forfeiture proceedings, law enforcement should have the ability to reach any property owned by the smugglers that is used to facilitate alien smuggling or that derives from or is traceable to such smuggling. There is no logical reason to limit the types of property subject to forfeiture in alien smuggling cases to vehicles, vessels and aircraft.

I urge my colleagues to support this common-sense bill.
