BUILDING PROSPERITY FOR THE FUTURE

This is a rare moment in American history. Never before has our Nation enjoyed so much prosperity, at a time when special progress continues to advance and our position as the global leader is secure. Today, we are well prepared to make the choices that will shape our Nation's future for decades to come.

By reversing the earlier trend of fiscal irresponsibility, balancing the budget, and producing a historic surplus, we have restored our national spirit and produced the resources to help opportunity and prosperity reach all corners of this Nation. We have it within our reach today, by making the right choices, to offer the promise of prosperity to generations of Americans to come. If we keep to the path of fiscal discipline, we can build a foundation of prosperity for the Nation's future.

My plan to extend the solvency of Social Security and Medicare allows the United States to become debt-free in the next 13 years, for the first time since 1835. Eliminating the debt will strengthen our economy, devote resources to Social Security, and prepare us to meet the challenges of the aging of America. Through fiscal discipline and wise choices we can extend the life of Social Security to the middle of the century, extend the solvency of Medicare until 2025, and modernize Medicare with a needed prescription drug benefit.

By continuing to maintain discipline, we can provide for the aging of America and for the investments of the future—including education, the environment, research and development, and defense—which are central to our economic growth, health, and national security. By making choices that respect fiscal discipline, we can make room to provide both for a balanced tax cut and for investments that will help this Nation stay strong in the future.

This new century is filled with promise, for we live at a remarkable time. By making wise choices, we have it within our power to extend the same promise and prosperity to generations to come.

WILLIAM J. CLINTON.

THE WHITE HOUSE, February 7, 2000.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-400. A joint resolution adopted by the Legislature of the State of Maine relative to the protection and restoration of the Atlantic Salmon; to the Committee on Environment and Public Works.

JOINT RESOLUTION

Whereas, the Federal Government, through the United States Fish and Wildlife Service and the National Marine Fisheries Service, has proposed to list the Atlantic salmon in 8 Maine rivers under the federal Endangered Species Act and has indicated a potential to include additional Maine rivers to the detriment of the agriculture, manufacturing, forest products and aquaculture industries of Maine on the basis of limited scientific evidence;

Whereas, Maine is strongly committed to the restoration of the Atlantic salmon to its waters, as demonstrated through the development of a comprehensive and cooperative Salmon Conservation Plan, which was produced over the course of 3 years with input from federal officials, relevant state departments, local conservation groups, affected businesses, farmers and riverside residents; and

Whereas, since the area covered by these 8 rivers and other rivers that may be included in the listing in the future contains 1/3 of the human population of Maine and virtually all of the aquaculture industry, all of Maine will feel the impact of the naming of the Atlantic salmon to the Endangered Species List; and

Whereas, adding the Atlantic salmon to the Endangered Species List in order to help the return of the Atlantic salmon in significant numbers to Maine's waters promises partnership between Maine and the Federal Government, which has had a history of good faith; and

Whereas, there exist many significant threats to the Atlantic salmon that lie beyond the influence of Maine that also affect the prospects of long-term Atlantic salmon restoration to the rivers of Maine; and

Whereas, Maine is strongly committed to the restoration of the Atlantic salmon to its waters, has committed millions of dollars to

its plan to produce this result and feels that the naming of the Atlantic salmon to the Endangered Species List is premature; now, therefore, be it

Resolved, That We, your Memorialists, respectfully urge and request that the President of the United States, the Secretary of the Interior Bruce Babbitt, the Secretary of Commerce William Daley and the Congress of the United States reconsider the intent to include the Atlantic salmon on the Endangered Species List as it would benefit neither the Atlantic salmon nor the people of Maine and allow Maine to continue to execute its own comprehensive plan to restore the Atlantic salmon to its waters; and be it further

Resolved, That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the President of the United States, to the President of the United States Senate, to the Speaker of the House of Representatives of the United States, to the Secretary of the Interior Bruce Babbitt, to the Secretary of Commerce William Daley and to each Member of the Maine Congressional Delegation.
