RECOGNIZING THE 25TH ANNIVERSARY OF PANAMAX OF SAN RAFAEL

**HON. LYNN C. WOOLSEY**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 13, 2000

Ms. WOOLSEY. Mr. Speaker, I rise today to recognize and celebrate the 25th Anniversary of Panamax of San Rafael. Panamax, the country's foremost designer and manufacturer of power protection equipment, is deserving of special Congressional recognition. What started out as a one room, single employee operation has become a multi-million dollar enterprise that provides employment opportunities to over one hundred individuals. Panamax has been a strong supporter of small business and has a record of hiring employees from the 6th Congressional District.

Panamax has earned a reputation for innovation and service to producers and users of a wide variety of high-tech equipment. The company has developed an important niche in the area of devices that provide protection from power surges and spikes. It also provides a complete guarantee on every unit produced.

Panamax has strongly supported international trade and has substantially expanded its trade with Canada, Latin America and the Pacific Rim countries. It continues to be an innovator and leader in the power protection field in the United States.

Mr. Speaker, it is my great pleasure to pay tribute to congratulate Panamax as they mark two decades of service. I am very proud to be representing such a fine company in Congress. I extend my best wishes to Henry Moody, and the Panamax family, for continued success in the years to come.

IN RECOGNITION OF AEROSPACE ELECTRONIC COMMERCE DAY, OAKLAND, CALIFORNIA

**HON. BARBARA LEE**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 13, 2000

Ms. LEE. Mr. Speaker, I advise my colleagues that the Aerospace Electronic Commerce Working Group, sponsored by the Aerospace Industries Association, is meeting on July 19, 2000, in Oakland, California, where they are collaborating and reaching consensus about electronic commerce standards and implementation conventions. The purpose is to simplify eBusiness implementation for small- and medium-size suppliers who must comply with both government and commercial requirements for electronic commerce capabilities.

Without collaboration among supply chain leaders at the top of virtual enterprise trading teams, suppliers face complexities that compound implementation and compliance costs. The Aerospace initiative began several years

EXTENSIONS OF REMARKS

14615

ago with consultants from Oakland leading facilitation on behalf of the Department of Defense Joint Electronic Commerce Program Office, managed by the Oakland Electronic Commerce Resource Center Program.

This is an ongoing requirement as business rules, business process scenarios, and enabling technologies change constantly.

Having the ability to conduct electronic commerce is a requirement for any business that is serving government customers. It is also a requirement for members of defense and other agency supply chains. The effort by supply chain leaders to make it possible for all suppliers to participate is to be commended.

I am proud that our community can catalyze progress on behalf of suppliers, many of which are minority, small disadvantaged businesses. Electronic commerce and eBusiness can increase access by small- and medium-sized businesses to new and expanding market opportunities.

TRIBUTE TO THE HONORABLE KATY GEISSERT

**HON. STEVEN T. KUYKENDALL**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 13, 2000

Mr. KUYKENDALL. Mr. Speaker, I rise today to honor former Torrance Mayor, Katy Geissert. Katy, along with Toyota Motor Sales USA, will be honored tomorrow night at the Torrance Cultural Arts Center Foundation's 50th anniversary gala.

Katy is a pioneer in South Bay politics. In 1974, Katy became the first woman elected to the Torrance City Council. After serving three terms, she became the first woman elected Mayor of the City of Torrance. Katy paved the way for women to hold public office in Torrance. A resident of Torrance for nearly a half century, Katy has been actively involved in the local community.

Her contributions to the Torrance community are numerous. Katy was the Founding President of the Torrance Cultural Arts Center Foundation, past chairman of the Torrance Salvation Army Advisory Board, consultant to the South Bay/Harbor Volunteer Bureau, and charter board member of the Torrance League of Women Voters.

I commend Katy for her tireless work on behalf of the South Bay. The community she represented is a better place to live because of her service. Congratulations on this much deserved honor.

A TRIBUTE TO JOHN THOMAS THORNTON, JR.

**HON. SANFORD D. BISHOP, JR.**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 13, 2000

Mr. BISHOP. Mr. Speaker, a few days ago, I had an opportunity to participate in a day of celebration and remembrance of the great contribution to agriculture and the economy in general made by the late John Thomas Thorn-

ton, Jr., of the community of Parrott, Georgia. If you are not familiar with the name, you are not alone. Even in the area of southwest Georgia where he lived and farmed most of his life, many people are not fully aware of his contribution, which impacts our lives even today.

J.T. Thornton invented the peanut shaker, a harvesting device that came into common use in the 1940's. His invention revolutionized the peanut industry. By making the harvesting process faster and more efficient, the peanut shaker contributed greatly to the economic growth of our area of Georgia and, in fact, to the country at large.

Mr. Thornton spent some 40 years developing and perfecting his invention. It was a magnificent achievement. The history of this achievement was beautifully presented in an essay written by a student from Parrott, Bonnie West, who won high honors when she entered the paper in the National History Day competition. Her accomplishment helped revive community interest in Mr. Thornton's invention, which he called the "Victory Peanut Harvester."

The people of Parrott, including members of the Thornton family, are establishing a museum on the invention of the peanut shaker, and sponsored the day of celebration that included a parade and a number of other events. It was an exciting and enjoyable day, and it helped bring wider recognition of what this native southwest Georgian achieved.

Although farmers did not have any more spare time back then than they do today, J.T. Thornton somehow found the time to apply his practical knowledge of farming, and his extraordinary grasp of engineering and mechanics, to overcome all of the difficulties he must have encountered until he produced something that raised the quality of life for countless Americans. This is a story we are proud of in southwest Georgia, and that can inspire other Americans, especially our young people. Mr. Speaker, it is, therefore, a story I want to share with our colleagues in Congress.

TRIBUTE TO ARMANDO "ACE" ALAGNA

**HON. DONALD M. PAYNE**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 13, 2000

Mr. PAYNE. Mr. Speaker, recently, the city of Newark experienced the sad loss of a wonderful community leader whom I was proud to call a friend, Mr. Armando "Ace" Alagna. Publisher of the popular newspaper The Italian Tribune, Mr. Alagna distinguished himself through his many humanitarian contributions, not only in our community, but around the globe. Proud of his Italian heritage, he was instrumental in the naming of the Columbus Day holiday, and he transformed the Columbus Day Parade in Newark into one of the largest and most successful in the entire nation. I know my colleagues here in the U.S. House of Representatives join me in honoring the memory of this great patriot and humanitarian and in extending our sympathy to the Alagna family. I submit the beautiful eulogy delivered by
