One of the victims of gun violence I mentioned was 38-year-old Lorena Gonzalez of Fontana, California. Lorena was shot and killed one year ago today in front of her 2-year-old son by a man who robbed her of a mere three dollars while she was waiting in a parking lot for her husband to return from a nearby store.

Another gun violence victim, 29-year-old Anthony Wilson, was shot and killed one year ago today in a drive-by shooting in front of his home on the south side of Chicago.

We cannot sit back and allow such senseless gun violence to continue. The time has come to enact sensible gun legislation. The deaths of Lorena and Anthony are a reminder to all of us that we need to act now.

CHIROPRACTIC BENEFIT FOR MEMBERS OF THE UNITED STATES ARMED FORCES

Mr. GRASSLEY. Mr. President, I rise today to express my support for a provision included in the House-passed Department of Defense (DOD) Authorization bill which provides a permanent chiropractic benefit to all active military personnel. Iowans have a long his-

tory of support for the chiropractic profession. In fact, the nation's oldest institution of higher chiropractic learning—Palmer College—is located in Davenport, Iowa.

I am pleased that both the House and Senate have included provisions in their respective DOD authorization bills which expand access to chiropractic services for members of the military. These provisions follow on the heels of a multi-year pilot program enacted in the National Defense Authorization Act for Fiscal Year 1995. The pilot program demonstrated that military personnel who received chiropractic care had higher levels of satisfaction with the care they received as compared to personnel who only received traditional medical care. Furthermore, the pilot project demonstrated that chiropractic care would reduce hospitalization, return injured patients to work more quickly, and would result in a net savings to the Department of Defense in excess of \$25 million annually.

The Defense Authorization Act passed by the House of Representatives begins the process of fully integrating chiropractic care into the military health care system on a direct access basis. The Senate-passed bill, however, limits chiropractic care through a medical gatekeeper. Direct access to chiropractic care would expedite the delivery of chiropractic care to those patients most in need of services and would free up existing health care providers to concentrate their time and efforts in other areas requiring attention. Therefore, I join the chiropractic profession in asking the conferees of the DOD Authorization legislation to accept the House-passed provision and provide direct access to chiropractic services to all active military personnel.

TRIBUTE TO FORMER SENATOR EDWARD W. BROOKE

Mr. KERRY. Mr. President, I wish to pay tribute to a former member of this body, Senator Edward W. Brooke. Senator Brooke has served the Commonwealth of Massachusetts as both a Massachusetts Attorney General and United States Senator. Recently, I had the privilege of attending the dedication of the New Chardon Street Courthouse in Boston on June 20th, named in honor of Senator Brooke. Given the former Senator's prestigious record of service to both the citizens of Massachusetts and the Nation, it is fitting that this honor be bestowed upon him.

During his distinguished career which spanned the course of two decades, Senator Brooke earned the prominent distinction of being the first African-American directly elected to both a State Attorney General position and the United States Senate. While in each office, Senator Brooke spear-

headed efforts to achieve civil rights and equality for women, minorities, and the poor.

Elected Massachusetts Attorney General in 1962, Senator Brooke earned his reputation as a crime-fighter through his extensive work with the newly created Massachusetts Crime Commission. He actively combated corruption in State government and singlehandedly organized and completed the extensive investigation of the infamous "Boston Strangler" homicides.

Only 4 years later, he became the first African-American Senator to serve since Reconstruction, and the first and only to be re-elected. During his two terms in Congress, Senator Brooke figured prominently into all aspects of the Senate. He vigorously opposed escalation of the Vietnam war and supported arms control treaties like the MIRV and ABM proposals that would eventually become the catalysts in establishing improved relations and recognizing the People's Republic of China. Senator Brooke was the first Republican Senator to call for President Nixon's resignation after the Watergate scandal. In addition, Senator Brooke was a tireless champion of the poor. He authored the "Brooke amendment," which provided that public housing tenants pay no more than one-fourth of their income for housing.

Mr. President, I now ask unanimous consent that the text of Senator Brooke's comments at the New Chardon Street Courthouse dedication ceremony be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

EDWARD W. BROOKE COURTHOUSE DEDICATION

I respectfully ask that you join me in a moment of silence in memory of a dear and cherished friend, Roger H. Woodworth, a former Massachusetts Assistant Attorney General, who served his country in war, and his fellow man all the days of his life.

I could not write nor can I speak words which adequately convey the appreciation of my wife, Anne, our daughters, son, grandchildren and all of our family for this splendid recognition. It is, of course, an honor for me, but, more importantly, the naming of this courthouse also recognizes the exemplary service of the men and women with whom I was privileged to work in the Boston Finance Commission, the Office of the Attorney General and in the United States Senate.

I am particularly grateful to Senator Brian Lees, Governor Paul Cellucci, Senate President Thomas Birmingham, House Speaker Thomas Finneran, the 200 members of the Great and General Court, and all of the people of the Commonwealth of Massachusetts for this honor.

I also want to thank Kallmann, McKinnell & Wood, for their architectural vision and creativity and the contractors O'Connor & Dimeo & O'Connor for building this magnificent structure.

Thanks also go to those who labor within, Chief Justice Barbara Dortch-Okara, the judges who dispense justice, clerks, administrators, and especially those who secure and maintain this courthouse and who bear the responsibility for present and future safety, cleanliness and decorum.
