

of Jackson. In exchange for the land, the town will construct an administrative facility for the Forest Service and other Federal, State and local agencies and organizations within 5 years of the exchange. The value of the facility is estimated to be around \$7 million.

The bill also provides for the Game and Fish Commission of Wyoming to convey nearly 1.5 acres of land for the future site of the facility in exchange for 3.2 acres of a parcel of Federal land. The bill contains several other contingencies.

□ 1545

While this bill represents a creative public-private partnership, I have some concerns about the precedential and public interest value of relinquishing Federal land in exchange for the construction of an administrative facility. The need for such a facility has not been thoroughly examined in the context of existing maintenance costs. Nevertheless, despite these concerns, the administration does support this legislation, it has bipartisan support, and I thank the chairman of our committee, the gentleman from Alaska (Mr. YOUNG) and the gentleman from California (Mr. MILLER), the ranking member, for their support of this legislation.

Mr. Speaker, I urge my colleagues to support the bill.

Mr. Speaker, I yield back the balance of my time.

Mr. WALDEN of Oregon. Mr. Speaker, I yield such time as she may consume to the gentlewoman from Wyoming (Mrs. CUBIN).

Mrs. CUBIN. Mr. Speaker, S. 1374, the Senate companion bill to H.R. 2577 which I introduced to establish a multiagency campus in Jackson, Wyoming, is widely supported by the Clinton administration and by the people of Jackson Hole, Wyoming.

The bill provides for a newly established campus which will afford much-needed office space for the town of Jackson, the Bridger-Teton National Forest employees, the National Elk Refuge employees, the Wyoming Game and Fish Commission, the Jackson Chamber of Commerce, and other State and local entities.

The multiagency campus will provide one-stop shopping, if you will, for those who want to visit Federal, State, and local land and wildlife management agencies, as well as to allow visitors to utilize a number of resources in one central location.

Specifically, the legislation before us today provides a land-for-land exchange between the Wyoming Game and Fish Department and the U.S. Forest Service, a land-for-building exchange between the United States Forest Service and the town of Jackson, which will provide the land for the Chamber of Commerce and historical society museum, as well as for addi-

tional parking spaces for the entire campus.

Due to the fact that there are a number of Federal, State, and local government agencies involved, straight land exchanges cannot take place inter-agency.

What that means is that Federal legislation must be introduced to make this project a reality. Additionally, in the interest of time, I have agreed to move the Senate bill instead of the bill which I introduced so that construction could take place sooner rather than later.

The hard work and the diligence of the people in Jackson who have made this project possible should be commended. A project like this is not easy. It is a private-public partnership. But I am pleased that I have been able to give some assistance in making it a reality.

Again, Mr. Speaker, I thank my colleagues for the this opportunity.

Mr. WALDEN of Oregon. Mr. Speaker, I have no other speakers on this matter, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. QUINN). The question is on the motion offered by the gentleman from Oregon (Mr. WALDEN) that the House suspend the rules and pass the Senate bill, S. 1374.

The question was taken.

Mr. WALDEN of Oregon. Mr. Speaker, on that I demand the yeas and nays. The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.
