

Mr. OBEY. Mr. Speaker, what we hear today is that there are four oil-producing coastal States who this year get \$100 million and who under CARA want to get \$1 billion, and they are unhappy because we only gave them \$400 million. That is the truth. We spread the money around more fairly among all the States, and we make no apology for it.

The fact is this is a historic bill. It is the best conservation funding bill that we have seen in a generation. This raises conservation funding from \$4 billion to \$12 billion over a 6-year period, and that money if it is not spent on these conservation programs cannot be spent on any other item. That is as close to a guarantee as we can get. It is a phenomenal victory for the environmental movement and a phenomenal victory for those who want to protect our outdoor resources.

The rule should be supported. The bill should be supported. This is something we can all go home and be proud of.

Mr. HASTINGS of Washington. Mr. Speaker, I urge my colleagues to support this rule so we can get on with this process.

Mr. Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The previous question was ordered.

The SPEAKER pro tempore. The question is on the resolution.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. YOUNG of Alaska. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.

The vote was taken by electronic device, and there were—yeas 354, nays 65, not voting 15, as follows:
