RETIREMENT OF SANDY GOSS, DEPUTY CHIEF OF COBB COUNTY FIRE AND EMERGENCY SERVICES

**HON. BOB BARR**

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 3, 2000*

Mr. BARR of Georgia. Mr. Speaker, I rise today to recognize Sandy Goss, Deputy Chief of Cobb County Fire and Emergency Services, for his dedication and commitment to the entire Cobb community, and to congratulate him on his retirement after 37 years of service.

Mr. Goss, who grew up around the fire department and following in his father's footsteps, joined the fire department full time immediately following his graduation from high school, in 1965.

Over the years, he worked his way through the ranks. In 1968, he was promoted to lieutenant; he made captain in 1983; he became the battalion chief in 1996; the following year he made colonel; and in 1998, he became deputy chief. While deputy chief, he was in charge of 85 percent of the department, with special operations, the HAZMAT team, technical rescue, vehicle maintenance, armored guards, and the fire suppression division all under his supervision.

He will be sorely missed, and will leave behind a legacy hard to match. I join many others in wishing Sandy and his family the very best.

SMALL BUSINESS INNOVATION RESEARCH PROGRAM REAUTHORIZATION ACT OF 2000

SPEECH OF

**HON. CONSTANCE A. MORELLA**

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

*Monday, September 25, 2000*

Mrs. MORELLA. Mr. Speaker, today I ask my colleagues to join me in supporting the passage of H.R. 2392, a bill to reauthorize the Small Business Innovation Research Program, or SBIR.

Last year around this time, the House passed H.R. 2392. After months of work by the House and Senate, the Senate took action and passed H.R. 2392, with an amendment in July of this year. Their amendment incorporated both changes to the House provisions and new Senate provisions.

Now, H.R. 2392 is to go back to the Senate with additional Small Business provisions attached to the bill, but with the agreed-to provisions relating to SBIR untouched. These include: extending the program through fiscal year 2007; requiring small businesses to submit a concise commercialization plan with their proposals; requiring agencies participating in SBIR to provide an annual performance plan in accordance with the Government Performance and Results Act; requiring the collection and maintenance of data which will allow program evaluation; and a National Research Council report on how SBIR has used small businesses to stimulate technological innovation and how agencies have used SBIR in meeting their research and development needs.

The above are the main provisions that emanated from the House. The Senate has added provisions, including: a partnership grant program between small businesses and states (FAST, Federal and State Technology Partnership Program), and a mentoring network developed through the funds provided for in the FAST program.

Overall, the provisions contained in this bill improve upon the SBIR program and I am confident that we can again work with the Senate to reach an agreement allowing for the continuation of this excellent program. I urge

my colleagues to support this important reauthorization.

NEW YORK'S MOST OUTSTANDING OLDER WORKER

**HON. CAROLYN MCCARTHY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 3, 2000*

Mrs. MCCARTHY of New York. Mr. Speaker, today I name Bernard Tzall, a microbiologist at a research laboratory in Nassau County, as New York's Most Outstanding Older Worker for the year 2000.

I admire Bernard's dedication and commitment. At the age of 85, he is still working tirelessly to improve the lives of those around him through his research.

Bernard began working at the laboratory in the 1940s, after serving his country in the Army. Over his six decades of service, he has received awards from national, state, and local organizations for his outstanding research and contributions to the community. In 1953, he was promoted to managing director of the Lab.

About ten years ago, Bernard was diagnosed with throat cancer and was forced to stop working. Miraculously, he was able to successfully fight off the cancer and he returned to work after his surgery.

Even with the handicap of using a voice-assisting prosthesis, he played an instrumental role in discovering the cure for an unknown virus in New York waters. Mr. Tzall is currently enrolled as a PhD. Candidate, becoming one of the oldest engineering students in the country. He continues to work at his laboratory, training new employees and managing its library.

The Prime Time 2000 award, sponsored by Green Thumb, was presented to an outstanding senior over the age of 65 from each state who works more than 20 hours per week. Mr. Tzall demonstrated excellence and commitment that put him in a class with a select few Prime Time recipients.

I commend Bernard for all he has overcome and all he has accomplished. I am honored to give him this recognition he well deserves.

PHARMACIA & UPJOHN ABUSE OF AVERAGE WHOLESALE PRICE SYSTEM: STARK CALLS FOR FDA INVESTIGATION

**HON. FORTNEY PETE STARK**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, October 3, 2000*

Mr. STARK. Mr. Speaker, I have today sent the following letter to Pharmacia & Upjohn, highlighting the extent to which this company has been inflating its drug prices and engaging in other deceptive business practices.

The evidence I have been provided shows that Pharmacia & Upjohn has knowingly and deliberately inflated their representations of the average wholesale price (“AWP”), wholesale acquisition cost (“WAC”) and direct price
