CHUCK ROBB,
JOE LIEBERMAN,
MAX CLELAND,
MARY L. LANDRIEU,
JACK REED,

Managers on the Part of the Senate.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. HOBSON). The Chair will entertain one-minute requests.

PAYING DOWN THE DEBT IS THE RIGHT AND RESPONSIBLE THING TO DO

(Mr. GIBBONS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIBBONS. Mr. Speaker, we have an historic opportunity to do what is right for America. We have an opportunity to make a real commitment to paying down our \$5.6 trillion public debt by committing 90 percent of our budget surplus to debt reduction.

Republicans are committed to paying down the national debt, to protecting the economy, and the economic prosperity of future generations of Americans.

The Clinton-Gore administration, on the other hand, have other priorities. They want to spend the surplus on more big government programs. Mr. Speaker, I learned in Economics 101 that this is irresponsible to spend money when we are in debt, especially when we have a \$5.6 trillion debt.

So I rise today to urge the administration to put their partisan and irresponsible agenda aside and join with this Republican Congress in committing 90 percent of the surplus to paying down our national debt.

Join with us to do the right thing for all Americans today and for generations to come.

AMERICA SHOULD SUPPORT THE FREE ELECTIONS IN SERBIA

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr. Speaker, the people of Serbia have spoken. I hope as the hours proceed, and maybe as we have been on the floor, I have not heard the latest update, that democracy will take hold and they will be free.

I met Mr. Milosevic, and actually went and sat in his office and asked him to promote peace. It was 1995, and he said to me, "I will do so." Some few

short years later, I find myself in refugee camps in Albania looking at the threatened, intimidated, and frightened refugees that Mr. Milosevic had sent fleeing out of Serbia.

It is time now for him to lay down his leadership of despotism, and he should at least recognize that the people have spoken. It is time now for his nation to be free, to become part of the world community.

I would ask that they will be able to proceed as free citizens under the duly-elected new president. Mr. Milosevic has served his time, and unfortunately, it has not been a leadership of sharing.

I would hope that we would stand up and support the new and free elections of the people of Serbia, and include in that support the request that Mr. Milosevic, who hopefully will be found and, as well, be able to address the grievances against him, now knows that he no longer serves as president of that Nation.

THE WORK OF THE SUB- COMMITTEE ON BASIC RE- SEARCH OF THE COMMITTEE ON SCIENCE

(Mr. SMITH of Michigan asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Michigan. Mr. Speaker, I would like to take this opportunity to talk a little bit about the work of the Subcommittee on Basic Research, a subcommittee I am honored to chair.

This subcommittee has had a busy and productive 2 years. In the 106th Congress, we have held a total of 25 oversight hearings, field briefings, markups, on a range of important and timely issues.

In addition, we have passed through the House two bills authorizing fire and earthquake programs under this subcommittee's jurisdiction, and oversight for the National Science Foundation, NSF, whose funding we authorize.

I believe the work we do in the subcommittee is truly unique. In our hearings on information technology, than on technology, education research, plant genomics, and biotechnology, for example, we have been able to glimpse the future, and through our oversight and authorization bills I hope we are able to shape that future, as well.

I am proud of our record and the collegiality and bipartisanship on the subcommittee. I look forward to continuing that effort in the next session.

I would like to take this opportunity to thank the staff of the subcommittee who work behind the scenes to get things done. Stephen Eule, Peter Harsha, Mark Harrington, Sharon Hayes, and Steve Howell have made my job easier. I thank them for their good ideas and hard work.

I also compliment and congratulate our subcommittee ranking member,
