

a level playing field with foreign exchanges. American agriculture producers are becoming more involved in futures markets. It is important that we establish regulations that are fair and will allow our farmers to use the futures market as intended.

In my home state of Nebraska, I try to encourage the use of the futures market to provide procedures with yet another valuable risk tool. When Congress approves this legislation, the Commodity Exchange Act reauthorization will be complete. I then fully expect the Commodity Futures Trading Commission (CFTC) to regulate the U.S. futures and related markets and protect the interests of those who use the markets.

The Commodity Futures Modernization Act of 2000 accomplishes three main goals. First, this bill establishes legal certainty for over-the-counter derivatives. Second, this legislation provides regulatory relief to futures exchanges and their customers. This relief will transform the CFTC from a frontline regulatory role to more of an oversight role. Third, this act will reform the Shad-Johnson Jurisdictional Accord to make clear rules of regulation between agencies.

Mr. Speaker, I urge my colleagues to support the Commodity Futures Modernization Act and allow our American farmers and ranchers to make use of the commodity futures market.

The SPEAKER pro tempore (Mr. LAHOOD). The question is on the motion offered by the gentleman from Illinois (Mr. EWING) that the House suspend the rules and pass the bill, H.R. 4541, as amended.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. EWING. Mr. Speaker, I object to the vote on the ground that a quorum is not present and make the point of order that a quorum is not present.

The SPEAKER pro tempore. Evidently a quorum is not present.

The Sergeant at Arms will notify absent Members.
