#### CONCURRENT RESOLUTION

Whereas, separation of powers is fundamental to the United States Constitution

and the power of the federal government is strictly limited; and

Whereas, under the United States Constitution, the states are to determine public policy; and

Whereas, it is the duty of the judiciary to interpret the law, not to create law; and

Whereas, our present federal government has strayed from the intent of our founding fathers and the United States Constitution through inappropriate federal mandates; and

Whereas, these mandates by way of statute, rule, or judicial decision have forced state governments to serve as the mere administrative arm of the federal government; and

Whereas, federal district courts, with the acquiescence of the United States Supreme Court, continue to order states to levy or increase taxes to comply with federal mandates, in violation of the United States Constitution and the legislative process; and

Whereas, the time has come for the people of this nation and their elected representatives in state government to reaffirm that the authority to tax under the Constitution of the United States is retained by the people who, by their consent alone, do delegate such power to tax explicitly to those elected representatives in the legislative branch of government whom they choose, and that the representatives are directly responsible and accountable to those who have elected them; and

Whereas, several states have petitioned the United States Congress to propose an amendment to the Constitution of the United States of America which was previously introduced in Congress; and

Whereas, the amendment seeks to prevent federal courts from levying or increasing taxes without representation of the people and against the people's wishes; now, therefore, be it

*Resolved* by the House of Representatives, the Senate concurring; That the Congress of the United States is hereby memorialized to amend the Constitution of the United States and submit to the states for ratification an amendment which adds a new article providing as follows: "Neither to instruct or order a state or political subdivision thereof, or an official of such a state or political subdivision, to levy or increase taxes." Be it further

*Resolved* that a copy of this resolution be forwarded to the United States Senate, the United States House of Representatives, and to each member of the South Carolina Congressional Delegation.

#### VOTING STUDY AND IMPROVEMENT ACT

Mr. BROWNBACK. Mr. President, in the era of the Internet, in the era of the microchip, at the dawn of the twenty-first century, I am concerned that the most prosperous, productive and inventive nation in the world conducts its elections for its highest offices in some areas in ways that are outdated, slow, inaccurate, and inaccessible to many.

That is why, Mr. President, I rise as an original sponsor of the "Voting Study and Improvement Act," which I am proud to introduce today with my colleague CHUCK SCHUMER of New York.

The long national nightmare that the 2000 Presidential election has become has taught us, Republican and Democrat alike, that we need to improve the instruments of voting and the means of electing our federal office holders.

Both rural and urban areas have unique difficulties not only with accessibility to voting, but also in funding improvements in their voting systems. A rural State like Kansas has problems with voting that are different than those faced by a State such as New York. Our legislation recognizes these differences, and will allow each State to implement the changes they believe are best for them. What is the best system for voting in Kansas may not be the best system for voting in New York. What is the best system for voting in some parts of Kansas may not be
