#### BLACK HISTORY MONTH

Mr. SCHUMER. Mr. President, during the Civil Rights movement, Dr. Carter G. Woodson's idea of a Negro History Week honoring the achievements of African Americans was extended to the entire month of February.

I rise today as a Senator from the state with the largest population of African Americans in the United States to speak on behalf of this year's Black History Month theme "Heritage and Horizons." Harlem, New York was the center of a 1930's Renaissance period. It attracted aspiring individuals from across the country and the world. It is also the birthplace of renowned African Americans who have excelled in the areas of politics and business, arts and entertainment, athletics and activism.

Since the expansion of the Negro History Week to Black History Month, countless African Americans continue to amass accomplishments and shatter barriers worthy of multiple months of tribute. Many of us know of the great strides made by Dr. Martin Luther King, Jr., Frederick Douglas, Booker T. Washington, W. E. B. DuBois, Ida B. Wells, and Rosa Parks. Many of the Members in this chamber have worked alongside Shirley Chisholm, Thurgood Marshall Sr., Charles Rangel, Clifford Alexander, Jr., and Colin Powell.

African Americans from New York have been pioneers in many different fields. In 1981, Pam McAllister Johnson was named publisher of Gannett's Ithaca (NY) Journal, making her the first African American woman to head a general circulation newspaper in the United States. In June 1995, Dr. Lonnie Bristow, a Harlem native, became the first African American appointed as president of the American Medical Association. American Express announced in February 1997 that Kenneth Chenault was named president and heir apparent to the position of CEO, making the Long Island native the highest-ranking African American executive in corporate America.

Art Hardwick, husband of Shirley Chisholm, won the 1962 State Assembly race becoming the first African American to represent Western New York. In 1971, Carmel C. Marr became the first woman of any race to serve as Commissioner of the New York State Public Service Commission. Harry Belafonte, a Harlem native, was recently honored at the Grammy's for his lifetime contributions as an actor and entertainer. Denzel Washington, born and raised in Mount Vernon, recently won a Golden Globe for his role in the movie Hurricane. The critically acclaimed author of *The Women of Brewster Place*, Glo-

ria Naylor, hails from Queens, New York.

In 1957, New York City native Althea Gibson was the first African American woman to compete and win at the Wimbledon and Forest Hills. The following year, she repeated as the Wimbledon and U.S. National Tennis Champion. Former NBA coach and Brooklyn native, Lenny Wilkins, was voted into the Basketball Hall of Fame for holding the NBA record for the most regular season victories by a coach.

Almost 70 years after the Renaissance began, New York continues to be the place where African American innovators and pioneers distinguish themselves, thereby continuing the Renaissance and enhancing our country.

#### NOMINATION OF GEORGE DANIELS

Mr. SCHUMER. Mr. President, I am extremely pleased to rise today to speak about George Daniels, who has just been confirmed as a Federal Judge in the Southern District of New York.

George Daniels is uniquely qualified to serve in this position. His work experience is as diverse and impressive as it gets: He has been a Legal Aid Defense Attorney and a prosecutor; he has worked at a top New York Law firm and served as a Law Professor; he worked in politics as Counsel to the Mayor of New York, and, of course, he has been a Judge—first on the Criminal Court of the City of New York and then as a Justice on the Supreme Court of the State of New York. I know he has the respect and the admiration from individuals on both sides of the aisle.

I am extremely pleased to see him confirmed as a Federal Judge. I know he will be an extraordinary addition to the Southern District of New York bench.

#### PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and

were referred or ordered to lie on the table as indicated:

POM-420. A concurrent resolution adopted by the General Assembly of the State of Iowa relative to appropriations for the United States Naval Fleet and the United States Flag Merchant Marine Fleet; to the Committee on Appropriations.

#### HOUSE CONCURRENT RESOLUTION No. 108

Whereas, the continuing reduction of the United States armed forces is dangerously straining the ability of the United States to respond adequately to regional threats, with the United States Naval Fleet shrinking from nearly 600 ships in 1987 to less than 325 ships today; and

Whereas, the United States is currently building military ships at half the rate needed to maintain even a modest fleet, while the demands on the United States sea power forces have increased significantly since the end of the Cold War; and

Whereas, the United States is presently deploying its Navy and Marines three times as often as the United States did before the fall of the Soviet Union, while procuring fewer ships than at anytime since 1932, with the current fleet being the smallest since 1917; and

Whereas, the safety and economic prosperity of the United States are tied to the political stability of every part of the globe, and the United States faces a dangerous and challenging situation where, as the only superpower, it has an obligation to ensure that conflicts do not escalate into major military or humanitarian disasters; and

Whereas, the United States has a different and far more complex duty now than during the Cold War, and must be prepared to deploy air and sea power as well as ground troops, upon short notice; and

Whereas, because the United States has closed many military bases in the past decade, only the Naval Fleet can transport large numbers of Army and Air Force equipment, troops, and supplies around the world to support military operations that deal with threats to national security of the United States; and

Whereas, nations engaging in terrorist activities have vast supplies of chemical and biological agents, with several nations developing their own nuclear weapons; and

Whereas, the health of the economy of the United States depends on international stability as vast markets for the agricultural and manufactured products of the United States and the world's investment markets are intertwined; now therefore, be it

*Resolved by the House of Representatives, the Senate concurring,* That the Iowa General Assembly requests that the Congress of the United States, committed to the safety and economic security of the United States, authorize and appropriate sufficient funding to build at least 10 ships per year for the next decade; and be it further

*Resolved,* That the Iowa General Assembly call upon the Presidential candidates to express their commitment to rebuilding the United States Naval Fleet and the United States Flag Merchant Marine Fleet; and be it further

*Resolved,* That official copies of this Resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of Iowa's congressional delegation.
