LEGISLATION TO ESTABLISH AND IMPLEMENT A COMPETITIVE OIL AND GAS LEASING PROGRAM

Mr. MURKOWSKI. Mr. President, let me advise you, yesterday at the close of business, the posted price of oil was \$34.13 a barrel. The Dow was down 374 points. The share price of one company, Procter & Gamble, plunged 30 percent as a consequence of their third quarter profits falling off because of the high cost of oil.

We have a crisis in this country. Today, I rise to introduce legislation on behalf of myself and 33 other Members that I believe, and they believe with me, offers the United States its best chance to reduce our dependence on foreign oil; that is, by producing more oil domestically.

We have seen the oil price rise in the last year from roughly \$10 to over \$30 a barrel. That is a pretty dramatic increase. There is an inflation factor associated with this. While we have not really addressed it, it is fair to say that for every \$10 increase in the price of a barrel of oil, there is an inflation factor of about a half of 1 percent. Alan
