

of teachers, and assessment of student progress. Most importantly, strong school technology programs report significant impact on gains in student achievement in reading, writing, and mathematics. Technology has its greatest impact with low-income and rural students as well as with expanding opportunities for girls. Unfortunately, the "digital divide" still separates the technology haves and the technology have-nots—leaving our most disadvantaged children without vital knowledge and tools to compete with their more advantaged peers.

The Safe and Successful Schools Act of 2000 increases the Federal commitment to technology and closing the digital divide. The Act provides \$500 million for the Technology Literacy Challenge Fund program, to help the most disadvantaged school districts to provide educators with sustained, high quality training to integrate technology in their classrooms and provide students with the latest access to advantaged technology resources. The Act creates a \$50 million Go Girls program to help encourage the ongoing interest in girls in science, mathematics and technology, and prepare girls to pursue undergraduate and graduate degrees and careers in science, mathematics, or technology. The bill will provide new support for restructuring teacher education programs so that new teachers are proficient in the use of educational technologies and can integrate technology throughout their instructional practices. Lastly, it also creates new initiatives to develop and expand cutting edge technologies to improve teaching and learning, and to establish community technology centers in the neediest communities.

HONORING THE LOS ANGELES
VETERANS RESOURCE CENTER

HON. STEVEN T. KUYKENDALL

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 2, 2000

Mr. KUYKENDALL. Mr. Speaker, today I recognize a very important organization, the Los Angeles Veterans Resource Center. The Vet Center is currently celebrating its twentieth year of providing services to local veterans.

For twenty years the Los Angeles Veterans Resource Center has provided outstanding service to our nation's veterans and their families. The Vet Center Program was established in 1979 out of recognition that a significant number of Vietnam era vets were still experiencing readjustment problems. Vet Centers are community based and part of the United States Department of Veterans Affairs. They provide a number of important programs and services to assist veterans, particularly those suffering from Post Traumatic Stress Disorder.

I thank the staff and volunteers of the Los Angeles Veterans Resource Center for the invaluable services they have provided to community veterans over the past 20 years. As a veteran of the Vietnam War, I thank them for their contributions. You have touched the lives of many. The veteran community of Los Angeles is grateful for your services. I wish you continued success.

EXTENSIONS OF REMARKS

TAXPAYER BILL OF RIGHTS 2000

SPEECH OF

HON. XAVIER BECERRA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 11, 2000

Mr. BECERRA. Mr. Speaker, today I support H.R. 4163, the "Taxpayer Bill of Rights 2000." Last month when the House Ways and Means Committee considered this bill, I raised concerns about the apparent lack of oversight of State taxing authorities that use Federal tax return information.

This bill recognizes breaches of taxpayer confidentiality at the State level and contains a provision to require that States conduct on-site reviews of all contractors receiving Federal tax return information. However, this bill does not address instances in which state agencies may have inappropriately disclosed Federal tax information. In a recent study on taxpayer confidentiality, the Joint Committee on Taxation found that "[A]most all of the surveyed State taxing authorities reported some discrepancy of one type or another [in their efforts to safeguard tax return information]."

I have personally heard stories from taxpayers about how my state's taxing authority, the California Franchise Tax Board (FTB), has misused and inappropriately disclosed Federal tax information. Some examples include making IRS tax returns public without the consent of the taxpayer and using the threat of disclosure as a tool to try to force taxpayers into concessions. I have even been told that the State's training materials encourage misuse of penalties and other types of inappropriate behavior.

In my current position on the House Ways and Means Committee, I plan to do my utmost to ensure that States like my State of California are fully accountable for the privacy of its citizens. I hope to work with other Members of Congress to improve H.R. 4163 by requiring more safeguards and oversight of State taxing authorities' use of Federal tax information.

TRIBUTE TO CHIEF WARRANT
OFFICER JOHN W. SCOTT, JR.

HON. NICK LAMPSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 2, 2000

Mr. LAMPSON. Mr. Speaker, today I wish to recognize the outstanding service to our Nation of Chief Warrant Officer John W. Scott, Jr., the commanding officer of Coast Guard Station Sabine Pass, Texas, who will be relieved of command on May 5, 2000, as he retires after 31 years in the Coast Guard. Throughout his career, he exemplified the Coast Guard's core values of Honor, Respect, and Devotion to Duty. He is a highly respected leader who is renowned for his commitment to the Coast Guard men and women serving under his command.

Chief Warrant Officer Scott has lived the multi-mission character of the Coast Guard. Very early in his career, he had to face the stark reality that the Coast Guard is an armed

force when he was assigned to serve on a patrol boat in Vietnam. His career is also ripe with examples of dedicated services to the mariner. He served many tours ensuring the safety of maritime commerce by maintaining aids to navigation in our critical waterways. Additionally, he operated and commanded boats, cutters and shore stations that rescued people in distress, responded to environmental threats and maritime disasters, and ensured the security of our ports. Moreover, he enforced federal laws that enhanced vessel safety, deterred unlawful activity that threatened our national security, and brought those that had violated our laws to justice.

Over the past four years while he has been in command of Coast Guard Station Sabine Pass, I have seen firsthand the remarkable results of his efforts. During this period, Chief Warrant Officer Scott directed over 700 search and rescue cases that resulted in saving the lives of 400 people. He directed numerous maritime law enforcement missions to deter and intercept illegal narcotics and other contraband destined for Southeast Texas shores. He initiated operations that preserved our valuable natural resources and fisheries in the Gulf of Mexico. He achieved these results by instilling his vision of excellence in his crew, and through the seamless integration of active duty and reserve Coast Guard personnel into a cohesive team. At the same time, he also managed a comprehensive shoreside modernization project to rehabilitate several existing station buildings and to construct new waterfront facilities that will ensure the Coast Guard remains a robust part of the Sabine community for the foreseeable future.

Mr. Speaker, Chief Warrant Officer Scott dedicated his life to our Coast Guard men and women and our Nation. I am extremely honored that he and his wife, Judy, have decided to remain in Southeast Texas after his retirement. I ask my colleagues to join me in commending Chief Warrant Officer Scott, an individual who has stood Semper Paratus—Always Ready—for the past 31 years to answer our Nation's call.

RECOGNIZING PROFESSOR
KENNETH T. PALMER

HON. JOHN ELIAS BALDACCI

OF MAINE

IN THE HOUSE OF REPRESENTATIVES

Tuesday, May 2, 2000

Mr. BALDACCI. Mr. Speaker, today I pay tribute to Professor Kenneth T. Palmer of the Department of Political Science at my alma mater, the University of Maine. I was fortunate to study under Professor Palmer, and learned many a lesson in politics from him.

Today, I want to thank him for one of the extra-curricular responsibilities he has taken on in addition to his teaching. For 31 years, Professor Palmer has coordinated the University of Maine's Washington Congressional Internship Program, which has been a rich source of interns for the Maine Congressional Delegation since 1958.

Ken Palmer has played a crucial role in the program's success. His oversight of the selection has helped to guarantee high quality interns who have made important contributions to our offices.
