Lamping managed the company’s TV and radio sports marketing activities for all Anheuser-Busch beer brands, including agreements with the Olympics, World Cup, the National Hockey League, the National Football League, the National Basketball Association, and all other major professional sports.

Mr. Lamping’s accomplishments are not limited to the realm of sports; he also gained experience in the corporate world. In 1981, Mr. Lamping joined the Anheuser-Busch family and began his work as a financial analyst within the company’s corporate planning division. He then moved on to serve as the District Manager in Southern Illinois and Central Iowa. In addition to these responsibilities, Mr. Lamping served as the Senior Brand Manager for New Products and the Director of Sales Operations.

Mr. Lamping has also added a number of civic and charitable activities to his resume, including the St. Louis Sports Commission Board of Directors, the St. Louis University Business School Board of Directors, and the SSM Health Care Central Regional Board. He has served on the Board of Directors for the Roman Catholic Orphan Board, the Boone Valley Classic Foundation, the St. Louis Cardinals Community Fund, as well as Chairperson of the Make-A-Wish Foundation Golf Classic in 1997, 1998, and 1999, Chairman of the Old Newsboys Day for Children’s Charities, and as the Chairperson for 1999 St. Louis papal visit.

In 1996, Mr. Lamping received the Man of the Year honor from the St. Louis Chapter of Sudden Infant Death Syndrome Resources. That same year he received the James O’Flynn Award from St. Patrick’s Center in recognition of his hard work to help fight homelessness in the St. Louis area. Also, Mr. Lamping was recently inducted into the Vianney High School Hall of Fame.

The holder of a bachelor’s degree in accounting from Rockhurst College of Kansas City and a master’s degree in business administration from St. Louis University, Mr. Lamping is husband to Cheryl and father to three children—Brian, Lauren, and Timothy.

St. Louis is lucky to count a resident a man so dedicated to his native community. It is my honor and pleasure to congratulate Mr. Mark Lamping on his outstanding success as a Missouri citizen and as this year’s recipient of the Catholic Youth Council’s Annual Achievement Award.

BEST HARVEST BAKERY

Mr. BROWNBACK. Mr. President, I rise to recognize a significant minority enterprise in my home state of Kansas. The venture is Best Harvest Bakery, and its founders are two highly capable and energetic African-American business professionals.

While McDonald’s will always be their No. 1 customer, they have found success with the one who brung you.” Honesty quips—Great Harvest has room in its production schedule to develop other business. One contract they’ve won is with the U.S. military to develop a soft roll that is baked as rations during the military’s war games. “It’s an exotic, tough bun to make,” Honesty said, but could prove to be a lucrative one now that they’ve got the military specs down pat. They’re also looking into doing private labeling for supermarkets, Beavers said.

One thing the bakery wants to ensure down the road is that the bakery remains a minority venture, Honesty said. Beavers welcomes the opportunity to bring two of his four grown children into the company. And even though they’ve left their corporate jobs, they still consider themselves a part of McDonald’s extended family. A very important leg on that three-legged stool that Honesty says McDonald’s extended family. A very important leg on that three-legged stool that McDonald’s extended family. Almost all the land adjacent to the eligible rivers is in public ownership and managed by state and county governments for conservation purposes. The exception to this pattern is the 3.9-mile-long Seminole Creek that is in private ownership. The public land managers strongly support designation while the private landowner opposes designation of his land. Therefore, I recommend that the 41.6 miles of river abutted by public lands and as described in the enclosed report be designated a component of the System. Seminole Creek could be added if the adjacent landowner should change his mind or if this land is ever purchased by an individual or conservation agency who does not object. The tributary is not centrally located in the area proposed for designation.

I further recommend that legislation designating the eligible tributaries specify that on-the-ground management responsibilities remain with the existing land manager and not the Secretary of the Interior. This is in accordance with expressed state wishes and is logical. Responsibilities of the Secretary should be limited to working with State and local partners in developing a comprehensive river management plan, providing technical assistance, and reviewing effects of water resource development proposals in accordance with section 7 of the Wild and Scenic Rivers Act.

We look forward to working with the Congress to designate this worthy addition to the National Wild and Scenic Rivers System.
