Mr. COBLE. Mr. Speaker, with health care reform taking the congressional stage once again, I would like to recognize a constituent and friend of mine from the Sixth District of North Carolina, who will be a key player in the debate. We are proud to announce that a resident of the Sixth District was recently selected as the new president of the National Association of Health Underwriters (NAHU).

Mr. Michael E. Matznick was sworn in as NAHU’s president for the 2000–2001 term by Alan Katz, the outgoing president. Michael has been a member of NAHU since 1981. He has served as president of the North Carolina state chapter of NAHU and received its distinguished service award. Michael joined NAHU’s board as the vice president of the Southeast region in 1996.

Michael is the president of Med/Flex Benefits Center, Inc., a firm founded in 1986 that specializes in individual and group health insurance, employee benefits plans and Section 125. He has a degree in business administration from Illinois State University, and lives in Greensboro, North Carolina, with his wife Carol and their two sons.

On behalf of the citizens of the Sixth District of North Carolina, I would like to congratulate Michael Matznick for being selected for this national position. We wish him the best of luck as he leads the National Association of Health Underwriters into the twenty-first century.

GUAM’S YOUTH MONTH ISLAND LEADERSHIP DAY
HON. ROBERT A. UNDERWOOD OF GUAM
IN THE HOUSE OF REPRESENTATIVES
Tuesday, June 13, 2000

Mr. UNDERWOOD. Mr. Speaker, each year, Guam’s Department of Education celebrates April as Youth Month with several activities, including an oratorical contest, a student exchange program, a school showcase, a youth conference, and the much-anticipated Island Leadership Day, during which students assume the roles of Guam’s public, private, and military leaders for a day. In coordination with these sectors of our community, the activity gives middle- and high-school students the opportunity to play “boss” at participating offices and agencies. From senators and company accountants to military colonels and hospital nurses, selected students shadow such career areas and women to experience an entire day’s work.

On the morning of April 26, 2000, three high school students looking sharp and studious, ready to take on the challenge, walked into my office. They were Guam’s student Washington Delegate William B. Jones, a senior from George Washington High School, Jonathan Pador, also a GW senior, who was my student District Director, and Madeleine Marinus, a senior from the Academy of Our Lady of Guam, who was my student Communications Director. Their eagerness—tempered by a not surprising bit of nervousness—took me back to my own high school days and to the very first Island Leadership Day, for which I earned the privilege to be a senator for a day.

After arriving at the legislative session hall on that day in 1964, I made a bee line for the desk of my hero, Senator Antonio B. Won Pat, who, in 1965, was elected as Guam’s first delegate to Congress. In 1972, Congress recognized the Guam delegate and Mr. Won Pat served in that office until 1984. Perhaps without realizing it, I took my dreams a step further and began setting my goals on that first Island Leadership Day in 1964. To the extent that Island Leadership Day is intended to introduce and inspire students to leadership positions in the community, I am proud to say that I was among many over the years who were inspired.

With the enthusiastic support of Guam’s public, private and military sectors, more than 300 students from nearly every public, private and DoDEA middle and high school took part in Island Leadership Day 2000. At the Office of the Governor, in the pre-existing official order of precedence, Student Lieutenant Governor Ellen Randall, an Academy of Our Lady of Guam senior, had the opportunity to double as the Acting Governor of Guam. Her student special assistant that day was Bishop Baumgartner Middle School student, Maya Lujan. Meanwhile, at the Guam Legislature, the Student Speaker, Lourena Yco, also of Bishop Baumgartner, was also Guam’s Student Acting Lieutenant Governor. In all, thousands of Guam’s students participated in the various activities of Youth Month, each planned and coordinated by student leaders themselves. In particular, the Youth Month Central Planning Committee, was made up of students from Southern High School, specifically Cherika Chargualaf, president; Jermaine Alerta, vice president; Erwin Agar, secretary; Joseph Cruz, treasurer, and Angela Tamayo, activities coordinator. In having planned and executed a very impressive and successful schedule of varied events, our youth genuinely embodied in this year’s Youth Month theme, “I Manhoben i Isla-ta, i Fuetsan i Tiempo-ta—The Youth of Our Island, the Strength of Our time.”

Our youth are the stepping stones toward a bright future. Oftentimes we hear that children are our future. And indeed they are. Today they play our roles, but tomorrow those roles will belong to them. Seeing these success-bound students taking roles in the different career areas gives me a wonderful vision of Guam’s future.

HONORING LARRY AND BARBARA MEISTER
ON Behalf of hunters from around the world, Mr. Speaker, I rise to honor Dr. R. Jayko, an avid hunter and great humanitarian. Recently, Dr. Jayko was recognized by the Safari Club International as the recipient of the highest award given to hunters, the Hunting Hall of Fame Award. The award is given to a member of the SCI who has made noteworthy contributions to the organizations.

Dr. Jayko has spent a lifetime working on behalf of hunters from around the world. His contributions to the hunting community have helped hunters everywhere educate the public about the nuances of hunting and wildlife. Dr. Jayko has participated in an array of associations, including the Foundation for North American Wild Sheep, the Rocky Mountain Elk Foundation, International Sheep Hunters Association, Boone and Crockett Club, and the National Rifle Association. In addition, the good doctor founded the SCI’s Upper Colorado River Chapter in Glenwood Springs, Colorado, and served as president for five years. Dr. Jayko has been an avid hunter since his early childhood and has traveled to six continents in which he has successfully taken over 16 dozen distinct big game animals, many of which qualified as SCI records for trophy animals.

Although Dr. Jayko hunting exploits are formidable, his contributions to the medical community are probably more impressive. A general, vascular and thoracic surgeon, Dr. Jayko has been a committed surgeon in my district for more than 25 years, and has been published in various medical journals during that time.

It is with this, Mr. Speaker, that I say thank you and congratulations to Dr. Jayko for his life of service and success. Colorado is proud—and fortunate—to call him its own.
