I know firsthand why we seek this kind of remedy. We are experiencing some 1,700 layoffs within my district. We know firsthand is that there is often a lack of coordination. It is this kind of coordinated effort that this piece of legislation seeks to remedy.

In short, when there is a natural disaster, FEMA comes in and provides an opportunity to make sure that it integrates with all the Federal agencies the kind of emergency response that is needed when communities are experiencing a natural disaster. It is true when there have been base closures in the past that the Department of Defense comes in and also organizes all the Federal agencies that are impacted, and in this way presenting a coordinated effort in assisting the communities through these problematic concerns.

That is not the case currently when layoffs occur, when workers are displaced. So, what this bill seeks through the Department of Commerce is to create in the Economic Development Administration a coordinating entity that will work with our various agencies, that will work with the Department of Agriculture, Small Business Administration, the Treasury, Labor, HUD, and, of course, the Department of Commerce itself.

The purpose here is to appoint a team leader. Again, when communities are experiencing these kinds of layoffs, currently the communities involved have to reach out to the various Federal agencies. What this will do when a community experiences the economic distress that I have talked about is it will provide the Department of Commerce with the opportunities to come in and coordinate this assistance, so it will be both cost savings, efficient and effective and assist our communities and assist those who are being displaced, those who have been laid off, with getting the kind of immediate coordinated assistance that they expect from the Federal Government.

I want to thank as well the administration, especially the Department of Commerce, for working with us on this approach. We hope to pilot this approach by getting them up to Connecticut and have them work through some of these particularly thorny areas so that we can coordinate in a whole-hearted effort to make sure that workers are receiving the kind of relief that they have.

Mr. Speaker we are seeking original cosponsors on this bill that we are going to drop tomorrow evening. As I have indicated, we have more than 160 cosponsors to what is a very pragmatic, straightforward solution in addressing communities that experience economic distress.

COMMUNITY EMERGENCY ADJUSTMENT ACT
The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Connecticut (Mr. LARSON) is recognized for 5 minutes.

Mr. LARSON. Mr. Speaker, we are preparing tomorrow evening to drop an important piece of legislation, a bill whose short title is the Community Emergency Adjustment Act. It is a very simple and straightforward solution for communities who are experiencing sudden economic distress. That sudden economic distress occurs due to plant closures, mergers and acquisitions that lead to dislocation, displacement and layoffs, layoffs that occur because of trade or technology.

I am pleased to announce that we have more than 160 cosponsors, bipartisan support, and I especially want to thank the gentleman from Maine (Mr. BALDACCI), who we will hear from shortly as well, and I especially want to thank the gentleman from Pennsylvania (Mr. WELDON) and the gentleman from Ohio (Mr. KASICH) for their advice in pursuing this legislation.

I know firsthand why we seek this kind of remedy. We are experiencing some 1,700 layoffs within my district. What we know firsthand is that there is often a lack of coordination. It is this kind of coordinated effort that this piece of legislation seeks to remedy.

PERSONAL EXPLANATION
Ms. JACKSON-LEE of Texas. Mr. Speaker, on June 15, 2000, I was away from the House on official business and therefore voted absent on the Nethercutt amendment to H.R. 4578. I would have voted no.

On rollocall vote 289, the Weldon amendment to H.R. 4578, I would have voted no.

On rollocall 290, the motion to recommit with instructions regarding H.R. 4578, I would have voted no.

On final passage, rollocall vote number 291 on H.R. 4578, the Department of Interior Appropriations for FY 2001, I would have voted no.

U.S. MEMBERSHIP IN THE WORLD TRADE ORGANIZATION
The SPEAKER pro tempore. (Mr. OsE.) Under a previous order of the House, the gentleman from Texas (Mr. PAUL) is recognized for 5 minutes.

Mr. PAUL. Mr. Speaker, I rise tonight to talk about a bill that is coming to the floor either tomorrow or the next day. It is H.J. Res. 90. This resolution, if it were to pass, would get us out of the World Trade Organization.

There are many of us here in the House and many Americans who believe very sincerely that international managed trade, as carried on through the World Trade Organization, does not conform with our Constitution and does not serve our interests.

It said by those who disagree with this so often in the media that those of us who disagree with the World Trade Organization that we are paranoid, we worry too much, and that there is no loss of sovereignty in this procedure. But quite frankly, there is strong evidence to present to show that not only do we lose sovereignty as we deliver this power to the World Trade Organization, that it indeed is not a legal agreement. It does not conform with our Constitution; and, therefore, we as Members of Congress should exert this privilege that we have every 5 years to think about the World Trade Organization, whether it is in our best interests and whether it is technically a good agreement.

The World Trade Organization came into existence, and we joined it, in a lame duck session in 1994. It was hurried up in 1994 because of the concern that the new Members of Congress, who would have much more reflected the sentiments of the people, would oppose our membership in the WTO. So it went through in 1994; but in that bill, there was an agreement that a privilege resolution could come up to offer us this opportunity.

Mr. Speaker, let me just point out the importance of whether or not this
