Res. 532) providing for consideration of the bill (H.R. 4733) making appropriations for energy and water development for the fiscal year ending September 30, 2001, and for other purposes, which was referred to the House Calendar and ordered to be printed.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. LAHOOD). As stated by the Chairman of the Committee on House Administration on Friday, June 23, 2000, the Clerk has informed the Committee on House Administration of a recent anomaly on a recorded vote. Representative ROYBAL-ALLARD was absent on rollcall number 305 on June 21, 2000 and was in possession of her voting card. The Clerk was made aware of the fact that she was recorded on that rollcall, but on no others on that day, but due to the lateness of the hour, could not get confirmation from her by the time the vote was made public that she was ab-

sent and in possession of her voting card. Since then, the Clerk has received that confirmation. For that reason and the statistical improbability of the recurrence of that anomaly, the Chair and the Chairman of the Committee on House Administration believe that it is proper to immediately correct the RECORD and the Journal.

As stated in Volume 14, Section 32 of Deschler-Brown Precedents:

Since the inception of the electronic system, the Speaker has resisted attempts to permit corrections to the electronic tally after announcement of a vote. This policy is based upon the presumptive reliability of electronic device and upon the responsibility of each Member to correctly cast and verify his or her vote.

Based upon the explanation received from the Chairman of the Committee on House Administration and from the Clerk, the Chair will continue to presume the reliability of the electronic device, so long as the Clerk is able to give that level of assurance which justifies a continuing presumption of its integrity. Without objection, the Chair will permit the immediate correction of the RECORD and Journal under the unique circumstances certified by the Clerk.

There was no objection.

SPECIAL ORDERS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 6, 1999, and under a previous order of the House, the following Members will be recognized for 5 minutes each.

GAS PRICE SPIKES

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from New Jersey (Mr. PALLONE) is recognized for 5 minutes.

Mr. PALLONE. Mr. Speaker, this evening I would like to expose the Republicans' attempt to make a campaign issue out of the Nation's gas price spike crisis and Democrats' efforts to solve this crisis and continue working to protect our long-term energy security.

Higher gas prices should not be a partisan issue, but the Republicans are making it into one. On the other hand, the Democrats are trying to come up with bipartisan solutions. For instance, Democrats have called on committee chairmen holding hearings on this topic in the coming days to invite oil executives to testify so that these hearings are balanced. Democrats insist on exploring why the oil companies are showing record profits and why, when an investigation was announced, prices dropped immediately. Yet, the Republican leadership instead is making a sham of these hearings by using them as a forum to attack the Clinton-Gore administration. Moreover, the Republicans also do not want to invite
