The Judiciary Committee proceeded with back-to-back days of hearing on the important nominations of Asa Hutchinson to head the Drug Enforcement Administration and James Ziglar to head the Immigration and Naturalization Service. I have noticed another hearing for next Tuesday for judicial and executive branch nominees, including the President’s nominees to be Assistant Attorney General to head the Office of Justice Programs and to be the Director of the National Institute of Justice.

The Senate received the President’s nomination of a new FBI Director on Wednesday of this week and I proceeded that same day to notice hearings on that important nomination to begin, according to the rule, on Thursday. I hope that with the cooperation of all Members and the administration we should be able to make progress and work toward Senate consideration of the nomination of Robert Mueller to be Director of the Federal Bureau of Investigation before the August recess, if possible. I have asked for the cooperation of all members of the committee, on both sides of the aisle. I noticed the hearings on Robert Mueller’s nomination to begin on July 30. We will see if it is possible for the committee to act on that nomination before the August recess, which would be my preference.

I regret that Senators and their staffs will have not have more time to prepare for so important a hearing as that on the nominee to be the next Director of the FBI. It is my hope that the series of oversight hearings regarding the FBI in which we have been engaged, including our hearing this week, have helped and that Senators will be able to adhere to an expedited schedule for the hearing, a very brief turnaround time for written follow up questions and immediate Committee consideration.

We have set an ambitious schedule of five confirmation hearings this month on the President’s nominees. We have completed three of those confirmation hearings and have another scheduled for each of the next two weeks. We have also reported a number of nominees, including two nominees to the Judicial Branch and two Executive Branch nominees before the Senate for consideration today.

The nomination of Ralph Boyd, Jr., to head the Civil Rights Division was reported unanimously and without objection by the Judiciary Committee. Senator KENNEDY, in particular, has been a strong and consistent advocate for this nomination and I thank him for his efforts. This will be one of the least contentious paths for a nominee to head the Civil Rights Division in some time. Indeed, the Judiciary Committee refused for the last three years of the Clinton administration even to report to the Senate President Clinton’s nomination to head the Civil Rights Division. The handling of this nomination and the treatment of the nominee by Members not from the President’s party stand in stark contrast to the treatment of Bill Lann Lee.

I join with Senator KENNEDY in urging the Senate to act favorably on the nomination of Ralph Boyd, Jr.

**Nomination of John D. Graham**

Mr. TORRICELLI. Mr. President, I arise today to express my opposition to the confirmation of John D. Graham, Ph.D. to direct the Office of Information and Regulatory Affairs, (OIRA), at the Office of Management and Budget, (OMB).

As Administrator of OIRA, Dr. Graham would be the gatekeeper for all federal regulations. In my view, Dr. Graham, with his anti-regulatory views, is simply the wrong choice to serve in this important policy making position.

In enacting the Occupational Safety and Health Act, the Clean Air Act and other safety and health and environmental laws, Congress made a clear policy choice that protection of health and the environment was to be paramount consideration in setting regulations and standards. Dr. Graham’s views and opinions are directly at odds with these policies.

### Additional Statements

**Congratulations to the Montgomery High School Class of 1951**

- Mr. ROCKEFELLER. Madam President, I believe that it is our families, friends and communities that create the very essence of our beings. They serve as our roots, instilling the values that shape our personal relationships and our professional careers.

In youth, we often fail to realize the crucial role that these people play, and we often lose touch with the people who mold us into whom we are today. With the passage of time, we can only wonder what path we might have otherwise taken had we maintained contact. Today, I would like to join a very special group of West Virginians—the Montgomery High School class of 1951—as its members renew the bonds of youth in celebrating the 50th anniversary class reunion.

As the members of Montgomery High School class of 1951 gather for their 50th anniversary reunion, they will recall the carefree days of their youth. Once again, they will refer to themselves as the Greyhounds of Montgomery High. Visions of victorious football games and summer vacations will waft through their collective memory as they join in singing their beloved Alma Mater.

This week the Judiciary Committee will receive complaints about Saturday nights at the Rockette and spending afternoons with friends at Kelly’s Drug Store. More importantly, they will remember the diversity that makes Montgomery such a special place. Communities such as Cannelton, Kimberly, Powellton, Smithers, and Deep Water joined together, creating a unique bond that remains today.

The Class of 1951 should be commended for renewing the bonds fostered more than 50 years ago. In celebrating this occasion, its members remind us of the importance of community in our own lives.

In honor of Montgomery High School class of 1951, on the occasion of its 50th anniversary, I am reminded that “between the lofty mountains where the great Kanawha flows, in a valley that is magic and the seed of wisdom grows. Hail Montgomery.”
