Ms. LOLLIKER. Mr. Speaker, after fighting for 5 years, we finally have an opportunity to pass real managed care reform in the House of Representatives. The American people are demanding health care, and it is time for us to stand up and deliver.

By passing the Ganske-Dingell Patients’ Protection Act, patients will have access to emergency care, women will be able to see their OB–GYN without health plan interference, and children will have timely access to pediatric specialists.

Mr. Speaker, make no mistake: the Ganske bill is comprehensive, quality health care; a positive step toward improving Americans’ health care, putting health care ahead of profits.

When it is time to vote for managed care, I urge my colleagues to vote for the reform that has an option that puts patients and doctors back in charge of their health care.

A TRIBUTE TO FATHER JIM WILLIG

(Mr. CHABOT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CHABOT. Mr. Speaker, this morning I would like to pay a special tribute to a recently departed friend, Father Jim Willig, a dedicated and dynamic Catholic priest who was called by our Lord last month after a 2-year battle with cancer.

Even while suffering from a debilitating illness, Father Willig continued to give to our community, sharing his memories and his message and inspirational book: Lessons From the School of Suffering: A Young Priest With Cancer Teaches Us How to Live.

The Cincinnati Enquirer noted that “few touched as many lives as Father Jim Willig.”

Father Willig will be sorely missed in the Cincinnati community, not only by his parents and 10 brothers and sisters and nieces and nephews, but by the countless people he has touched in his ministry.

Father Jim, your flock deeply misses you, but we know you are with our Lord.

(Ms. SOLIS asked and was given permission to address the House for 1 minute.)

Ms. SOLIS. Mr. Speaker, my constituents want a strong and enforceable Patients’ Bill of Rights. They are tired of HMOs who deny them the health care that they need. They are
