

on the Advisory Board of the Macon Rescue Mission and to have participated in the Grand Opening ceremonies for their fine new facility in Macon. After working so closely with Wayne Bevill on a number of faith-based endeavors, I have learned what an outstanding man he really is.

His extensive list of contributions to the community is astounding. He graduated from Rice Seminary and served as a chairman of multiple foundation, including the Bibb County Child Abuse Protocol, the Task Force Against Domestic Violence, the Middle Georgia Task Force for the Homeless, and the Bibb County Commission Task Force. He has received numerous awards for his service in helping victims of domestic violence, abused children, and homeless people. In fact, he opened the first shelter for battered women. By serving as Executive Director of the Macon Rescue Mission, he started the Macon Area Food Bank and ran the Dove Center for five years. Because of Dr. Bevill's commitment and hard work, the Macon Rescue Mission moved into its new facility in October of 2000, where it remains one of the finest and up to date facilities in the state of Georgia. In honor of his many accomplishments, Dr. Bevill received an Honorary Doctorate from Toccoa Falls College in May of 2001.

Mr. Speaker, I am proud to call to the attention of the House of Representatives the many accomplishments that have followed in the path of Dr. Wayne Bevill. I feel privileged to know such a dedicated and upstanding citizen. I thank him for his efforts to improve the lives of so many others in Macon and across Georgia.

TRIBUTE TO BILL EMMEL

HON. CAROLYN MCCARTHY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 26, 2001

Mrs. MCCARTHY of New York. Mr. Speaker, I rise in recognition of Bill Emmel, lifelong blood donor and community advocate for blood donations, who I have named as Citizen of the Month in the Fourth Congressional District for July 2001.

The significance of Bill's commitment is profound. Particularly now, when Long Island is faced with a blood shortage crisis, his example is so important. He has helped to inspire a whole new generation of blood donors.

Bill has regularly donated blood since 1981. In his lifetime, he has donated 68 pints of whole blood and has made 91 platelet apheresis donations, for an incredible total of 159 donations as of July 12, 2001.

His extraordinary dedication is only one part of Bill's commitment to ensuring an adequate blood supply in the New York area. Understanding that his own enormous contribution is only a part of keeping Long Island adequately supplied, Bill advocates for blood donations both at work and at home. Upon learning that the Sewhanaka Union Free School District was not sponsoring blood drives due to liability concerns, Bill decided to pursue this great opportunity to recruit young donors. A resident of the school district, one of the largest in Nas-

sau County, he met with insurance representatives, lawyers, Long Island Blood Service personnel, the superintendent and school board members, orchestrating a resolution in which the Sewhanaka School District would endorse blood drives. The effort paid off, and blood drives at the five Sewhanaka high schools have resulted in 775 donations since December 1999.

Not content to leave any stone unturned, Bill is working to get other districts which do not currently hold blood drives, such as the West Hempstead School District, to do so. He also serves as the blood drive chairperson for the Information Technology Department at the Metropolitan Life Insurance Company, where he has worked for fourteen years.

Long Island is lucky to have a person like Bill Emmel working so hard for such a noble cause. With any luck, the students in the Sewhanaka district that he inspired will become lifelong blood donors, helping to avoid another crisis in the future.

A 26 year resident of Floral Park, Bill hopes to make his 100th platelet donation this year. He is a single parent with two sons, Chris, 20, a student at St. John's University and Floral Park EMT, and David, 24, a St. John's graduate and web designer. I congratulate Bill and his sons on this achievement.

IN HONOR OF MR. JASON J. SANUK

HON. DENNIS J. KUCINICH

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 26, 2001

Mr. KUCINICH. Mr. Speaker, I rise today to honor Mr. Jason J. Sanuk, who will be honored for his attainment of Eagle Scout on August 8, 2001.

The attainment of Eagle Scout is a high and rare honor requiring years of dedication to self-improvement, hard work and the community. Each Eagle Scout must earn 21 merit badges that focus on self-improvement, social skills, and outdoor living.

In addition to acquiring and proving proficiency in those and other skills, an Eagle Scout must hold leadership positions within the troop where he learns to earn the respect and hear the criticism of those he leads.

Most importantly, the Eagle Scout must live by the Scouting Law, which holds that he must be: trustworthy, loyal, brave, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, clean, and reverent. The International Scouting Association strives to instill values to develop leadership in young men, and teach them the benefits of a strong character. Scouts are taught to follow and uphold these 12 pillars of the Scout Law in their daily life and treat all people with respect and dignity. At the start of every meeting, scouts hold high their right hand and recite the scout oath, a pledge to remain physically strong, mentally awake, and morally straight. These three guiding principles instill strong values in young leaders and teach them of respect, dignity, and equality for all.

Mr. Speaker, please join me in recognizing Mr. Jason J. Sanuk, an exceptional young man, on his dedication to improving the lives of others and his attainment of Eagle Scout.

INTRODUCTION OF THE PRESCRIPTION DRUG CONSUMER INFORMATION ACT OF 2001

HON. ALCEE L. HASTINGS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 26, 2001

Mr. HASTINGS of Florida. Mr. Speaker, with health care costs rising astronomically and millions of Americans feeling abused and neglected by their health care providers, it is high time that we in Congress do something to alleviate this situation. Americans feel vulnerable to the financial whims of the health care industry and they worry that their health will suffer because health care providers are more concerned with the bottom line on their quarterly reports rather than the line on a patient's heart monitor. I feel that it is my duty to stand up for the American people to protect them from runaway costs and abusive health care services.

I rise today to introduce the Prescription Drug Consumer Information Act of 2001. This bill directs the Secretary of the U.S. Department of Health and Human Services to prepare and publish an annual consumer guide detailing prescription drug prices. This catalog will prove invaluable both to consumers and to health care providers. This is a logical and necessary step in the process of ensuring affordable health care of every person in this country who buys prescription drugs. I submit that every single one of us is currently paying too much for quality health care.

Health insurance programs in the United States cover tens of millions of elderly and disabled persons. While these programs do provide quality coverage for many health care services, they often lack effective prescription drug benefits for the people who need them the most. This bill is a wonderful and significant first step in the process of providing those benefits.

Under the Prescription Drug Consumer Information Act of 2001, a complete consumer guide to all current and available prescription drugs will be distributed across the country. This catalog will contain a list of prices for all prescription drugs in an easy-to-understand format organized by therapeutic category so that the reader will be able to quickly peruse the various drugs for his or her specific condition. This catalog will be updated annually, and additional updates may be sent out during the year if a change were to occur in a drug's availability or price.

Mr. Speaker, this catalog will have numerous advantages for both consumers and health care providers. The most obvious advantage is that this catalog will enable the reader to quickly determine what drugs are available to treat his or her condition. Consumers will also be able to reduce their expenses for prescription drugs by comparing the prices of various drugs side by side. The convenience of being able to look up any prescription drug on the market for information about its price and effectiveness will prove to be an invaluable coup for the health care consumer.

My bill will also have advantages for health care providers. With this catalog, health care

providers will be able to determine very easily the cost-effectiveness of certain prescription drugs as compared to other prescription drugs and therapies. This will result in a lower cost overall for both the health care provider and the consumer, as health care providers will be able to choose the most cost-effective prescription drug for their patients.

Mr. Speaker, I implore my colleagues to vote favorably on this important piece of legislation. My bill is a meaningful, proactive, and decent effort on our part to help the people that need our help. How could anyone possibly be against providing the American people with the information that they need to ensure that they receive the best health care possible? We all talk about the importance of extending prescription drug benefits to the American people. Mr. Speaker, my bill, which will benefit the American people by enabling them to have access to accurate and timely information about prescription drugs, is an important first step, and I sincerely hope that this House will recognize it as so.

TRIBUTE TO BISHOP ERIC
MCDANIEL

HON. JOSÉ E. SERRANO

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 26, 2001

Mr. SERRANO. Mr. Speaker, I rise today to pay tribute to Bishop Eric McDaniel, who was consecrated by his Senior Bishop, Sherman Watkins, in Columbus, OH, during the Holy Convocation of the Higher Ground Assemblies on June 23, 2001.

Bishop Eric McDaniel is the oldest of four children born to Bishop Allen and Lady Richardine McDaniel, and the proud father of Brittney and Bria McDaniel. As a child, Eric McDaniel demonstrated a gift for a life in ministry, in the areas of music and the preached word. At the age of 13, he became the church organist and choir director. At the age 16, he accepted his call to ministry and preached his initial sermon.

His combined musical talent and personal faith in God inspired Bishop McDaniel to write songs. He had no idea that one day his songs would reach the level of success that they have. Some of his songs include: "It Shall be Done," "Spirit Touch Me One More Time," "Thank You," "Come Unto Me," "Restore Your Joy," "When We Reach That Place," among many others.

In May 1993, Bishop McDaniel responded to the call of God to the office of pastor, and founded the Lord's Church Family Workshop Center, Inc., in the Bronx, NY. In June 2000, he was appointed to the office of Bishop and was consecrated one year later by his Senior Bishop.

Mr. Speaker, Bishop McDaniel is a fine example of a great community leader and a person dedicated through his faith to helping others.

Mr. Speaker, I ask my colleagues to join me in paying tribute to Bishop Eric McDaniel and in wishing him continued success.

EXTENSIONS OF REMARKS

HONORING THE 100TH ANNIVERSARY OF KNIGHTS OF COLUMBUS COUNCIL 592

HON. JERRY F. COSTELLO

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 26, 2001

Mr. COSTELLO. Mr. Speaker, I rise today to ask my colleagues to join me in recognizing the 100th Anniversary of the Knights of Columbus Council 592 in Belleville, Illinois.

The Knights of Columbus organization was founded in 1882 by a 29-year-old parish priest, Father Michael J. McGivney, in the basement of St. Mary's Church in New Haven, Connecticut. Today, more than a century later, the Knights of Columbus has become the largest lay organization of the Catholic Church. The order has been called "the strong right arm of the church" and has been praised by popes, presidents, and other world leaders, for support of the Church, programs of evangelization and Catholic education, civic involvement and aid to those in need. As recently as 1992, Mother Theresa of Calcutta praised the Knights in a speech on the occasion of her reception of the first Knights of Columbus Gaudium et Spes Award.

Thanks to the inspired work of Father McGivney, as well as the millions of other Knights over the past century—the Knights of Columbus now stands at its pinnacle of membership, benefits, and service. Currently there are over 1.6 million Knights of Columbus—more than ever before in the order's history. Together, with their families, the Knights are over 6 million strong. They have grown to more than 12,000 Councils in the U.S., Canada, Mexico, the Philippines, Puerto Rico, Cuba, the Dominican Republic, Panama, the Virgin Islands, Guatemala, Guam, and Saipan.

One of the largest Knights of Columbus Councils in Illinois and one of the most active in the nation is observing its 100th Anniversary. Council 592, which has grown from 35 members to more than 900 today has a long history of service. Council 592 started in the old Lovington Building in East St. Louis and served as its first headquarters. As their membership increased, the Council moved to the old Odd Fellows building in East St. Louis.

Council 592 has always played an important role in the community. Its civic, fraternal, and charitable projects were numerous. One such event that Council 592 started was their annual picnic. Started in 1922, the picnic was the forerunner of the Knights of Columbus picnics now held across the United States.

Inspired by the results of their activities, the Council's members started an extensive building program. The new Knights of Columbus building was opened in 1925 at a cost of a half a million dollars. The building, a brick structure of combined modern and Gothic architecture, was one of the most attractive buildings in East St. Louis and one of the finest Knights of Columbus buildings in the country. This new building served as the scene of the city's many dances, wedding receptions, meetings and other functions. It had a swimming pool, bowling alley, gymnasium, cafeteria, meeting hall, and a 41 person bachelor quarters. In the late 1960's the Council de-

cidated to move its operations to Belleville, Illinois on the edge of East St. Louis on Lebanon Road. The new facility opened in 1969.

Council 592's first, second, and third degree teams have repeatedly been acknowledged as the best in the Midwest. The Council's members have also been instrumental in starting nearly 20 other Knights of Columbus Councils in the area since 1901. A large number of Council members served in World War I and II as well as the Korean and Vietnam conflicts. Many members remain part of our armed forces today.

Charity remains a part of Council's 592's efforts. Their main charitable event is the annual Tootsie Roll day with the proceeds going to charitable organizations. The Council continues to hold numerous activities during the year for families of members. They work with the Ainad Shrine Bonds for Braces as well as the Crippled Children's Hospital.

The Knights of Columbus are Catholic gentlemen committed to the exemplification of charity, unity, fraternity, patriotism, and defense of the priesthood. The Order is consecrated to the Blessed Virgin Mary. They are unequivocal in their loyalty to the Pope, the Vicar of Christ on Earth. It is firmly committed to the protection of human life, from conception to natural death, and to the preservation and defense of the family. It was on these bedrock principles that the Order was founded over a century ago and remains true to them today.

Mr. Speaker, I ask my colleagues to join me in honoring the 100th Anniversary of the Knights of Columbus Council 592 and to honor its members both past, present, and future.

FOREIGN OPERATIONS, EXPORT FINANCING, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2002

SPEECH OF

HON. TAMMY BALDWIN

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, July 24, 2001

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2506) making appropriations for foreign operations, export financing and related programs for the fiscal year ending September 30, 2002, and for other purposes.

Ms. BALDWIN. Mr. Chairman, I rise today in support of the Conyers-McKinney-Schakowsky Amendment and I urge my colleagues to vote in favor of it.

Last year, this House approved funding for Plan Colombia, ostensibly to fight the drug war in Colombia. Now repackaged as the Andean Initiative, it is the same failed policy that we have been pursuing for the past decade. It will not work because it ignores the fundamental realities of the region. It is impossible to stem the flow of illegal drugs from Colombia without addressing the civil war, paramilitary violence, unequal distribution of wealth and the breakdown of civil society.

Continuing to fund the Andean Initiative will result in more violence in Colombia. It will increase the number of displaced people. It will
