#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mrs. HUTCHISON (for herself, Mr. SPECTER, and Mr. WARNER):

S. 1421. A bill to direct the Federal Aviation Administration to re-implement the sky marshal program within

30 days; to the Committee on Commerce, Science, and Transportation.

Mrs. HUTCHISON, Madam President, the bill I am introducing today, and for which I will soon have cosponsors because I want everyone to have the opportunity to join me in this effort, will address one part of our aviation security issue. It is not the only one that I will look for us to address in the long term.

I do want the flying public to know that we have a safe and secure aviation system. However, last Tuesday, the terrorists who perpetrated this heinous crime found a vulnerability in that system. There are several things we will be able to do to correct this situation.

I was Vice Chairman of the National Transportation Safety Board. I have been dealing with aviation security for a long time. Today I am the ranking member of the Aviation Subcommittee of the Commerce Committee. This is my area of interest.

The bill I am introducing today would order the FAA to implement and augment within 30 days a sky marshal program that would allow for peace officers to be put in random airplane flights for domestic commercial air passenger flights and for international flights that would be coming into or out of America on U.S.-based airlines.

What I am trying to do is provide an extra measure of security which today is the responsibility of pilots. Many people may not realize it, but it is the pilot and the copilot who are responsible for dealing with unruly passengers, or with any kind of security threat to the people on an airplane.

We can no longer afford to allow pilots to have the dual responsibility of keeping the plane safe in the air and at the same time be responsible for handling disruptions in the cabin.

The FAA, which has a very limited program, can train people on how to handle a breach of the peace in an airplane. It is a unique kind of training. It is not like military training certainly. It is not like a U.S. marshal on the ground. It is a different set of circumstances. An air marshal must be able to disarm a threat to the aircraft while operating in the confined space of the cabin.

No longer can any passenger carry on even the smallest knife. The FAA has issued a ruling that not even a penknife will be allowed on an airplane by a passenger or in any kind of carry-on baggage. Our passengers will be disarmed. We want to make sure they are protected in some way.

I am introducing this legislation, which will be a temporary program for 1 year. Then the FAA will report to Congress to determine if they believe it has been successful, if it should be continued, or if it is no longer necessary.

I am allowing the FAA Administrator to assess up to \$1 per passenger ticket for every segment of the flight.
