The Endangered Species Act is besieged with problems that must be solved in order to adequately protect listed species and recover them. At the same time, many Western communities feel that they have been assaulted by the ESA in the last two decades. Winning solutions often evade us as policymakers when it comes to issues that are as contentious as the Endangered Species Act. This is truly a win-win for species AND people. Again, my sincere thanks to the chairman and Ranking Member of the Commerce Appropriations Subcommittee for their assistance in finding solutions to this troubling issue.

Mr. BREAUX. Mr. President, last year this Committee and Congress passed legislation to privatize INMARSAT [International Maritime Satellite Organization]. As part of the privatization, INMARSAT is required to hold an initial public offering (IPO). INMARSAT's IPO deadline is set for December 31 of this year. Since the IPO market continues to be in bad shape, INMARSAT and its investment advisors would like time to see if the market improves.

INMARSAT was established in 1979 to improve maritime communications especially for distress and safety signals. Over the past two decades, INMARSAT has branched out to serve both maritime markets and increasingly any markets requiring mobility—shipping, oil and gas exploration and the FAA.

Since the IPO market has nosedived, INMARSAT has been waiting for conditions to improve. All of the extensions available to INMARSAT have now been used and the FCC has no more discretion to extend the deadline. The dilemma is that if INMARSAT does not hold the IPO it will be in violation of the conditions of the waiver. If it does hold the IPO, they could be found in breach of its fiduciary responsibility to its shareholders, possibly subjecting itself to shareholder lawsuits.

My amendment would simply give the FCC the ability to extend the deadline an additional 18 months to see if the IPO market improves. A large number of U.S. companies have pulled their IPOs off the market given market conditions. We are trying to privatize INMARSAT and we should allow them to act like a company.

IN SUPPORT OF THE BROADCASTING BOARD OF GOVERNORS' NEW MIDDLE EAST RADIO NETWORK

Mr. INOUYE. Mr. President, I rise today to express my support for a proposal by the Broadcasting Board of Governors to enhance and expand service to the region with increased exposure to news and information about events in the Middle East. The working name for this new service is the Middle East Radio Network.

It would be a 24 hour per day, 7 days per week Arabic-language station, the Middle East Radio Network to appeal to young people who are the best hope to end the cycle of violence that has ravaged the region.

I know my colleague from Washington would like to discuss the delivery of this new service in the Middle East, and I invite her to comment.

Mrs. MURRAY. The expansion and enhancement of our radio programming in the Middle East are critical to the success of our policies in the region. The proposed service would reach audiences in the West Bank and Gaza, the Gulf, Egypt, Iraq, Jordan, and Sudan in the most popular media of AM, FM and satellite program delivery. This is an area where we cannot afford to deliver our message through a third party broadcaster, and we must deliver accurate information about events occurring in the region. We must be an accessible voice in the region with a program and format that will attract a broader audience. This expansion service will also provide the region with increased exposure to news and information and Western journalistic standards of a free press. This provision of information will help counter the existing regional broadcasts which are often censored or under state control.

I am confident this increased information will help us further our policy of establishing peace and stability in the region. In light of the terrible events of this week, I appreciate the opportunity to register my support for this program and our international broadcasting efforts. I would also add that I concur with the comments of my colleagues.

Mr. HAGEL. I also concur with the remarks of my colleagues.

Mr. HAGEL. I thank the Senator for this opportunity to speak about the new broadcast service proposed by the Broadcasting Board of Governors for fiscal year 2002. The goal is to provide broadcasts that will appeal to a broad Arabic-speaking audience by providing news and information about events in the region. The working name for this station is the Middle East Radio Network. It would be a 24 hour per day, 7 days per week Arabic-language station to be delivered via a combination of local MW and FM, and shortwave to areas where local delivery is not possible. Programming will include news, music, talk, and interactive programs with listener participation. The Broadcasting Board of Governors plans to feature reliable news and discussion of issues relevant to the audience in a format that resonates with young adults and to news-seekers of all ages. The programs will embody two important themes: individual choice and respect for others.

In a region where more than half of the population is under 25, a successful station must appeal to young people who are the best hope to end the cycle of violence that has ravaged the region.

I know my colleague from Washington would like to discuss the delivery of this new service in the Middle East, and I invite her to comment.

Mrs. BOXER. Yes, I would and I thank the Senator for this opportunity to describe the important results of the board's most recent Language Service Review. This review found that our current broadcasting efforts in the Middle East only reach approximately 2 percent of the population. The board's 2001 Language Service Review highlighted the importance of revitalizing INMARSAT's Arabic programs in order to offset local Arabic radio broadcasts that often serve to incite violence in the region. An alternative must be offered to the hate radio that so often incites the population to violence.

In February, Broadcasting Board of Governors' representatives traveled throughout the Middle East to gather facts, to talk to government and media officials, and to begin to build a concept for success. The research emphasized the need for a greater U.S. media presence and increased local content to U.S. broadcasts. The researchers found that in spite of widespread opposition to the U.S. policies, there is a strong attraction to the American values of freedom and individualism. In addition, the Arab public would like information about U.S. businesses, technology and advances in medicine. I believe my colleague from Nebraska would like to discuss the Broadcasting Board of Governors' plans to address the shortcomings in our broadcasting services to the Middle East.

TRIBUTE TO PETE SUAZO

Mr. HATCH. Mr. President, I rise to pay tribute to Eluid Pete Suazo, a distinguished Utah State Senator whose untimely death in August has had a tremendous impact—not only on his family and close friends, but also on the entire state of Utah.

At the time of his death, Senator Suazo represented Salt Lake City’s multi-cultural west side, and he also served as the Assistant minority whip. Pete was heralded for his unfailing dedication and advocacy for his constituents. Indeed, his integrity and absolute dedication won Senator Suazo respect from his colleagues on both sides of the aisle.

As the only Hispanic member of the Utah Legislature, Pete felt a strong sense of responsibility to honor and help Utah’s growing Hispanic and minority populations. He was a top leader of the Hispanic community, who was also able to cross Utah’s ethnic and political lines to effect policies benefiting the entire community. I remember how Pete’s wife, Alicia, fondly recalled the day her husband decided to run for office. He passionately stated, “The Chicano boy is going to be a senator, not in New Mexico, but in Utah where the world will see what can be, who can rush hate crimes law defined Pete Suazo’s leadership and determination. He never gave up, and through his efforts this issue rose to the forefront of the legislature’s attention.

Mr. President, Utah has lost a true hero. Senator Pete Suazo was a man with great integrity, strong personal conviction, and a humble heart. His life was an example of dedicated public service and utmost love for his community and fellow man. I hope my colleagues will join me in sending our heartfelt thoughts and prayers to the Suazo family—his wife, Alicia, and their children Travis, Abel, Emilio and Julio, his parents Pat and Lily, his siblings Kathy, Becky, Georgia, Anna, Ellie and Andy—and also to the many, many friends and neighbors of Pete who will deeply miss him. My hope is that future generations of Utahns will have the desire to follow in this good man’s footsteps, and continue his legacy of work for the people of Utah. In so many instances Pete did not only dream the impossible dream, he strove for and attained it.
