The events that took place on September 11, 2001 will never be forgotten. It is the duty of our nation not only to remember that day, but also to honor those individuals whose lives were so quickly lost. Joe Lopez was a loving and honorable man. My heart and prayers go out to Joe's friends and family during this time of mourning. They can rest assured that we will come together as a Nation to see that the proper course of action is taken against these criminals. In this sense, Joe was an outstanding member of our community and a heroic role model for others. I would like to extend my deepest sympathy and warmest regards to Maclovio "Joe" Lopez's family and my thoughts and prayers along with those of our Nation are with them.

AMERICAN VETERANS COMMITTEE (AVC) INTERNATIONAL AFFAIRS PLATFORM AND RESOLUTIONS

HON. ALBERT RUSSELL WYNN
OF MARYLAND
IN THE HOUSE OF REPRESENTATIVES
Friday, September 14, 2001

Mr. WYNN. Mr. Speaker, today I recognize the American Veterans Committee (AVC). The American Veterans Committee is an outstanding organization of American veterans with ongoing concerns and interest in our foreign policy and international affairs. I submit for the RECORD their International Affairs Platform and Resolutions, as prepared by the American Veterans Committee, International Affairs Commission and adopted by the American Veterans Committee (AVC) National Board at the National Board Meeting, Tuesday, August 26, 1997, with appropriate changes as of August 2001.

AMERICAN VETERANS COMMITTEE (AVC) INTERNATIONAL AFFAIRS PLATFORM

We, the members of the American Veterans Committee (AVC), believe that in international affairs the objective of the United States of America (US) is the maintenance of peace with justice for all. The world must avoid the holocaust of nuclear war. The restoration of international relations, with the People’s Republic of China, the end of the Cold War, the dissolution of the Soviet Union, and the fall of the Berlin Wall brought much hope of the avoidance of nuclear war—at least among the major powers—in the foreseeable future. Many international problems remain including the threat of terrorism. The US has been active—along with the United Nations—in dealing with hostilities in the Middle East and the Balkan States, Central and Southeast Asia, such African states as Somalia, Rwanda and Zaire (now the Democratic Republic of the Congo), and in Central America and the Caribbean. The work of the US has aided in establishing and restoring elective governments wherever possible.

EXTENSIONS OF REMARKS

The victims at the Pentagon and of the air highjackings are also in our thoughts and prayers.

We are the most diverse city in the world but today we are united as one. We stand squarely with the President, our Governor and Mayor and pledge to bring the perpetrators of these tremendously cruel acts to justice.

Within that framework, US foreign policy, like US domestic policy, must seek always to enhance social justice for and the welfare of the individual, in all classes and without regard to race, religion, ethnicity, language, gender, sexual orientation, or age. Our policies must strive for real action on the world envisioned in the Universal Declaration of Human Rights, a world in which all might eat and sleep in safety, live under and vote in an elective government, with realistic hope and opportunity of attaining their reasonable aspirations.

1. THE UNITED NATIONS AND WORLD GOVERNANCE

The United Nations remains in spite of the recognized areas which require strengthening, continues to be the best hope for peace in the world. American support of the UN must be an essential part of our foreign policy. The authority of the UN must be strengthened in a process in which selected elements of national sovereignty will be progressively transferred, in that will enhance the fundamental freedoms and the well-being of all the peoples of the world. AVC supports the following principles, reforms and programs for a more effective UN:

1. International law governing disputes and conduct of UN member states, and other states, with one another should be improved, clarified, codified, and obeyed. The US and all member states should work within the UN for the development of clear, well understood and respected international law. All member states should accept the jurisdiction of the International Court of Justice (ICJ) to interpret and implement international law.

2. Debtor states must pay their UN past and current dues and assessments.

3. The effectiveness of the UN must be improved through better financing, including such mechanisms that will bring in appropriate revenue from developed nations of the world.

4. The UN structures for dispute mediation and conflict prevention and resolution must be strengthened.

5. Further international cooperation for peace and sustainable development should be enhanced.

6. Movement should be made toward a genuine career UN civil service.

7. The influence of civil society at the UN should be strengthened.

8. The integrity and independence of the Office of the Secretary General, as expressed in the UN Charter, are crucial to the strength and effectiveness of the UN. The US should oppose any attempt to weaken the powers of this office. AVC commends the leadership of the present Secretary General, Kofi Annan, in making the organization work more effectively . . . and extends its very best wishes to him on his election to a well deserved second five-year term.

II. WORLD VETERANS FEDERATION (WVF)

AVC points with pride to and pledges continuing support for the World Veterans Federation (WVF), a worldwide organization of former combatants whose activities are a remarkable example of the kind of active international cooperation on which lasting world peace and justice can be built. AVCthus is proud to have been one of those veterans organizations to recognize World WVF more than a half century ago, and took part in the recognition of the WVF 50th Anniversary, and looks forward to the 24th General Assembly in South Africa in 2003.

III. THE RIGHTS OF AND RESPECT FOR WOMEN

Since its establishment in 1944, AVC has always had women among its members and...
Security Council states among the signatory nations is the significant advance with all five Permanent Members in September 1996 of the Comprehensive Test Ban Treaty in foreign policy. Our world finds itself in the transition of this Earth. The anti-personnel land mines, and the ban on the use of chemical weapons have a major role for democratic security and must continue to allocate so high a percentage of resources to forge the weapons of war.

Manpower is not feasible. Efforts toward that goal must continue to press for relaxation of China's stern measures against a free press.

IV. NUCLEAR TESTING AND DISARMAMENT AND THE TREATY BANNING CHEMICAL WEAPONS

Complete elimination of nuclear weapons testing and establishment of international controls on this most dangerous technology must be the goal of American foreign policy. Our world finds itself in the unique and unenviable position where one generation can make life on Earth uninhabitable for later generations.

The adoption by the UN of a Comprehensive Test Ban Treaty at its September 1996 Preparatory Meeting, and the significant advance with all five Permanent Security Council states among the signatories, reflects the desire of the world to close this nuclear weapons testing gap remotely in time; immediate achievement is not feasible. Efforts toward that goal should be made by the US nonetheless and should be encouraged in other nations. Man and mankind can never reach its true destiny if it must continue to allocate so high a percentage of its resources to forge the weapons of war.

AVC without reservation supports the adoption by the UN of a treaty that bans in the world the use of chemical weapons. AVC believes that the world-wide wave of political pressure for international controls on this most dangerous technology must be the goal of American foreign policy. Our world finds itself in the unique and unenviable position where one generation can make life on Earth uninhabitable for later generations.

V. UNITED STATES AND ITS ALLIES

Inevitably differences have arisen and will continue to arise between the US and its allies, but these are differences which can be and must be resolved around the common interest. In its negotiations, the US should seek the rights and privileges of the willing partner. The North Atlantic Treaty Organization (NATO) was formed in a world considerably different from the world of today. AVC supports the reassessment by the NATO nations of their membership. Its continued organization and operation should reflect the changing purpose. AVC is clearly aware of the division with respect to the issue of expansion of NATO and the militarization of any new NATO members to bring them up to a stage of military equality with other NATO nations. Further, AVC is well aware of the discussions that did not lead to approval of any specific new nations to become a part of NATO. Further, AVC recognizes the importance of the continuing discussion of NATO and Russia with respect to a broader membership, while at the same time being aware of the concern of Russia with respect to broad membership that may also include former Soviet republics. Finally, very careful consideration should be given to expediency of NATO actually becoming a part of the UN.

In Latin America we must make every effort to erase the image of the US as a prospector, patronizing, and paternalistic benefactor or intervener in the economic and political development of those nations. It should be the objective of the US foreign policy to create instead an image of a US that wants to be a good partner as well as a good neighbor. In cooperation with Latin America work out their own destiny.

The US should, at every turn, encourage the UN or the Organization of American States to take further actions and initiatives to implement the Platform. The US should with the approval of the UN and support of the UN Commission on the Status of Women since 1995, and must be resolved around the conference convened the Fourth World Conference on Women in Beijing, China. The Conference took up by the 45th Session of the UN Commission on the Status of Women since 1995. Now in 2001 and looking forward to the UN Commission on the Status of Women in 2001. In 2001. Although no rigid deadline was set for 2000, and now the services of a US representative. The US should be encouraged to move toward the UN and China is expanding, an indication of a changing market economy in that nation. The US should use its relationship to continue to press for the UN's recognition of women's place in society.

At the beginning of the second millennium, the US must continue to be willing to help the developing nations of Africa, Asia, and Latin America to direct their own destinies. The US should bear primary responsibility for the developing nations. And the services of the UN specialized agencies, for example, the World Health Organization (WHO) and the UN Children's Fund (UNICEF), are appropriately engaged on the needs of the developing nations. Thus, every consideration must be given to the problem of AIDS, especially in the developing countries, but also in the US and Latin America.

VI. THE UNITED STATES AND THE WORLD

At the beginning of the second millennium, the US must continue to be willing to help the developing nations of Africa, Asia, and Latin America to direct their own destinies. The US should bear primary responsibility for the developing nations. And the services of the UN specialized agencies, for example, the World Health Organization (WHO) and the UN Children's Fund (UNICEF), are appropriately engaged on the needs of the developing nations. Thus, every consideration must be given to the problem of AIDS, especially in the developing countries, but also in the US and Latin America.

VII. RUSSIA AND CHINA

At the same time, quarrels between the US and China—both with respect to independence of Taiwan and “human rights”—are expected to continue. The US and China is expanding, an indication of a changing market economy in that nation. The US should use its relationship to continue to press for the UN's recognition of women's place in society.

VIII. ISRAEL AND THE ARAB STATES

AVC strongly supports the efforts of the US to achieve the peace process begun at Camp David in 1979, continued at Madrid in 1991, further affirmed at Oslo in 1993, reflected further in the Wye Memorandum Agreements of the Prime Minister of Israel and the Head of the Palestinian Authority, the agreements flowing from Camp David in 2000, and now the services of a US representative. As long as the US should be set, the ultimate goal of peace with security for Israel should be the fulfillment of the US Security Council Resolution 242 (1967); that Resolution requires that Israel evacuate the territory occupied in that year in return for recognition by Arab countries of Israel's right to exist and to develop. Further, especially with respect to the AIDs problem, the US as well as other developed nations must make every effort to provide pharmaceutical supplies to combat the AIDs epidemic at a cost reasonable to be met in the developing nations.

The gap between the social and economic bases of the developed countries and those of the developing countries to widen. The decline in relative socioeconomic position of developing nations, accompanied as it is by a population explosion (now being recently addressed), has led to danger and the outbreak of violence and disorder in many areas of the world. Africa faces particularly difficult problems. African institutions, such as the Organization of African Unity (OAU), have confronted these problems and their continuing support of US exception must be made for areas absolutely necessary for Israel's existence as a state.

IX. WORLD TRADE

The US should be encouraged to move toward the UN and support of the UN Commission on the Status of Women since 1995. Now in 2001 and looking forward to the UN Commission on the Status of Women in 2001. Although no rigid deadline was set for 2000, and now the services of a US representative. The US should use its relationship to continue to press for the UN's recognition of women's place in society.

Unlimited global economic growth through global free trade in a global free market is an American goal. Whatever the means to reach this goal—the goal must provide for all people to have at the very least enough to eat and a decent place in which to live. The creation of the World Bank and the International Monetary Fund (IMF), presumably, were so constructed that enough to eat would be a result of monetary and financial direction. In reviewing the historic and almost legendary Bretton Woods Conference and succeeding meetings on global financial structure, AVC reflects on the one hand what the World Bank and the IMF have accomplished and at the same time what the US has failed to attain. The brave new world of global financial institutions, translational corporations, and free trade, while having benefited some, has not necessarily brought about the more attention to the substantial reduction of the ever widening distance between the rich and the poor.

X. GLOBALISM, REGIONS, AND SUB-REGIONS

With respect to subregions, AVC notes the Stability Pact of Southeastern Balkan nations—Bosnia-Herzegovina, Croatia, Macedonia, Slovenia, and of late Yugoslav Serbia, as well as Albania, Bulgaria, Hungary, and Romania—that have seen civil and other strife during the 20th century. Further, at the 23rd General Assembly of the WVF, the conference approved the establishment of the Standing Committee on Women of Asia and the Pacific and the North Pacific (NWPA) and other Standing Committees for other world regions.

Again with respect to the OAU, AVC notes the reassuring meeting of the OAU Ministers of State at 8–10 July 2000 and the subsequent meeting of OAU Heads of State 10–12 July 2000 ... and the agreements with respect to economic, political, education, and health problems and issues in the nations that met in Lome, Togo, West Africa.

INTERNATIONAL AFFAIRS RESOLUTIONS

1. THE UNITED NATIONS—SUPPORT WITH REFORM

Recognizing that the American Veterans Committee (AVC) has been a staunch supporter of the United Nations (UN) since its inception in 1945 and has taken a very active role in the United Nations Veterans Federation (WVF), AVC respectfully urges the President of the US and OAU Heads of State to make it known that the US has failed to meet their financial obligations as dues-paying members in the UN.

Resolved by AVC:

1. THAT US states should pay their UN dues in full to fulfill their treaty obligations; that stringent consequences for continued non-payment must be instituted.

2. THAT the dues of the UN must be improved through better financing. Careful consideration must be given to such proposals as the following: (a) a treaty among member states to establish partial, partial, or full self-financing of UN peace-keeping and other programs through tax-deductibility of contributions; and (e) sale of UN bonds to private individuals and of extra premium postage stamps; and (f) an 1% surcharge on international postage items; (c) a task force established to investigate practical steps to revitalize the Military Staff Committee to which some of the UN Chamber with responsibility for enforcement, peace-keeping operation, and disarmament.

5. THAT the Security Council become more responsive to the concerns of the General Assembly through arranging for regular presentations of the Council and discussion by the latter of the views of the General Assembly, as reflected in the Assembly Resolution, with the President of the Assembly present on the Council, and through continued study of the representative qualities of the UNSC membership.

6. THAT the rule of law among nations be strengthened through (a) a movement toward universal acceptance of the jurisdiction of the International Court of Justice (ICJ) by introducing a procedure where the Security Council would decide, in cases where continuing bilateral disputes threaten world security, to require the UN member states involved (including Security Council members) to present themselves to conciliation proceedings or to take the dispute to the ICJ; (b) General Assembly authorization of the UN High Commissioner for Human Rights to be empowered under Article 96 of the Charter, to turn to the ICJ for advisory opinions; and (c) provision that individuals or groups who consider that their rights have not been respected may petition the UN High Commissioner for Human Rights for reaction and then, if the issue is not resolved, to petition the General Assembly for a hearing.

7. THAT the UN initiative for peace and substantial development be enhanced through the establishment of a UN Economic Security Council to take the place of the UN Special Committee on the Elimination of Despotism and of oligarchies; and, in particular, to improve coordination on economic and social programs within the UN system.

8. THAT movement be made toward a genuine career UN civil service, with training of UN staff at all levels to include the recognition of diversity of cultures. And, further, with the elimination of political appointments, level-by-level over a period of years, non-political appointments in the UN, except those of the Secretary General and his immediate staff being held only by those who have passed the UN entry examination or made other well-established professional criteria including maintenance of a high-level of performance.

9. THAT the influence of civil society at the UN be strengthened through measures such as a biennial Citizens’ Assembly at the UN representing all non-governmental organizations (NGOs). The Citizens’ Assembly would develop concepts and proposals for transmittal to and discussion by the General Assembly with widest possible participation throughout all UN conferences.

11. THAT the funding of the UN Trusteeship Council should end inasmuch as there are no longer any Trust Territories, thereby eliminating a stark example of bureaucratic waste within the UN itself and setting a precedent for other comparable action as warranted.

II. US RATIFICATION OF UNITED NATIONS HUMAN RIGHTS COVENANTS

Supporting the adoption by the UN nearly a half-century ago of the “Universal Declaration of Human Rights” philosophy and concept of human rights for all people all over the globe; Supporting further the US Human Rights Covenant on Economic, Social, and Cultural Rights—as well as the UN Human Rights Covenant on Civil and Political Rights; Noting that more than 175 nations of the world have ratified the UN Human Rights Covenants; And further that the US became a signatory to the UN Human Rights Covenants during the administration of President Jimmy Carter,

AVC respectfully urges the President of the United States to take all immediate and reasonable steps to move the US not only as a signatory but also as a nation ratifying both the UN Human Rights Covenants (a) Economic, Social, and Cultural Rights as well as (b) Civil and Political Rights.

III. US RATIFICATION OF RELEVANT CONVENTIONS OF INTERNATIONAL PROTEC TIVES AND TREATIES ON WOMEN’S RIGHTS

Recognizing the importance of the UN Conventions on the Elimination of Discrimination Against Women, the International Covenant on Economic, Social, and Cultural Rights, and the International Covenant giving women the rights and interests of women; Recognizing the preposition spelled out in The Platform For Action that human rights are universal and equally applicable to women; the inherent and indivisible rights of women must be affirmed by the international community, and support the Missions Statement from Beijing that ‘equality..."
between women and men is a matter of human rights and a condition for social justice and individual freedom, and a prerequisite for equality, development, and peace. ’” [N.B. The previous statement flows from the UN 4th International Conference on Women, held in Beijing, China, September 1995.]

IV. THE UNITED NATIONS ASSOCIATION/US AND THE WORLD FEDERALIST ASSOCIATION

Recognizing for decades that the World Federalist Association (WFA) in the US and World Federalism elsewhere in the world have appropriately emphasized the global nature of the Earth and our life thereon;

Recognizing further that the work of the UN Association (UNA)/US in its support of the UN itself has similarly reflected an understanding of the global nature of the world;

Observing that both of these organizations have emphasized the great need of peoples to work together for a better world while their governments work together in the UN for peace and security;

Having members of AVC also in positions of leadership in both the WFA and UNA/US and likewise in positions of leadership in the UNA/US;

Believing today that the WFA position is still sound and that its national and regional meetings are productive, having produced recent leadership in advancing the international criminal court, the Hague Appeal for Peace, a UN readiness force, and adequate UN funding . . . likewise noting the effectiveness and value of the results achieved by the national and regional assemblies of the UNA/US;

AVC finds that both the work of the UNA/US and the World Federalist Association have goals and programs that lead to a stronger and more productive relationship of the peoples in the nations of the world; and,

Therefore, AVC supports both of these organizations.

V. US SUPPORT FOR THE REPORT ON THE IMPACT OF ARMED CONFLICT ON CHILDREN

Noting with satisfaction the release of the important study of the “Impact Of Armed Conflict On Children” by the United Nations Children’s Fund (UNICEF); and

Reaffirming AVC’s traditional support for strict adherence to international humanitarian laws and human rights standards in situations of armed conflict;

Reaffirming our support for the implementation of the Convention of the Rights of the Child;

Pleased that the WVF is a part of the Coalition Against the Use of Child Soldiers; and

AVC also supports the Coalition Against the Use of Child Soldiers and the findings of the Report “Impact Of Armed Conflict On Children.” AVC also (a) urges upon the International community to offer special care and protections for the internally placed children and (b) further urges international support for the findings of the Report, including calling upon governments to prevent the recruitment and demobilization of children under the age of 18.

VI. BAN ON “ANTI-PERSONNEL” MINES

Noting that the US used the phrase “global humanitarian tragedy caused by the indiscriminate use of land mines”;

Reviewing the long-standing position of AVC in support of the total ban of land mines, or anti-personnel mines;

Noting at the same time that generals of the US Armed Forces established that land mines hurt the US more than they helped our Armed Forces;

And observing that around the world children and women and other civilians have sustained injuries and even death from land mines;

AVC together respectfully urge the President of the United States to adopt a strong position with the goal of eliminating land mines, or anti-personnel mines, from our national arsenal.

VII. WORLD VETERANS FEDERATION—A HALF CENTURY OF AVC SUPPORT

Reviewing with gratification the more than one hundred years of history of the WVF and the continuing principle of AVC in WVF in 1950 as well as the continuing AVC membership now in 2001;

Reviewing also the long and consistent support of AVC in behalf of veterans as well as those who have suffered on account of war—the WVF program always including support of the UN;

Recalling the guidance of WVF by the CREDO created by the late UN Undersecretary General Ralph J. Bunche . . . the CREDO having the celebrated phase “None can speak more eloquently of peace than those who have fought in war”;

Noting that WVF has consistently brought veteran programs together with the world to its General Assemblies, Council meetings, and such special meetings as the 1990 Conference on the Mediterranean held in Malta, and observing with pride that WVF held its 23rd General Assembly (Paris 2000);

Taking pride in the fifty-year leadership of WVF Presidents and Secretaries General; the American Veterans Committee continues to support without reservation the World Veterans Federation and looks forward to continuing membership and contribution to WVF programs.

VIII. THE SOUTHEAST BALKIN STATES

Having goals of peace, security, and development in the Balkans and well aware that what was once Yugoslavia is now Yugoslavia/Serbia (including Montenegro), Bosnia-Herzegovina, Croatia, Macedonia, and Slovakia and further recognizing that this European sub-region also includes such nations as Albania, Bulgaria, Hungary, Romania, and Turkey;

Noting with appreciation that the World Veterans Federation (WVF) brought together its member organizations at its biennial International Conference, Luxembourg, 5–7 May 1996 to arrive at “principles to be followed and measures to be taken” for attainment of those goals . . . and that the Luxembourg International Conference carefully took into account the position adopted in Dayton (Ohio/USA) with respect to Bosnia-Herzegovina;

Aware that peoples of different ethnic, religious, and historical background do have differences, sometimes substantial almost insurmountable differences;

Noting further that the Stability Pact includes a “Coordinator,” a citizen of a nation not among those of the Eastern Balkans;

Supporting AVC the Stability Pact and the elections of a democratic state and urging the peoples to support the results of the elections wherever in the Balkan States;

Also supporting the position that individuals accused of “war crimes or crimes against humanity” must be brought before the appropriate court;

Believing that AVC together with the totality of the Balkan States that “recognition by every State in the region of all of the other States in the region and renunciation of all forms of nationalism in the formation of ‘greater state,’ ethnocentrism, xenophobia, and intolerance toward minorities”;

Continuing to respect the final act of Helsinki, which emphasizes the security and cooperation in Europe;

The American Veterans Committee continues to adopt the position that mediation and discussion, together with peace-keeping, economic, and infrastructural support from NATO and the UN, including in both instances the US, and (b) vital governing provisions of Bosnian-Herzegovian and other Balkan States will lead to a state of multi-ethnic, multi-culture, and multi-denomination with full respect for the rights of all the people concerned.

IX. ISRAEL AND THE MIDDLE EAST

Applauding in the early days of AVC the establishment of the nation of Israel;

Supporting the leadership of President Jimmy Carter in bringing together Prime Minister Menachem Begin of Israel and Egypt’s leader Anwar Sadat;

Noting with satisfaction the further movement toward conciliation, reconciliation, and peace formulated by Palestinian Authority and the present and immediate past Prime Ministers of Israel;

Urging the leaders of Israel and Palestine today to continue using mediation in arriving at agreements, including an agreement with respect to East Jerusalem;

AVC continues to support the right of Israel to peace and economic and sociocultural development and the use of the instruments of discussion and mediation in the consideration of all elements and aspects of difference and conflict between Israel and its neighboring peoples and nations—whether they be Palestine, Jordan, Syria, Lebanon, or any other nation state. AVC in supporting the above stated development in Israel in no way implies that it does not support similar development of Palestine as well as all other nations as they too seek peace and improvement of the quality of life for their peoples.

X. CUBA

Observing that Fidel Castro has been in power in Cuba for more than forty years and that all efforts to remove him and change his regime have been and continue to be futile;

Recalling that the US has resumed relations with Germany, Japan, and Vietnam in sanctioning wars and relations with Russia subsequent to the Cold War;

Believing that the Helms-Burton Act has not been and will not be effective in achieving its stated goals, and further that this Act of Congress has only created conflict between us and our close allies;

AVC believes that the US appropriate to the present times should establish diplomatic relations, permit commercial relations, continue to provide humanitarian aid, and end the application of sanctions that adversely affect Cuba and our allies.

HONORING RICHARD “AL” SEAGLER

HON. SCOTT McNINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Friday, September 14, 2001

Mr. McNINNIS. Mr. Speaker, I would like to take this opportunity to honor Richard “Al” Seager for his service to our great nation in World War II. Anticipating that he would get drafted, Al courageously enlisted with the Navy. It is my pleasure to pay tribute to Mr. Seager for the sacrifices he made in preserving the freedom of our nation.
