

## HOUSE OF REPRESENTATIVES—Wednesday, September 19, 2001

The House met at noon and was called to order by the Speaker pro tempore (Mr. ISSA).

### DESIGNATION OF THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,  
September 19, 2001.

I hereby appoint the Honorable DARRELL E. ISSA to act as Speaker pro tempore on this day.

J. DENNIS HASTERT,  
Speaker of the House of Representatives.

### PRAYER

The Reverend Campbell Gillon, Georgetown Presbyterian Church, Washington, D.C., offered the following prayer:

Almighty God, before Whom civilizations rise and pass away, we bow before Thee. We are creatures of a day, our lives divinely touched into being; endowed with insight as well as sight, conscience as well as cleverness, spiritual responsiveness as well as physical reflexes. In Thee we exist. Forgive us if in the past, we have denied the "better angels" of our nature, thus denying divine guidance and help.

In the light of the recent act of aggression against this Nation, horror, shock, grief, fear, revenge, and anger struggle within people's hearts. We sorrow at the loss of life, the families shattered, the injuries sustained, and the horrendous images that rescuers and rescued will forever retain. We commend all such to the care of the One who alone is the help of the helpless, the healer of the heartbroken, the strengthener of those bowed down.

Wherever the way forward lies, lead the Representatives of this great Nation by eternal beacons of justice, truth, understanding, and righteousness, to deal firmly with evil and fairly for a conclusion with honor. For such a task, bless the President, his Cabinet, this House, its leaders, Representatives, staffers, advisors, and all who act for the Nation here. As their days, so may their strength be.

Bless them with vision informed by wisdom; wisdom instructed by truth; truth revealed in integrity, and integrity touched by love; all learned in humility before thee, O God, whose children we are called to be.

This we ask in Thy spirit. Amen.

(a) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of the Air Force should carry out each of the following:

(1) Continue and improve efforts to ensure that—

(A) the Air Force science and technology community is represented, and the recommendations of that community are considered, at all levels of program planning and budgetary decisionmaking within the Air Force;

(B) advocacy for science and technology development is institutionalized across all levels of Air Force management in a manner that is not dependent on individuals; and

(C) the value of Air Force science and technology development is made increasingly apparent to the warfighters, by linking the needs of those warfighters with decisions on science and technology development.

(2) Complete and adopt a policy directive that provides for changes in how the Air Force makes budgetary and nonbudgetary decisions with respect to its science and technology development programs and how it carries out those programs.

(3) At least once every five years, conduct a review of the long-term challenges and short-term objectives of the Air Force science and technology programs that is consistent with the review specified in section 252 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (as enacted into law by Public Law 106-398; 114 Stat. 1654A-46).

(4) Ensure that development and science and technology planning and investment activities are carried out for future space warfighting systems and for future non-space warfighting systems in an integrated manner.

(5) Elevate the position within the Office of the Secretary of the Air Force that has primary responsibility for budget and policy decisions for science and technology programs.

(G) Utilizing existing analysis capabilities within the Air Force product centers in a collaborative and integrated manner.

(2) Not later than one year after the date of the enactment of this Act, the Secretary of the Air Force shall submit to Congress a report on the implementation of the planning process required by paragraph (1). **SEC. 253. STUDY AND REPORT ON EFFECTIVENESS OF AIR FORCE SCIENCE AND TECHNOLOGY PROGRAM CHANGES.**

(a) REQUIREMENT.—The Secretary of the Air Force, in cooperation with the National Research Council of the National Academy of Sciences, shall carry out a study to determine how the changes to the Air Force

science and technology program implemented during the past two years affect the future capabilities of the Air Force.

(b) MATTERS STUDIED.—(1) The study shall independently review and assess whether such changes as a whole are sufficient to ensure the following:

(A) That the concerns about the management of the science and technology program that have been raised by the Congress, the Defense Science Board, the Air Force Science Advisory Board, and the Air Force Association have been adequately addressed.

(B) That appropriate and sufficient technology is available to ensure the military superiority of the United States and counter future high-risk threats.

(C) That the science and technology investments are balanced to meet the near-, mid-, and long-term needs of the Air Force.

(D) That technologies are made available that can be used to respond flexibly and quickly to a wide range of future threats.

(2) In addition, the study shall independently assess the specific changes to the Air Force science and technology program as follows:

(A) Whether the biannual science and technology summits provide sufficient visibility into, and understanding and appreciation of, the value of the science and technology program to the senior level of Air Force budget and policy decisionmakers.

(B) Whether the applied technology councils are effective in contributing the input of all levels beneath the senior leadership into the coordination, focus, and content of the science and technology program.

(C) Whether the designation of the commander of the Air Force Materiel Command as the science and technology budget advocate is effective to assure that an adequate budget top line is set.

(D) Whether the revised development planning process is effective to aid in the coordination of the needs of the Air Force warfighters with decisions on science and technology investments and the establishment of priorities among different science and technology programs.

(E) Whether the implementation of section 252 of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (as enacted into law by Public Law 106-398; 114 Stat. 1654A-46) is effective to identify the basis for the appropriate science and technology program top line and investment portfolio.

(c) REPORT.—Not later than 60 days after the date on which the study required by subsection (a) is completed, the Secretary of the Air Force shall submit to Congress the results of the study.

(d) FUNDING.—Of the amount made available pursuant to section 201(3) for research, development, test, and evaluation for the Air Force, \$950,000 shall be available only to carry out this section.

At the end of subtitle E of title X (page 307, after line 20), insert the following new section:

**SEC. . SENSE OF CONGRESS ON IMPLEMENTATION OF FUEL EFFICIENCY REFORMS IN DEPARTMENT OF DEFENSE.**

(a) FINDINGS.—Congress finds the following:

(1) The Federal Government is the largest single energy user in the United States, and the Department of Defense is the largest energy user among all Federal agencies.

(2) The Department of Defense consumed 595,000,000,000 BTUs of petroleum in fiscal year 1999, while all other Federal agencies combined consumed 56,000,000,000 BTUs of petroleum.

(3) The total cost of petroleum to the Department of Defense amounted to \$3,600,000,000 in fiscal year 2000.

(4) Increased fuel efficiency would reduce the cost of delivering fuel to military units during operations and training and allow a corresponding percentage of defense dollars to be reallocated to logistic shortages and other readiness needs.

(5) Increased fuel efficiency would decrease the time needed to assemble military units, would increase unit flexibility, and would allow units to remain in the field for a longer period of time.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the Secretary of Defense should work to implement fuel efficiency reforms, as recommended by the Defense Science Board report, which allow for investment decisions based on the true cost of delivered fuel, strengthen the linkage between warfighting capability and fuel logistics requirements, provide high-level leadership encouraging fuel efficiency, target fuel efficiency improvements through science and technology investment, and include fuel efficiency in requirements and acquisition processes.

Mr. STEARNS, No. 50, page 307, after line 20.

The text of the amendment is as follows:

At the end of subtitle E of title X (page 307, after line 20), insert the following new section:

**SEC. . SENSE OF CONGRESS REGARDING CONTINUED UNITED STATES COMMITMENT TO RESTORING LAFAYETTE ESCADRILLE MEMORIAL, MARNES LA-COGUETTE, FRANCE.**

(a) FINDINGS.—Congress finds the following:

(1) The Lafayette Escadrille, an aviation squadron within the French Lafayette Flying Corps, was formed April 16, 1916.

(2) The Lafayette Escadrille consisted of aviators from the United States who volunteered to fight for the people of France during World War I.

(3) 265 volunteers from the United States served in the Lafayette Flying Corps, completing 3,000 combat sorties and amassing nearly 200 victories.

(4) The Lafayette Escadrille won 4 Legions of Honor, 7 Medailles Militaires, and 31 citations, each with a Croix de Guerre.

(5) In 1918, command of the Lafayette Escadrille was transferred to the United States, where the Lafayette Escadrille became the combat air force of the United States.

(6) In 1921, a Franco-American committee was organized to locate a final resting place for the 68 United States aviators who lost their lives flying for France during World War I.

(7) The Lafayette Escadrille Memorial was dedicated on July 4, 1928, in honor of all United States aviators who flew for France during World War I.

(8) The Lafayette Escadrille Memorial Foundation, located in the United States and in France, was founded by Nelson Cromwell in 1930 and endowed with a \$1,500,000 trust for the maintenance and upkeep of the Lafayette Escadrille Memorial.

(9) Environmental conditions have contributed to structural damage to, and the overall degradation of, the Lafayette Escadrille Memorial, preventing the holding of memorial services inside the crypt.

(10) The French Government has pledged funds to support a restoration of the Lafayette Escadrille Memorial.

(11) The Lafayette Escadrille Memorial should be restored to its original beauty to honor all the United States aviators who flew for France during World War I and to demonstrate the respect of the United States for the sacrifices made by all Americans who have served our Nation and our allies.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the United States should continue to honor its commitment to the United States aviators who lost their lives flying for France during World War I by appropriating sufficient funds to restore the Lafayette Escadrille Memorial in Marnes La-Coguette, France.

(1) for cooperation with Russia on disposition as soon as practicable of nuclear weapons and weapons-usable nuclear material in Russia that Russia does not retain in its nuclear arsenal; and

(2) to prevent the outflow from Russia of scientific expertise that could be used for developing nuclear weapons or other weapons of mass destruction, including delivery systems.

(b) CONTENT OF PLAN.—The plan required by subsection (a) shall include the following:

(1) Specific goals and measurable objectives for the programs that are designed to carry out the objectives specified in paragraphs (1) and (2) of subsection (a).

Section 1405 of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (50 U.S.C. 2301 note) is amended—

(1) in subsection (h)(2), by striking “2001” and inserting “2003”; and

(2) in subsection (l), by striking “three years” and inserting “five years”.

Mr. WELDON of Pennsylvania, No. 78, page 307, after line 20.

The text of the amendment is as follows:

At the end of title X (page 307, after line 20), insert the following new section:

**SEC. 1048. ACTION TO PROMOTE NATIONAL DEFENSE FEATURES PROGRAM.**

(a) FINDINGS.—The Congress finds the following:

(1) The National Defense Features program, which is funded from the National Defense Sealift Fund established by section 2218 of title 10, United States Code, is a constituent element of the defense policy of the United States intended to provide essential sealift capacity in emergencies, strengthen the national shipbuilding base, and maintain a resource of highly trained merchant seamen.

(2) Implementation of the National Defense Features program would provide significant benefits both for the United States and for allied nations during military contingencies.

(3) For the United States and nations allied with the United States to realize these benefits, it is essential that vessels built under that program enjoy commercial opportunities in peacetime on trade routes between the United States and allied nations and that those vessels not be excluded from such opportunities through restrictive trade practices.

(4) The failure of vessels built, or to be built, under the National Defense Features program to obtain employment as common carriers or contract carriers in the particular sector of any trade route in the foreign commerce of the United States for which they are designed to operate, together with long-term domination of that sector of the trade route by citizens of an allied nation, evidences the existence of restrictive trade practices.

(b) ACTION TO PROMOTE PROGRAM.—In any case in which the Secretary of Defense finds the existence of the conditions determined by subsection (a)(4) to prove the existence of restrictive trade practices, the Secretary shall certify the case to the Federal Maritime Commission, which thereupon, in consultation with the Secretary, shall take action to counteract such practices, utilizing all remedies available under section 10002(e)(1) of the Foreign Shipping Practices Act of 1988 (46 U.S.C. App. 1710a).
