NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2002

SPEECH OF
HON. ROBERT A. UNDERWOOD
OF GUAM
IN THE HOUSE OF REPRESENTATIVES
Thursday, September 20, 2001

The House in Committee of the Whole House on the State of the Union had under consideration the bill. (H.R. 2586) to authorize appropriations for fiscal year 2002 for military activities of the Department of Defense, to prescribe military personnel strengths for fiscal year 2002, and for other purposes:

Mr. UNDERWOOD. Mr. Chairman, this amendment would extend the opportunity to vote in the November 2002 federal elections through the electronic voting system proposed by this bill to uniformed services personnel from the U.S. territories and the District of Columbia. These voters are from Guam, the Commonwealth of Puerto Rico, the U.S. Virgin Islands, American Samoa, and the District of Columbia who are currently serving away from their homes as active duty military personnel. The Department of Defense estimates that nearly 15,000 uniformed services personnel would become eligible to participate in the system as a result of this amendment. In addition, it would grant spouses and eligible dependents of these uniformed services personnel the ability to participate as well.

The voting system under this bill is intended to facilitate and demonstrate a more efficient and convenient system that would increase voter participation among U.S. military service personnel stationed around the world. My amendment allows access to this voting system for all eligible military personnel regardless of where they may be registered to vote.

I appreciate the support of Military Personnel Subcommittee Chairman McHugh and urge your support for my amendment, which protects and extends the voting rights of our men and women in uniform from the U.S. territories and the District of Columbia.
