the rule of law. We must continue to urge his regime to institute desperately needed market-oriented economic reforms to promote trade, investment, growth and development in Belarus. We should also engage the Russians in high-level discussions, urging them to raise these issues with their neighbor, to pressure Lukashenka to take the steps he knows are necessary to stabilize the conflict and to bring the two sides to the negotiating table.

While putting pressure on the Belarusian Government, the U.S. should also continue to support programs that will strengthen civil society and build democracy. The OSCE cited one positive observation about the Presidential election in Belarus: an increasingly pluralistic civil society is emerging and working to build the core institutions neglected by the state. The U.S. should continue to support programs that will build upon this progress within civil society and help restore democracy in Belarus.

ADDITIONAL STATEMENTS

HISPANIC HERITAGE MONTH

- Mr. SARABANES. Mr. President, today I rise in recognition of Hispanic Heritage Month. Each year, from September 15 through October 15, we recognize the contributions that Hispanic Americans bring to the United States. During this Hispanic Heritage Month, our Nation is in the process of coming to terms with the unspeakably savage attacks of September 11th and bracing for what may follow. Yet, in the wake of these heinous terrorist acts, we have demonstrated one of our greatest strengths, the ability to unite in times of crises. A major element of that strength is demonstrating to the world how to communicate effectively, providing bilingual materials where appropriate, and be aware of cultural differences when delivering services. Hispanic Americans deserve to take full part in their communities and language barriers should not prevent them from doing so.

Throughout our history, different groups have come to this country contributing their culture, values and skills to make the United States the rich diverse country that it is. The story of immigrants searching for a better life is a story that has been replayed countless times throughout our history, sustaining the growth of America since her beginning. Hispanic Americans continue this tradition and I am proud to have the opportunity to recognize their heritage this month.

IN RECOGNITION OF DR. HENRY WALL

- Mr. DOMENICI. Mr. President, I rise today to recognize the service of Dr. Henry Wall to New Mexican veterans. Dr. Wall recently retired from the Artesia Veterans Affairs community-based outpatient clinic after nearly 50 years of service to meeting the health care needs of Artesia residents.

Dr. Wall graduated from the University of Oklahoma in 1953 and moved to Artesia shortly thereafter. Dr. Wall’s private practice spanned from 1955 to 1991, and he became well known for his dedication to patient care, as well as for his work in his maternity practice. In fact, many Artesia residents remember his care as “You delivered me, my children, and my mom.”

In 1989, the Artesia community-based clinic was founded. The clinic was an outgrowth of legislation that I sponsored to establish six satellite veterans outpatient centers. I believed that veterans should have access to quality health care at a convenient location. Dr. Wall also saw this opening as an opportunity to serve the veterans of southeastern New Mexico. He joined the clinic’s staff and brought his care and expertise to the many veterans in the local community. Dr. Wall is a veteran himself, having served in the Marine Corps in World War II. He understands the need to provide our Nation’s veterans with superior health care.

I wish to express my gratitude to Dr. Henry Wall for his service to Artesia and to the veteran population in particular. I have frequently stated that ensuring the health and well-being of the servicemen and women, who have placed their lives in harm’s way in order to secure our freedoms, should be a commitment that Americans do not take lightly. I am proud that Dr. Wall has done his part to live up to this commitment. I am sincerely grateful for his service to New Mexico’s veterans.

TRIBUTE TO SISTER MARGARET SMITH

- Mr. DAYTON. Mr. President, today, I would like to take the opportunity to pay special tribute to an exceptional person, Sister Margaret Smith of Park Rapids, Minnesota. With great pride, Minnesotans have named Sister Margaret Minnesota’s Outstanding Older Worker for this year. This is an honor richly deserved, for Sister Margaret has spent 55 of her 80 years serving in a variety of capacities at the St. Joseph’s Area Health Services, in Park Rapids.

The award for Minnesota’s Outstanding Older Worker is conferred by Green Thumb, Inc., the Minnesota Department of Economic Security, and the Minnesota Department of Labor.

Sister Margaret is virtually an institution, a pillar at St. Joseph’s where she has touched the lives of thousands of people. With her humor, warmth, feeling for people, and dedication, she has been a support not only for appreciative patients and their families, but also for her coworkers at St. Joseph’s. Indeed, one of the affectionate nicknames conferred on her by the medical staff is “The Presence.” This is a fitting title, indeed: She was among the seven Sisters of Saint Joseph who arrived in Park Rapids in 1946 to establish a hospital, is always where she is needed, and has never missed a single day of work. Moreover, Sister Margaret is nothing if not versatile. Having been a certified radiology technician and secretary when she arrived in Park Rapids in 1945, she has worked in almost every department of the hospital, including the lab and surgery; was once St. Joseph’s administrator; and now sits on the Board of Directors.

Although she no longer performs procedures, she keeps the radiology department running smoothly by scheduling patients’ appointments; maintaining statistics, information, and activities in superb order; working with physicians to arrange radiology procedures; and supervising the department’s peer review. In the hospital at
