CAROLL W. FLORES, 2002 GUAM
TEACHER OF THE YEAR

HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 1, 2001

Mr. UNDERWOOD. Mr. Speaker, I would like to congratulate Carroll W. Flores for having been selected as the 2002 Guam Teacher of the Year, an honor annually bestowed to the island's top teacher. This program is part of the prestigious National Teacher of the Year Program which honors teachers across the country.

Having been a teacher for over two decades, Carroll is a firm believer that a teacher is given a considerable and unique chance to have a profound impact on her students. Throughout the years, she developed the ability to nurture the minds, bodies, and souls of the students placed under her guidance. This is a task as well as a gift that Carroll gladly accepts and highly appreciates.

As the instrumental music instructor and band director at F.B. Leon Guerrero Middle School for the past seventeen years, she has committed to making a positive impact on

each and every child who has been in her band program. She has taken the role of a leader in an educational adventure wherein she is able to instill a strong sense of belonging and teamwork for her students. Her classroom is designed to provide opportunities for students to assume a variety of roles and responsibilities. In addition to their music lessons, Carroll's students take part in important tasks such as taking attendance, handling class funds, and making minor repairs to their musical instruments.

Carroll also tries to make a positive influence in her students' outside activities. She has taken advantage of her unique role to encourage students to participate in community affairs. Together with students and family members, Carroll has been a longtime member of the "Voices for God" Choir. She is also actively involved with the local chapter of Mothers Against Drunk Driving and the Territorial Band Board of Directors. In addition, she also finds time to teach Catechism to adults at the Santa Barbara's Catholic Parish in Dededo, Guam.

Along with Carroll, a number of other special teachers also deserve mention. John Randolph Coffman of P.C. Lujan Elementary, Maria Cummings of Simon Sanchez High School, Alpha Espina of F.B. Leon Guerrero Middle School and Barbara Roberto of John F. Kennedy High School were named as finalists for Teacher of the Year. Mr. Speaker, I commend these people for their exemplary work. I would like to take this opportunity to extend my congratulations for a job well done.

RECOGNITION OF LIBERTY
COMMON SCHOOL

HON. BOB SCHAFFER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 1, 2001

Mr. SCHAFFER. Mr. Speaker, I rise today to recognize and honor Liberty Common School in Ft. Collins, Colorado, for its recent designation as a John Irwin Colorado School of Excellence. Liberty Common School, an elementary and junior high charter school, has received the John Irwin School of Excellence award for two consecutive years—an outstanding achievement for any school and a true testament to the high academic performance of the growing number of charter schools across the country.

Administered by the Colorado Department of Education, the John Irwin Colorado Schools of Excellence award program rewards schools with exemplary academic records. Recipients of the award are recognized for achievement in five categories: (1) performance on the Colorado Student Assessment Program (CSAP); (2) multiple local measures of academic growth; (3) effective strategies for closing achievement gaps; (4) other accreditation indicators related to academic excellence; and (5) parent/community satisfaction. The John Irwin School of Excellence award is truly a distinguished honor as only nineteen schools in Colorado, including Liberty Common School and five other charter schools, received the award this year.

Founded in 1997, Liberty Common School students have consistently performed near the top of state test scores in almost all grades and subjects. The third grade CSAP reading scores for 2001 placed 100 percent of all Liberty Common School third graders at or above proficiency. In comparison, only 72 percent of the state's third graders and 81 percent of the school district's third grade students achieved similar levels of reading proficiency.

Liberty's success can be attributed to its locally controlled educational program, dedicated teaching staff and committed parents. The school bases its academic curriculum on the Core Knowledge Sequence, a classical liberal curriculum encompassing the subjects of language arts, history, geography, mathematics, science and fine arts. Liberty parents are given the opportunity to help shape specific curriculum components and class requirements—a level of parental involvement not found in most traditional public schools. I commend Liberty Common School's Headmaster, Joe Ricciardi, and the school's committed board of directors, teachers and parents for their dedication and sacrifice, which has been critical to the school's success.

Mr. Speaker, thank you for this opportunity to celebrate the recent recognition of Liberty Common School as a recipient of the John Irwin School of Excellence award. Liberty Common School's academic achievement serves as an example to this body of why we should continue to promote greater educational choices for parents and children across this country.
