FISCAL YEAR 2002 VETERANS AFFAIRS/HOUSING AND URBAN DEVELOPMENT AND INDEPENDENT AGENCIES APPROPRIATIONS ACT

HON. JAMES H. MALONEY

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 15, 2001

Mr. MALONEY of Connecticut. Mr. Speaker, I rise today in support of the Fiscal Year 2002, VA/HUD appropriations bill. The Appropriations Committee has put together a bill that is truly bipartisan. I am proud to rise in strong support of this measure which funds such important priorities as veterans health care and benefits, needed housing initiatives, and key environmental programs. This measure also provides resources to assist state and local governments with infrastructure improvement and economic development needs.

The Central Naugatuck Valley in my district has been undergoing a major water/sewer infrastructure upgrade. I am pleased that under the State and Territorial Assistance Grant Program, \$485,000 has been appropriated for this much needed purpose.

The City of Waterbury, which operates the hub of the region's sewer system, has been burdened by the majority of the cost for these improvements. Therefore, \$260,000 (of the total \$485,000) will go to the City of Waterbury for wastewater infrastructure improvements including the cost of the new sewage treatment facility in the City which new funds, together with the \$750,000 made available through the FY 2001 VA/HUD Appropriations Act, are to be used so as to lower the sewer rates charged to system customers.

The Town of Wolcott, Connecticut is partially served by the water system of the City of Waterbury. However, the Clinton Hill Road neighborhood of Wolcott relies on well water and septic systems for their water needs. This area of town has been experiencing well failures and contamination. Under this legislation, the Town of Wolcott will receive \$125,000 (of the total \$485,000) towards the extension of the water distribution system to the Clinton Hill Road neighborhood, together with \$250,000 made available through the FY 2001 VA/HUD Appropriations Act.

The Town of Middlebury is served by dangerously inadequate rock wells. In 1999, several of the town wells went dry and MTBE contamination was discovered. The town has already secured significant state funds to extend a twelve-inch water main to the affected area of the town. \$100,000 (of the total \$485,000) will go to the Town of Middlebury to help complete their project.

Finally, I would like to also point out that \$100,000 has been appropriated for the City of Derby to assist with the restoration of the historic Sterling Opera House. Built in 1889, the Sterling was the first structure in Connecticut to be placed on the National Register of Historic Places. Today, the Opera House is suffering from 35 years of neglect. The State of Connecticut and the City of Derby have already committed a substantial sum of money to begin this restoration. The money in this bill will help the City to restore the Sterling Opera House to its original grandeur.

Mr. Speaker, I am pleased today to support this measure not only because of what it means to my District, but also for what it means to America's veterans, our environment, and those who receive vital housing assistance in order to partake in the American Dream.

CONFERENCE REPORT ON H.R. 2500, DEPARTMENTS OF COMMERCE, JUSTICE, AND STATE, THE JUDICIARY, AND RELATED AGENCIES APPROPRIATIONS ACT, 2002

SPEECH OF

HON. LUCILLE ROYBAL-ALLARD

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 14, 2001

Ms. ROYBAL-ALLARD. Mr. Speaker, I rise in support of H.R. 2500, the Commerce, Justice, State and Judiciary Appropriations Conference Report. I'd like to thank our Chairman, FRANK WOLF, and our Ranking Member, JOSE SERRANO, for putting together such a fair conference report under the significant funding constraints faced by the Committee.

As my colleagues know, one of the most critical functions of this bill is to provide resources for our law enforcement to assist them in enforcing the laws of our nation and keeping our citizens safe. The CJS bill contains the majority of funding for federal law enforcement personnel, and funds critical grant programs which get the resources out to the local law enforcement agencies which work so hard to keep our communities safe.

While we know that additional resources will be needed in the future, the bill provides significant funding to make sure that our federal law enforcement agencies, such as the Federal Bureau of Investigation, the Drug Enforcement Agency, the Immigration and Naturalization Service and the Border Patrol, have adequate funding to do their jobs in light of the tragic events on September 11th. I am particularly pleased that the bill provides important, much-needed increases for the Immigration and Naturalization Service, including an increase in the number of border patrol agents and INS inspectors, while at the same time dedicating an additional \$45 million above base funding in order to tackle the existing
