AMENDMENT No. 8: At the end of title VIII of division A (page 132, after line 15) add the following new section:

SEC. ____ (a) FINDINGS.—The Congress finds that—

(1) in times when our national security is threatened by possible attacks from foreign and domestic enemies, it is necessary that the United States have a sufficient supply of certain products that are essential for defending this Nation; and

(2) it has been the consistent intent of Congress that the Department of Defense, when purchasing items to support the Armed Forces, choose items that are wholly of domestic content and manufacture, especially items identified as essential to our national defense.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) it is vital that the United States maintain a domestic manufacturing base for certain products necessary to national security, so that our Nation does not become reliant on foreign sources for such products and thereby vulnerable to disruptions in international trade; and

(2) in cases where such domestic manufacturing base is threatened, the United States should take action to preserve such manufacturing base.
