IMPROVE THE QUALITY OF AND COST EFFICIENCY OF MEDICARE SYSTEM: SUPPORT REIMBURSEMENT FOR CERTIFIED REGISTERED NURSE FIRST ASSISTANTS

HON. MAC COLLINS

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. COLLINS. Mr. Speaker, today, I am pleased to introduce the Medicare Certified Registered Nurse First Assistant (CRNFA) Direct Reimbursement Act of 2001, which will provide equity in reimbursement for certified registered nurse first assistants who provide surgical first assisting services to Medicare patients. I introduced this legislation in the 106th Congress and am grateful that, last year, the Congress asked the General Accounting Office to study the issue and report within a year on the quality of care and cost effectiveness provided by CRNFAs. While I deeply appreciate this support, I also believe it is important to continue this effort on behalf of CRNFAs and am grateful for the fifteen colleagues that have agreed to rejoin me in this effort as original cosponsors of this legislation.

Having received more advanced education and training in first assisting than any other nonphysician provider, CRNFAs serve a vital role, directly assisting physicians with surgical procedures. Additionally, CRNFAs and RNFAs are the only providers—aside from the rare physician making house calls—who sometimes provide post-operative care by actually visiting patients at home following surgery. Thus, not only do CRNFAs have more clinical experience and education than other non-physician providers, but they also provide continuity of care to patients enabling higher quality and better patient outcomes.

CRNFAs also provide the additional benefit of cost efficiency. Health claims data from the Health Care Financing Administration (HCFA) reveal that physicians file more than 90% of the first assistant at surgery claims for Medi-

care reimbursement. Physicians receive 16 percent of the surgeon's fee for serving as a surgical first assistant. Under this legislation, CRNFAs will receive only 13.6 percent of the surgeon's fee for providing first assistant services. Furthermore, CRNFAs are equally as cost-effective as other non-physician first assisting providers who currently are reimbursed at 13.6 percent of the surgeon's fee for first assisting. Use of CRNFAs would, therefore, be a high quality yet cost-effective alternative for the nation's health care delivery system, affording additional flexibility to surgeons, hospitals and ambulatory surgery centers.

In closing, I would like to express my appreciation for the hard work of the Association of periOperative Registered Nurses (AORN) and its president, Brenda C. Ulmer, RN, MN, CNOR, in bringing this issue forward. I also thank the nurses of AORN for contacting their Representatives regarding this important bill; their help has been indispensable. As a provider of health care, the CRNFA is a viable solution for controlling rising health care costs. Working in collaborative practice with surgeons, CRNFAs are cost-effective to the patient and to the health care delivery system. I urge my colleagues to join me in supporting equity for certified registered nurse first assistants by cosponsoring the Medicare Certified Registered Nurse First Assistant Direct Reimbursement Act of 2001.

TRIBUTE TO RABBI HILLEL COHN, ON THE EVENT OF HIS RETIREMENT

HON. JOE BACA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. BACA. Mr. Speaker, this June, Rabbi Hillel Cohn will be retiring from Congregation Emanu El, in San Bernardino, after 38 years of service, having served the Congregation since 1963.

Rabbi Cohn is one of the leading citizens of the San Bernardino area. He is known throughout the nation for his outstanding sermons and his work as a fine educator, counselor and community leader.

He is known for inspiring and creative sermons, including ones that reference Bob Dylan and the Genetic Code.

I have been privileged to know Rabbi Cohn, and have found him to be a mentor, a scholar, and an inspirational man.

I have been pleased to know his family, including his nephew, Mike Steinman, who served the people of the State of California as a Legislative Aide on my staff in Sacramento.

I have had the pleasure of working with Rabbi Cohn on religious issues, and keeping him advised on the progress of legislation, including the Religious Freedom Protection Act, which I authored in California.

Rabbi Cohn is part of a remarkable history of wise and gifted rabbis who have presided over Congregation Emanu El. The Congregation and the San Bernardino Jewish Community trace their history back to the early 1850's, when the first Jewish Settlers came to Southern California. The first Jewish commu-

nity established in Southern California was in San Bernardino, and services began to be held in the 1850's, with the congregation formally being chartered in 1891.

Under Rabbi Cohn, the congregation has risen to great levels of prominence, winning national awards for the excellence of its Jewish Education program. The Congregation also operates a nationally-recognized pre-school and elementary school.

I am very pleased to have worked with Rabbi Cohn over the years, and wish him many years of blessed retirement. I am sure he will continue to grace the San Bernardino community with his scholarship and learning for many years to come. I offer my best wishes to him and his family on this occasion.

IN HONOR OF EDWIN J. KORCZYNSKI

HON. ROD R. BLAGOJEVICH

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, March 1, 2001

Mr. BLAGOJEVICH. Mr. Speaker, a decade ago, the people of the United States asked the brave men and women of our armed forces to take up an important cause in the Persian Gulf. Today, I rise to salute the achievements of a resident of my congressional district, Mr. Edwin J. "Ski" Korczynski, and to commemorate his important contributions.

Edwin was an America West Airline pilot when he served as a volunteer in Operations Desert Shield and Desert Storm, completing numerous missions in the Civil Reserve Air Fleet and Military Airlift Command operation, where civilian airliners were used for lift capability. As a pilot and flight engineer attached to the Military Airlift Command located at Scott Air Force Base, Korczynski helped transport military personnel and supplies vital to the Kuwaiti liberation effort. For his efforts, Pilot Korczynski was awarded the Civilian Desert Shield and Desert Storm medal for Outstanding Achievement as a Pilot/Flight Engineer flying CRAF/MAC missions. Although he is an honorably discharged United States Marine, Korczynski was not an activated reservist during this conflict, but was instead a volunteer committed to the cause.

The five daughters of what is known as the "Korczynski Krew"; Ediane M. Ayers, Kimberly A. Boersma, Elizabeth A. Haak, Bethany A. Korczynski, and Megan M. Korczynski, are understandably proud of their father, as he is of them. As they go about their daily lives in this great nation, they are thankful for the service of their father and his colleagues and comrades who have served in the uniform of this nation's armed services. It is particularly their father's willingness to volunteer which they know is so important to the fabric of our neighborhoods and is an example which is important whether in military service or community service.

Though it has been a decade since those operations in the Persian Gulf, Edwin Korczynski continues to volunteer his time and energy, first as Squadron Commander, United States Air Force/Civil Air Patrol/Lake in the Hills Composite Squadron/IL #482. He is also
