

The managers' amendment inserts into section 701 authorizing certain ship transfers, a subsection authorizing the transfer of four KIDD-class guided missile destroyers to Taiwan. This provision was accidentally omitted from the bill at the Committee's business meeting. In fact, these ship transfers, and the others in this bill, have already been enacted in the defense authorization act. The Foreign Relations Committee is the committee of jurisdiction on this matter, so we do that in this bill.

One issue that is not addressed in this bill, but that is of considerable interest to Senator MILKULSKI and others, is the need for a Center for Antiterrorism and Security Training in the Department of State. We tried to get funding for this in Fiscal Year 2001, but the executive branch went to the wrong subcommittee of the Appropriations Committee and this center fell between the cracks. Now, as our Antiterrorism Assistance Program increases its course offerings for security personnel from friendly countries, the need for a training center is greater than ever. The Security Assistance Act may not be the best vehicle in which to address this issue, but I want to assure my good friend from Maryland that we work on this and that we will assure the State Department of our support for a new center.

Even with the managers' amendments this is a good bill that will contribute to our national security. I am happy to urge support of it and I am very pleased that my colleagues appear ready to approve it.

Mr. REID. I ask consent the amendment be agreed to, the bill be read the third time and passed, and the motion to reconsider be laid upon the table, with no intervening action or debate, and any statements be printed in the RECORD.

The PRESIDENT pro tempore. Without objection, it is so ordered.

The amendment (No. 2695) was agreed to.

(The amendment is printed in today's RECORD under "Amendments Submitted and Proposed.")

The bill (S. 1803), as amended, was read the third time and passed.
