

a \$5 trillion debt. Only in Washington, D.C., only here in the Nation's capital can a \$5 trillion debt somehow magically transform itself into a \$5 trillion surplus. That is new math at its finest. I do not know about you, but where I went to school in Texas, that just does not add up.

According to my figures, in order to have a \$5 trillion surplus, we would need to have \$10 trillion in the bank. But as our friend Chris Farley might have said, "We don't have Jack Squat." We need tax cuts in America. I support tax cuts in America. The Blue Dogs support tax cuts in America. But let us be responsible. We need a budget before we have tax cuts. We need to do what every family farmer does and every family business. Every family in America has a budget first. Mr. Speaker, let us formulate a budget first. Then we will give America the tax break that it deserves.
